4. State tuition aid grants shall be awarded by the State Scholarship Commission to all eligible applicants without any limitation on the number to be awarded in any year other than the amount of appropriations available therefor. In the event that the amount appropriated is insufficient for awards to all eligible applicants in selecting among the eligible applicants, the State Scholarship Commission shall consider need and demonstrated scholastic ability.

2. Section 7 of the act of which this act is amendatory is amended to read as follows:

C. 18A:71-47 Award of grant; eligibility; amount; effective income.

7. A college tuition aid grant shall be awarded annually to each eligible, qualified full-time student enrolled in a curriculum leading to a degree in an institution of collegiate grade in New Jersey approved or accredited by the State Board of Higher Education in accordance with the following:

to the scholarship commission that the grant is essential to his carrying out his plans for attending college. No student shall be eligible for grants in more than the equivalent of 8 semesters of undergraduate education. No student shall be eligible for grants unless he maintains such minimum standards of academic performance as are required by the institution in which he is enrolled. No student shall be eligible for a tuition aid grant who is enrolled in a course of study leading to a degree in theology, divinity or religious education.

In the event a student for any reason ceases to continue to be enrolled or otherwise becomes ineligible during the course of an academic year, he shall cease to be eligible for tuition aid.

No recipient of a State competitive scholarship shall receive any tuition aid grant for any academic period for which he has been awarded a State competitive scholarship.

The amount of grant to be paid for each semester or equivalent shall be based on the figure represented by the effective income of the eligible student together with the effective income of the parent or parents providing a majority of the eligible student's support.

"Effective income" of the eligible student and his parents shall be defined as total income subject to Federal income tax less personal dependent exemptions and standard or itemized deductions as eligible under Federal income tax regulations pursuant to the United States Internal Revenue Code as amended with a further allowance of \$400.00 for each dependent.

if any, which shall be declared for each class of account. Such dividends shall be taken only from the net income or from the undivided profits account. Dividends shall be apportioned to members' accounts upon a compound interest plan. Dividends shall be made available to members by adding the same to their accounts, except where otherwise provided by this act, but in no event shall dividends be made available to the members earlier than the eighth calendar day prior to the closing of the period for which said dividends are paid.

Notwithstanding any other provision of this act, the board of any State association, may by resolution, authorize the payment of dividends on amounts withdrawn from savings accounts between the dates as of which such association regularly distributes earnings on savings accounts, provided that dividends paid on any amount so withdrawn, shall not be paid for any greater portion of the dividend period than that during which such amount remains in such association, nor at a rate in excess of the rate at which earnings, exclusive of any reward profit, are distributed on savings accounts for the dividend period in which such amount is so withdrawn.

(b) State associations issuing installment share accounts may declare dividends to accounts of other classes at a rate less than, but no more than, the rate declared to installment share accounts for the same period, unless the board has adopted a reward profit plan in which event all dividends, except those provided for under the reward profit plan, shall be declared at the same rate. Notwithstanding any other provisions of this act, a State association may apportion dividends to installment share accounts at other than a regular dividend period for the purpose of maturing such accounts; provided, however, that the amount of dividends so apportioned shall be no greater than the pro rata share of income for the current period applicable for dividend purposes to such accounts.

(c) Notwithstanding any other provisions of this act, a State association may, if its by-laws so provide, exclude from dividends, either or both of the following classes of accounts:

(1) Those having a participation value of less than \$50.00. Such accounts may be placed in, or transferred to, an account designated as a "nondividend account;" provided, however, that the State association shall maintain a list of the names of the savings members and the amounts credited to such savings members in such "nondividend account."

(2) Those which are issued under a plan whereby they will be withdrawn within 24 months from the date upon which they are issued, or it may credit dividends to such accounts according to a schedule which it may establish, provided that such schedule shall not result in the crediting of dividends to any of such accounts at a rate greater than that applicable to any class of accounts, other than those described in subsection (c) of this section.

3. Section 133 of the act of which this act is amendatory (C. 17:12B-133) is amended to read as follows:

The board of an association may classify savings deposits and savings accounts as to notice, amount and term, and may determine to pay different rates of earnings with respect to savings deposits and savings accounts in different classes. All accounts of the same type and class shall be paid the same rate of earnings. Such earnings of dividends may be described as interest.

Any such State association requiring notice prior to the

resulted in the destruction or contamination to the extent of rendering the water supply below standards for potable water as promulgated by the New Jersey Department of Health of a well used for potable water supply, which well gave an adequate and satisfactory supply of water prior to the construction or maintenance by the Department of Transportation with respect to the said State highway, and whenever the State Highway Engineer has determined that the construction or maintenance by the Department of Transportation with respect to the said State highway, was the primary cause of the destruction or contamination of the well and that it was or is necessary to construct a new well or provide a substitute potable water supply and has or shall evidence such determination by a proper certificate so stating, the Commissioner of the Department of Transportation, in order to relieve the owner of a serious hardship, is authorized to pay such part of the cost of constructing a new well or providing a substitute potable water supply as, in the opinion of the Commissioner of the Department of Transportation, the principles of right and justice may require. Any funds heretofore or hereafter appropriated to the Department of Transportation for the purpose of acquiring right-of-way may be used to make payments under this act. When several wells have been destroyed by the same State highway construction or maintenance by the Department of Transportation and the Commissioner of the Department of Transportation deems it to be in the best interests of the State, the Commissioner of the Department of Transportation is authorized to enter into a contract or contracts for the purpose of actually constructing new wells or providing the

The judgment of the Commissioner of the Department of Transportation on the question of whether or not any compensation shall be made under this act shall be final.

CHAPTER 56

AN ACT to amend and supplement "An act providing for the retirement of certain persons holding office, position or employment in State penal institutions and providing a pension for such persons and their dependents," passed June 24, 1941 (P. L. 1941, c. 220), as said Title was amended by chapter 193 of the laws of 1943.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 1 of the act of which this act is amendatory is amended to read as follows:

C. 43:7-7 Rate of retirement pay for certain prison officers.

1. Hereafter, any such prison officer, as hereinafter set forth, who shall have served in the employ of the State of New Jersey continuously, or in the aggregate, for a period of 20 years, and who shall have attained the age of 55 years, shall, upon his own application, be retired on $\frac{1}{2}$ pay, or 2% of his average final compensation multiplied by the number of years of his creditable service up to 25 plus 1% of his average final compensation multiplied by the number of years of creditable service in excess of 25 years rendered prior to his reaching age 65, whichever is greater.

2. Section 2 of the act of which this act is amendatory is amended to read as follows:

C. 43:7-8 "Prison officer" defined.

2. For the purpose of this act, the words "prison officer" mean and include any prison officer, reformatory officer, farmer guard, disciplinarian, identification prison officer, center keeper, marshal, superintendent, chief deputy, head farmer, herdsman, truck farmer, commissary officer, any uniformed officer, trade instructor, and any employee who has the custody of inmates in State penal institutions. No person employed on or after January 1, 1960 shall be eligible for membership in the Prison Officers' Pension Fund.

Membership in the Prison Officers' Pension Fund shall continue for any present member as long as his position, from whence he holds membership in the fund, continues to be in the State Department of Institutions and Agencies.

"Average final compensation" shall mean the average annual compensation for which contributions are made by a member to the fund for the 3 years immediately preceding his retirement, or in the event that he has been contributing for less than 3 years, the average pay he received during the time he was a contributing member.

3. Section 3 of the act of which this act is amendatory is amended to read as follows:

C. 43:7-9 Pension of widow, children or dependent parents of deceased prison officer.

3. In the event that such prison officer, who, having paid into the fund the full amount of his annual assessments or contributions, shall die as a result of injuries or illness received or incurred in the performance of his duties; or in the event that any such prison officer shall have served in the employ of the State in the aggregate for 5 years, and has paid into the fund the full amount of his annual assessments or contributions, has died or shall die from causes other than injuries or illness received or incurred in the performance of his duties; or in the event that any prison officer shall have been retired and pensioned under the provisions of this act and shall die; then and in each of such events, but subject to the limitations hereinafter provided, a pension in an amount of \$1,600.00 annually shall be paid to the widow, children under the age of 18 years, or dependent parents, as the case may be; provided, however, that no pension shall be paid to any widow if she married her deceased husband after the date of his retirement or after he shall have arrived at the age of 55 years. The pension

as aforesaid shall be paid to the widow during her natural life unless she remarries. In the event that there shall be no widow surviving said employee, or no widow qualified to take under this act, or in the event that the said widow shall subsequently die, or remarry, and said employee shall have left him surviving children under the age of 18 years, then and in such event, the payments to said children under the age of 18 years shall be made as follows: If there be but one child the sum of \$80.00 shall be paid to such child monthly until he or she shall arrive at the age of 18 years; if there are 2 children or more, \$1,600.00 annually shall be paid to such children who have not attained the age of 18 years, in equal shares. In the event that there is no widow and no children under the age of 18 years, at the time of the death of such prison officer, then such pension shall be paid to the dependent parent, or parents, if any, of such deceased prison officer.

4. Section 6 of the act of which this act is amendatory is amended to read as follows:

C. 43:7-12 Pension of permanently disabled prison officers.

6. Any such prison officer who shall have received permanent disability as a direct result of a traumatic event occurring while performing his regular or assigned duties shall be retired upon an accidental disability pension equal to $\frac{2}{3}$ of his average final compensation if an application for such retirement is filed by such member or by the department within 5 years after the date of such traumatic event or the commission may consider an application filed after the 5-year period if it can be factually demonstrated to the satisfaction of the commission that the disability is due to the accident and the filing was not accomplished within the 5-year period due to a delayed manifestation of the disability or other circumstances beyond the control of the member.

A member who shall have served honorably and who shall have become permanently and totally incapacitated for service for any cause other than as a direct result of a traumatic event occurring during the performance of duty, shall, upon approval of his application, or the application of the department, be retired on a non-accident disability pension equal to $\frac{1}{2}$ of his average final compensation. Permanent and total disability resulting from a cardiovascular, pulmonary or musculo-skeletal condition which was not a direct result of a traumatic event occurring in the performance of duty shall be deemed a nonaccident disability.

A member seeking to retire on an accident disability or nonaccident disability pension shall make application to the commission in writing; or the commission may, upon application of the department, cite any such member before it to examine such member concerning his alleged disability and in either case the commission shall call to its assistance the aid of a surgeon or physician, and the member may likewise call to his aid a regularly licensed and practicing physician or surgeon. The chairman of the commission is authorized to administer oaths to such physicians or surgeons or any other person called with respect to the matter before the commission. If the 2 physicians or surgeons so called fail to agree upon the physical or mental condition of the member, the commission may call a third and disinterested, licensed and practicing physician or surgeon, and the determination of a majority of such surgeons or physicians, after they shall have been duly sworn in the case, shall be reduced to writing and signed by them. The determination shall specify whether or not such member is permanently disabled from performing his usual duty and any other available duty in the department which the department is willing to assign to him, at a salary no less than that paid to him in his present position, and whether or not his permanent disability is a direct result of a traumatic event occurring during the performance of his duty. The commission shall determine by resolution whether the member is fit for the performance of his usual duty or such other duty, at a salary no less than that paid to him in his present position, in the department which the department is willing to assign to him and if it is determined that he is unfit for such duty or there is no available duty which he could perform then he shall be entitled to the benefits of this section. In determining whether the member should be retired on a disability pension, the commission shall consider the physicians' or surgeons' determination in arriving at its decision.

The commission may require any member who is less than 55 years of age and who shall have been retired on an accident disability or nonaccident disability pension to submit to a physical examination twice a year for a period of 3 years and once a year thereafter in order to determine whether or not the disability which existed at the time that he was retired still exists. Such examination shall be made in accordance with the same procedure in the instance of the examination made by virtue of a member's application for retirement for disability. If the physicians or surgeons or a majority of them report that the member is able to perform either his

former usual duties, if such be available, or such other available duties, at a salary equal in amount to the salary paid to him just prior to his retirement, in the department which the department shall assign to him, the pensioner shall report for such duty within 10 days after receipt of notice of the commission's determination thereon, and be reinstated to duty at the salary prevailing for his former position at the time of his reinstatement and thereupon his pension payments shall cease. If the pensioner fails to submit to a medical examination or fails to return to duty within 10 days after receiving either request or within such further time as may be allowed by the commission for valid reason, his pension payments shall be discontinued during such default. Any pensioner who may be of the opinion that he has recovered from the disability which existed at the time of his retirement may request and be granted an examination by the commission at any time and if it be found by the physicians or surgeons or a majority of them that he be fit for his usual duty or any other available duty, at a salary equal in amount to the salary paid to him just prior to his retirement in the department which the department is willing to assign to him and the commission concurs therein then he shall be reinstated thereto, if such be available, at the salary prevailing for his former position at the time of his reinstatement and thereupon his pension payment shall cease.

5. Section 7 of the act of which this act is amendatory is amended to read as follows:

C. 43:7-13 Creation of pension fund.

7. For the purpose of paying the pensions, a fund shall be created as follows:

(a) There shall be deducted from every payment of salary to a prison officer benefited by this act, 6% of the amount thereof.

(b) That the State shall pay into said fund yearly an amount equal to 6% of the total salaries paid to the said prison officers who shall benefit by this act, which amount shall be submitted to the Legislature yearly by the pension commission. The Legislature shall make an appropriation sufficient to provide for such obligation of the State;

(c) There shall be added to such fund all fines imposed upon any such prison officer, all money donated to the fund, all moneys deducted from the salary of such prison officers because of absence or loss of time due to suspension, and $\frac{1}{2}$ of all rewards paid for any purpose to such prison officers;

(d) If there shall not be sufficient money in the fund so created, the Legislature shall include in any appropriation bill a sum sufficient to meet the requirements of the fund for the time being;

(e) All pensions granted under this article shall be exempt from any State or municipal tax, levy and sale, garnishment or attachment, or any other process whatsoever, and shall be unassignable.

C. 43:7-10.1 Payment of member's contributions to beneficiary under certain circumstances.

6. In the event of death before retirement and no benefits are payable under any provision of this act or the act to which this act is amendatory and supplementary, the member's contributions will be paid to the member's beneficiary, if living, as the member shall have nominated by written designation duly executed and filed with the pension fund, otherwise to the executor or administrator of the member's estate.

In the event of death before retirement and benefits are payable to eligible beneficiaries under other provisions of this act or the act to which this act is amendatory and supplementary, in no case shall the aggregate of such benefits be less than that provided under this section.

7. The changes in benefits provided by sections 1, 4, and 6 of this amendatory and supplementary act shall apply only to pensions hereafter granted.

8. This act shall take effect on the second biweekly pay period following its enactment, except that the increase in the benefits payable to widows, children and dependent parents of deceased members provided by section 3 of this amendatory and supplementary act shall take effect on the first day of the month 30 days subsequent to its enactment.

Approved May 21, 1969.

AN ACT to authorize any domestic life insurance company to invest its capital, surplus and other funds, or any part thereof, in an expanded class of subsidiaries and amending chapter 201 of the laws of 1967 (c. 17:24-17 et seq.).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 4 of P. L. 1967, chapter 201 (c. 17:24-20) is amended to read as follows:

C. 17:24-20 Investment in subsidiary corporations.

4. In addition to the authority expressly contained in this chapter and notwithstanding any limitation contained in this chapter, any domestic life insurance company may invest in the voting stock of one or more subsidiaries, as provided in this section.

a. As used in this section the following terms shall have the following meanings: (1) "voting stock" as used with reference to any corporation means shares of stock of any class which entitles the holder thereof to vote at all elections of directors of the corporation, and shall include voting trust certificates, certificates of deposit, interim receipts and other similar instruments representing such stock; (2) "subsidiary" means a corporation of which a majority of the voting stock is owned or controlled by a domestic life insurance company, or by one or more subsidiaries of such life insurance company or by such life insurance company and one or more subsidiaries of such life insurance company.

b. The business of a subsidiary, whether or not it is organized under the laws of this State, shall be limited to that authorized for a corporation organized under any law of this State except that 'subsidiary' shall not include any bank organized pursuant to the

laws of this State, and shall not include any national bank maintaining its principal office in this State.

c. No investment in the voting stock of any subsidiary shall be retained by a domestic life insurance company or by any of its subsidiaries unless at least a majority of the voting stock of such subsidiary is owned or controlled by such life insurance company or by one or more subsidiaries of such life insurance company or by such life insurance company and one or more subsidiaries of such life insurance company.

d. The investments of such subsidiary, whether or not it is itself an insurance company, when added, on a basis proportional to the life insurance company's interest in such subsidiary, to the investments of such life insurance company (referred to herein as the "controlling insurer") shall not cause the investments of the controlling insurer to exceed any of the limitations applicable to domestic life insurance companies contained in this chapter. Notwithstanding the foregoing limitations of this paragraph d, any such subsidiary shall be permitted to invest in the voting stock of one or more other corporations if:

(A) after such investment, such subsidiary, the controlling insurer and all other subsidiaries of the controlling insurer shall own at least a majority of the voting stock of such other corporation and such other corporation would, within the meaning of this section, constitute a permitted subsidiary of the controlling insurer, or

(B) the proportion of such investment attributable to the controlling insurer pursuant to this paragraph d could then have been made in the same manner by the controlling insurer under any other provision of this chapter.

e. The investment in such subsidiary shall not tend substantially to lessen competition or tend to create a monopoly.

f. Such subsidiary shall not be used directly or indirectly to promote the private interests of any officer or director of such life insurance company except that compensation may be paid by any subsidiary to officers and directors of such life insurance company for services rendered when such compensation is authorized by the board of directors of such subsidiary and approved by the board of directors of such life insurance company.

g. The aggregate amount invested by the controlling insurer in the voting stock of all subsidiaries pursuant to this section together with the aggregate amount of all other investments of the controlling insurer in such subsidiaries, valued at cost, shall not exceed

5%, or with the approval of the commissioner 10%, of the total admitted assets of such life insurance company as of December 31 next preceding.

h. No investment in voting stock of any subsidiary shall be made by such life insurance company or any subsidiary thereof pursuant to this section unless a notice of intention to make such proposed investment is filed with the commissioner not less than sixty days, or such shorter period as may be permitted by the commissioner, in advance of such proposed investment, nor shall any such investment be made if the commissioner at any time prior thereto finds that the proposed investment does not meet the requirements of this section or determines, in his sole discretion, that such proposed investment would be contrary to the best interests of policyholders or the public; provided that after an investment in voting stock has been made pursuant to this section, no notice of intention to make further investments in the voting stock or other securities of the same subsidiary shall be required, and such further investments may be made subject to the limitations contained in paragraph d and paragraph g of this section. The commissioner shall have the power to conduct periodic examinations and require reports in connection with the operation of subsidiaries and, if he shall determine either that the interest of policyholders or the public so requires or that the investments of any subsidiary do not comply with the requirements of this section, to order that a domestic life insurance company or any subsidiary thereof dispose of its investment in any subsidiary or that any subsidiary dispose of any non-complying investments, in each case within a reasonable period of time.

2. This act shall take effect immediately.

When the registered office is changed, or when the registered agent is changed, or dies, resigns or becomes disqualified, the corporation shall, by resolution of the board, forthwith fix the address of the new registered office or designate the successor registered agent or both, as the case may be.

(2) Such corporation shall forthwith file in the office of the Secretary of State a certificate executed on behalf of the corporation setting forth

(a) the use of such consent is permitted by the certificate of incorporation; and

(b) the shareholders who so consent would be entitled to cast at least the minimum number of votes which would be required to take such action at a meeting at which all shareholders entitled to vote thereon are present.

Prompt notice of such action shall be given to all shareholders who would have been entitled to vote upon the action if such meeting were held.

(2) Regular meetings of the board may be held with or without notice as prescribed in the by-laws. Special meetings of the board shall be held upon such notice as is prescribed in the by-laws. Notice of any meeting need not be given to any director who signs a waiver of notice, whether before or after the meeting. The attendance of any director at a meeting without protesting prior to the conclusion of the meeting the lack of notice of such meeting shall constitute a waiver of notice by him. Neither the business to be transacted at, nor the purpose of, any meeting of the board need be specified in the notice or waiver of notice of such meeting unless required by the by-laws. Notice of an adjourned meeting need not be given if the time and place are fixed at the meeting adjourning and if the period of adjournment does not exceed ten days in any one adjournment.

(3) Any or all directors may participate in a meeting of the board or a committee of the board by means of conference telephone or any means of communication by which all persons participating in the meeting are able to hear each other, unless otherwise provided in the certificate of incorporation or the by-laws.

8. N.J.S. 14A:7-6 is amended to read as follows:

Redeemable shares.

14A:7-6. Redeemable shares.

(1) A corporation may provide in its certificate of incorporation for one or more classes or series of shares which are redeemable, in whole or in part, at the option of the corporation in cash, its bonds or other property, at such price or prices, within such period or periods, and under such conditions as are stated in the certificate of incorporation. If so provided in its certificate of incorporation, a corporation may create a sinking fund for the redemption of any class or series of redeemable shares.

(2) A corporation which is an open-end investment company, as defined in an Act of Congress entitled "Investment Company Act of 1940", as amended or supplemented, or any act adopted in substitution therefor, may, if its certificate of incorporation so provides and upon compliance with that act, issue shares which are redeemable at the option of the holder at a price approximately equal to the shares' proportionate interest in the net assets of the corporation, and a shareholder may compel redemption of such shares in accordance with their terms.

(3) A corporation may provide, in its original certificate of incorporation or by an amendment approved by unanimous vote of the shareholders, for one or more classes or series of shares which are redeemable, in whole or in part, at the option of the shareholder. Subject to the restrictions imposed by section 14A:7-16, such shares may be redeemable in cash, bonds of the corporation or other property, at such price or prices, within such period or periods and under such conditions as are stated in the certificate of incorporation, and such shares may also be redeemable at the option of the corporation, as provided in subsection 14A:7-6(1). The certificate of incorporation may be amended to delete or change a provision for shares redeemable at the option of the shareholder only with the unanimous approval of the holders of such shares. A provision for shares redeemable at the option of the shareholder shall become invalid when the number of holders of such shares, other than directors, officers, employees and the spouses of such persons, shall become 25 or more. For the purposes of the preceding sentence, shares which are held in joint or common tenancy or by the entireties shall be counted as held by one holder. The provisions of this subsection shall not be applicable to an open-end investment company.

(4) If a provision for shares redeemable at the option of the holder shall have become invalid as provided in subsection 14A:7-6(3), the board shall amend the certificate of incorporation to delete such provision by filing a certificate of amendment in the office of the Secretary of State. The certificate shall be executed on behalf of the corporation and shall set forth

- (a) the name of the corporation;
- (b) the date of adoption of the amendment;
- (c) the deleted provision; and
- (d) that the provision for shares redeemable at the option of the holder has become invalid because the number of holders of such shares, other than directors, officers, employees and the spouses of such persons, has become 25 or more.

The corporation shall thereupon give written notice of such invalidity to each holder of shares which have ceased to be redeemable at the option of the holder.

9. N.J.S. 14A:7-7 is amended to read as follows:

Share rights and options.

14A:7-7. Share rights and options.

(1) Subject to any provisions in respect thereof set forth in its certificate of incorporation, a corporation may create and issue, whether or not in connection with the issuance and sale of any of its shares or bonds, rights or options entitling the holders thereof to purchase from the corporation shares of any class or series for such consideration and upon such terms and conditions as may be fixed by the board. The shares to be purchased upon the exercise of any such right or option may be authorized but unissued shares, treasury shares or shares to be purchased or acquired by the corporation for the purpose. Such rights or options shall be evidenced in such manner as the board shall approve and, without limiting the generality of the foregoing, may be evidenced by warrants attached to or forming part of bond instruments or share certificates or existing independently thereof. The instruments evidencing such rights or options shall set forth or incorporate by reference the terms and conditions of their exercise, including the time or times, which may be limited or unlimited in duration, within which, and the price or prices at which such shares may be purchased from the corporation, and any limitations on the transferability of any such right or option. The

consideration for shares to be purchased upon the exercise of any such right or option shall comply with the requirement of sections 14A:7-4 and 14A:7-5. In the absence of fraud in the transaction, the judgment of the board as to the adequacy of the consideration received for such rights or options shall be conclusive.

(2) If such rights or options are to be issued to employees as defined in subsection 14A:8-1(2), or to their families, dependents or beneficiaries, pursuant to a plan, the provisions of Chapter 8 of this act govern their issuance. Without a plan, a corporation may also issue such rights or options to any such employee, as an incentive to service or continued service of any such employee, provided that no such employee, together with his dependents and beneficiaries, shall receive in the aggregate rights and options entitling him to more than 1% of each class of shares of the corporation except with shareholder approval.

10. N.J.S. 14A:7-17 is amended to read as follows:

Disclosure to shareholders upon certain distributions or earned surplus transactions.

14A:7-17. Disclosure to shareholders upon certain distributions or earned surplus transactions.

(1) Every dividend or other distribution from a source in whole or in part other than earned surplus, and every share dividend or other distribution of shares of the corporation, except a share dividend paid out of earned surplus, shall be accompanied by a written notice disclosing the amounts by which such dividend or distribution affects stated capital, capital surplus and earned surplus, or, if such amounts are not determinable at the time of such notice, disclosing the approximate effect of such dividend or distribution upon stated capital, capital surplus and earned surplus and stating that such amounts are not yet determinable.

(2) A corporation which applies any part or all of its capital surplus to the reduction or elimination of any deficit in its earned surplus, as permitted by subsection 14A:7-20(3), shall disclose such application in each financial statement covering the period in which such application is made that is furnished by the corporation to any of its shareholders, and in any event to all its shareholders within 6 months of the date of such application.

(3) Failure of the corporation to comply in good faith with the provisions of this section shall make it liable for any damage sustained by any shareholder in consequence thereof.

11. N.J.S. 14A:8-1 is amended to read as follows:

Employee benefit plans.

14A:8-1. Employee benefit plans.

(1) A corporation may, in the manner prescribed in section 14A:8-2, establish and carry out wholly or partly at its expense, any one or more of the following plans for the benefit of some or all employees of the corporation or any subsidiary thereof and their families, dependents or beneficiaries

(a) plans providing for the sale or distribution of its shares of any class or series, held by it or issued or purchased by it for the purpose, including stock option, stock purchase, stock bonus, profit-sharing, savings, pension, retirement, deferred compensation and other plans of similar nature, whether or not such plans also provide for the distribution of cash or property other than its shares;

(b) plans providing for payments solely in cash or property other than shares of the corporation, including profit-sharing, bonus, savings, pension, retirement, deferred compensation and other plans of similar nature; and

(c) plans for the furnishing of medical service; life, sickness, accident, disability or unemployment insurance or benefits; education; housing; social and recreational services; and other similar aids and services.

(2) The term "employees" as used in this Chapter means employees, officers, directors, and agents of the corporation or any subsidiary thereof, or other persons who are or have been actively engaged in the conduct of the business of the corporation or any other subsidiary thereof, including any who have retired, become disabled or died prior to the establishment of any plan heretofore or hereafter adopted.

C. 14A:8-1.1 Continuance, alteration, or amendment of benefit plan.

12. A corporation which on January 1, 1969 was lawfully carrying out or participating in a plan of a type described in New Jersey Statute 14A:8-1 or any alteration of such a plan, may continue to do so, but any amendment shall require shareholder approval to the same extent as if such plan had been originally established in accordance with the requirements of Chapter 8 of the New Jersey Business Corporation Act.

13. N.J.S. 14A:9-5 is amended to read as follows:

Restated certificate of incorporation.

14A:9-5. Restated certificate of incorporation.

(1) A corporation may restate and integrate in a single certificate the provisions of its certificate of incorporation as theretofore amended, including any provision effected by a merger or consolidation and any further amendments as may be adopted concurrently with the restated certificate.

(2) If the proposed restated certificate merely restates and integrates, but does not further amend the certificate of incorporation as theretofore amended, it may be adopted by the board.

(3) If the proposed restated certificate restates and integrates and also further amends the certificate of incorporation as theretofore amended, such restated certificate shall be adopted in the following manner:

(a) the board shall approve the proposed restated certificate and direct that it be submitted to a vote at a meeting of the shareholders;

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. P. L. 1959, chapter 123, section 4 (C. 17:35A-9) is amended to read as follows:

C. 17:35A-9 Investment of assets; eligibility; definition.

4. (a) The assets held in a variable contract account, or any part thereof, may be invested in

(i) Common stock or shares of any investment company specified in the contract or contracts participating in such variable contract account, and registered under the Investment Company Act of 1940, whether or not such stock or shares satisfy the dividend or earnings history requirements now or hereafter contained in the provisions of Title 17 of the Revised Statutes that regulate investments by domestic life insurance companies; provided that, at the time of the first purchase of such stock or shares of any such investment company, the life insurance company which maintains such account, or a subsidiary or affiliate of such insurance company, shall be the investment manager or investment adviser of such investment company and, as long as such life insurance company which maintains such account, or any subsidiary or affiliate of such life insurance company, shall continue as such investment manager or investment adviser, the investments acquired by such investment company shall be such as would be eligible for investment of variable contract account assets by domestic life insurance companies under the provisions of this section excluding this clause (i);

(ii) Other investments made eligible for investment by domestic life insurance companies by the provisions of Title 17 of the Revised Statutes that regulate investments by domestic life insurance companies, except for investments made eligible by the provision of chapter 24 of said Title which

permits a domestic life insurance company to make loans or investments not otherwise expressly qualified or permitted up to 2% of total admitted assets, as such provision may be amended from time to time, or any similar or superseding provision corresponding in substance thereto; and

(iii) Investments authorized, specifically or by classes or otherwise by the commissioner as appropriate to the nature and purpose of such variable contract account;

provided that (A) any common stock or shares, other than common stock or shares referred to in clause (i) of this subsection issued by an open-end investment company, shall be (1) common stock or shares which are listed or admitted to trading on a securities exchange in the United States of America or Canada, or (2) common stock or shares which are included on the National Association of Securities Dealers' national price listings of "over-the-counter" securities, or (3) other common stock or shares which the commissioner shall have determined are publicly held and traded and as to which market quotations shall be available; (B) the quantitative investment limitations now or hereafter contained in Title 17 of the Revised Statutes regulating investments by domestic life insurance companies shall not be applicable to variable contract account investments, subject to the qualification that the provision contained in said Title limiting the percentage of voting stock of any one corporation that may be purchased or acquired by a domestic life insurance company, as such provision may be amended from time to time, or any similar or superseding provision corresponding in substance thereto, shall apply (subject to the provisions of section 3 of chapter 24 of said Title as such provisions may be amended from time to time, or any similar or superseding provisions corresponding in substance thereto), with respect to the aggregate of the voting stock of any one corporation held in all accounts of such life insurance company except for all such stock that may be voted at the direction of a person or persons, other than such life insurance company or any subsidiary or affiliate of such life insurance company; and provided further that, subject to the next succeeding paragraph of this subsection, no domestic life insurance company shall purchase for any variable contract account any security (other than common stock or shares referred to in clause (i) of this subsection issued by an open-end investment company) of any corporation, if after such purchase more than 10% of the market value of the assets of such variable contract account would be invested in the securities of such corporation.

Notwithstanding the foregoing provisions of this section or any other provision of law, a domestic life insurance company may (i) invest the assets, or any part thereof, held in a variable contract account established and maintained solely for a single group contract holder or solely for group contracts that do not provide variable benefits to individuals based on the investment results of such account in any investment or investments authorized by the contract or contracts participating in such account, subject only to clause (B) of the proviso in the next preceding paragraph of this subsection relating to the percentage of voting stock of any one corporation that may be purchased or acquired, and (ii) vote any stock or shares held in such an account in accordance with the instructions of such person or persons designated pursuant to such contract or contracts participating in such account. For the purpose of this paragraph, a single group contract holder does not include, except with the consent of the commissioner, an association of individuals, or the representative thereof, as the holder of a contract in which individual participation is voluntary.

Except as otherwise provided in this subsection, the investments held in the variable contract accounts of any domestic life insurance company shall be disregarded in determining whether the other investments of such life insurance company comply with the provisions of Title 17 of the Revised Statutes that regulate investments by domestic life insurance companies as such provisions may be amended from time to time, or any similar or superseding provisions corresponding in substance thereto.

(b) Notwithstanding any other provision of law, in order to comply with the Investment Company Act of 1940, a domestic life insurance company may, with respect to any variable contract account or any portion thereof,

(i) Exercise any voting rights of any stock or shares in accordance with instructions from the persons having the beneficial interests in such account ratably according to their respective interests in such account, or

(ii) Establish a committee for such account, the members of which may be directors or officers or other employees of such insurance company, or persons having no such relationship to such insurance company, or any combination thereof, who may be elected to such membership by the vote of the persons having the beneficial interests in such account ratably according to their respective interests in such account. Such committee may have the power, which may be exercisable alone or

in conjunction with others, or which may be delegated to such insurance company or any other person, as investment manager or investment adviser, to authorize purchases and sales of investments for such account, provided that as long as such life insurance company or any subsidiary or affiliate of such life insurance company shall be the investment manager or investment adviser of such account, the investments of such account shall be eligible under the provisions of subsection (a) of this section. If compliance with the Investment Company Act of 1940 shall involve only a portion of a variable contract account, such insurance company may establish such a committee for only such portion, and its members may be elected by the vote of the persons having the beneficial interests in such portion. Any such committee for only a portion of a variable contract account may be given the further power to require the subdivision of such account into 2 accounts so that the portion of the account with respect to which such committee shall be acting shall constitute a separate variable contract account. If such committee shall so require, the insurance company shall segregate from the account being so subdivided a portion of each asset held with respect to the reserve liabilities of such account. Such portion shall be in the same proportion to the total of such asset as the reserve liability for the portion of the account with respect to which such committee is acting bears to the total reserve liability of such account; and notwithstanding any other provision of law, the assets so segregated shall be transferred to a separate variable contract account with respect to which such committee shall act.

(c) The investments and liabilities of a variable contract account shall at all times be clearly identifiable and distinguishable from the other investments and liabilities of the corporation. No sale, transfer or exchange of investments may be made between a variable contract account and any other investment account of the corporation, except with the prior consent of the commissioner, and no investments of a variable contract account shall be pledged or transferred as collateral for a loan.

(d) The term "Investment Company Act of 1940" as used in this section shall mean an Act of Congress approved August 22, 1940 entitled "Investment Company Act of 1940" as amended from time to time, or any similar statute enacted in substitution therefor.

2. This act shall take effect immediately.

Approved June 26, 1969.

CHAPTER 114

AN ACT providing for an interstate agreement on qualifications of educational personnel between the State of New Jersey and other States and supplementing chapter 26 of Title 18A of the New Jersey Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

C. 18A:26-11 Enactment of interstate agreement.

Section 1. The interstate agreement on qualification of educational personnel contained herein is hereby enacted into law and entered into with all other jurisdictions legally joining therein in substantially the same form, to apply to all teaching staff members who must meet requirements of certification pursuant to section 1 of chapter 1 and sections 1 and 2 of chapter 26 of Title 18A of the New Jersey Statutes.

ARTICLE I

PURPOSE, FINDINGS AND POLICY

C. 18A:26-12 Purpose, findings and policy.

1. The States party to this agreement, desiring by common action to improve their respective school systems by utilizing the teacher or other professional educational person wherever educated, declare that it is the policy of each of them, on the basis of co-operation with one another, to take advantage of the preparation and experience of such persons wherever gained, thereby serving the best interests of society, of education, and of the teaching profession. It is the purpose of this agreement to provide for the development and execution of such programs of co-operation as will facilitate the movement of teachers and other professional educational personnel among the States party to it, and to authorize specific interstate educational personnel contracts to achieve that end.

2. The party States find that included in the large movement of population among all sections of the Nation are many qualified educational personnel who move for family and other personal reasons but who are hindered in using their professional skill and

experience in their new locations. Variations from State to State in requirements for qualifying educational personnel discourage such personnel from taking the steps necessary to qualify in other States. As a consequence, a significant number of professionally prepared and experienced educators is lost to our school systems. Facilitating the employment of qualified educational personnel, without reference to their States of origin, can increase the available educational resources. Participation in this compact can increase the availability of educational manpower.

ARTICLE II

DEFINITIONS

C. 18A:26-13 Definitions.

As used in this agreement and contracts made pursuant to it, unless the context clearly requires otherwise:

(a) "Educational personnel" means persons who must meet requirements pursuant to State law as condition of employment in educational programs.

(b) "Designated State official" means the education official of a State selected by that State to negotiate and enter into, on behalf of his State, contracts pursuant to this agreement.

(c) "Accept," or any variant thereof, means to recognize and give effect to one or more determinations of another State relating to the qualifications of educational personnel in lieu of making or requiring a like determination that would otherwise be required by or pursuant to the laws of a receiving State.

(d) "State" means a State, territory, or possession of the United States; the District of Columbia; or the Commonwealth of Puerto Rico.

(e) "Originating State" means a State (and the subdivision thereof, if any) whose determination that certain educational personnel are qualified to be employed for specific duties in schools is acceptable in accordance with the terms of a contract made pursuant to Article III.

(f) "Receiving State" means a State (and the subdivisions thereof) which accept educational personnel in accordance with the terms of a contract made pursuant to Article III.

ARTICLE III

INTERSTATE EDUCATIONAL PERSONNEL CONTRACTS

C. 18A:26-14 Interstate educational personnel contracts.

1. The designated State official of a party State may make one or more contracts on behalf of his State with one or more other party States providing for the acceptance of educational personnel. Any such contract for the period of its duration shall be applicable to and binding on the States whose designated State officials enter into it, and the subdivisions of those States, with the same force and effect as if incorporated in this agreement. A designated State official may enter into a contract pursuant to this article only with States in which he finds that there are programs of education, certification standards or other acceptable qualifications that assure preparation or qualification of educational personnel on a basis sufficiently comparable, even though not identical to that prevailing in his own State.

2. Any such contract shall provide for:

(a) Its duration.

(b) The criteria to be applied by an originating State in qualifying educational personnel for acceptance by a receiving State.

(c) Such waiver, substitutions, and conditional acceptances as shall aid the practical effectuation of the contract without sacrifice of basic educational standards.

(d) Any other necessary matters.

3. No contract made pursuant to this agreement shall be for a term longer than 5 years but any such contract may be renewed for like or lesser periods.

4. Any contract acceptance by a receiving State of educational personnel on the basis of the completion by educational personnel of a program of educational preparation shall specify the earliest date or dates on which originating State approval of the program or programs involved can have occurred. No contract made pursuant to this agreement shall require acceptance by a receiving State of any persons qualified because of successful completion of a program prior to January 1, 1954.

5. The certification or other acceptance of a person who has been accepted pursuant to the terms of a contract entered into pursuant to this agreement shall not be revoked or otherwise impaired because the contract has expired or been terminated; provided, however, that any receiving State may revoke or suspend any certificate or other qualifying document on any ground which would be

sufficient for revocation or suspension of a certificate or other qualifying document initially granted or approved in the receiving State.

6. A contract committee composed of the designated State officials of the contracting States or their representatives shall keep the contract under continuous review, study means of improving its administration, and report no less frequently than once a year to the appropriate education agencies of the contracting States.

ARTICLE IV

APPROVED AND ACCEPTED PROGRAMS

C. 18A:26-15 Approved and accepted programs.

1. Nothing contained in this agreement shall be construed to repeal or otherwise modify any law or regulation of a party State relating to the approval of programs of educational preparation having effect solely on the qualification of educational personnel within that State.

2. To the extent that contracts made pursuant to this agreement deal with the educational requirements for the proper qualification of educational personnel, acceptance of a program of educational preparation shall be in accordance with such procedures and requirements as may be provided in the applicable contract.

ARTICLE V

INTERSTATE CO-OPERATION

C. 18A:26-16 Interstate co-operation.

1. The party States agree that they will, so far as practicable, prefer the making of multilateral contracts pursuant to Article III of this agreement.

2. The party States agree that they will facilitate and strengthen co-operation in interstate certification and other elements of educational personnel qualification and for this purpose shall co-operate with agencies, organizations, and associations interested in certification and other factors relevant to the qualifications of educational personnel.

ARTICLE VI

AGREEMENT EVALUATION

C. 18A:26-17 Agreement evaluation.

The designated State officials of any party States may meet from time to time as a group to evaluate progress under the agreement, and to formulate recommendations for changes.

ARTICLE VII

OTHER ARRANGEMENTS

C. 18A:26-18 Other arrangements.

Nothing contained in this agreement shall be construed to prevent or inhibit other arrangements or practices of any party State or States to facilitate the interchange of educational personnel.

ARTICLE VIII

EFFECT AND WITHDRAWAL

C. 18A:26-19 Effect and withdrawal.

1. This agreement shall become effective when enacted into law by 2 States. Thereafter it shall become effective as to any State upon its enactment of this agreement.

2. Any party State may withdraw from this agreement by enacting a statute repealing the same, but no such withdrawal shall take effect until 1 year after the Governor of the withdrawing State has given notice in writing of the withdrawal to the Governors of all other party States.

3. No withdrawal shall relieve the withdrawing State of any obligation imposed upon it by a contract to which it is a party. The duration of contracts and the methods and conditions of withdrawal therefrom shall be those specified in their terms.

ARTICLE IX

CONSTRUCTION AND SEVERABILITY

C. 18A:26-20 Construction and severability.

This agreement shall be liberally construed so as to effectuate the purposes thereof. The provisions of this agreement shall be severable and if any phrase, clause, sentence, or provision of this agreement is declared to be contrary to the constitution of any State or of the United States, or the application thereof to any

government, agency, person, or circumstance is held invalid, the validity of the remainder of this agreement and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this agreement or any provision thereof shall be held contrary to the constitution of any State participating therein, the agreement shall remain in full force and effect with respect to the State affected as to all severable matters.

C. 18A:26-21 "Designated State official" defined; approval of contracts.

Section 2. The "designated State official" for this State shall be the Secretary of the State Board of Examiners. The designated State official shall enter into contracts pursuant to Article III of the agreement only with the approval of the specific text thereof by the State Board of Education upon recommendation by the State Board of Examiners and the Commissioner of Education.

C. 18A:26-22 Filing of copies of contracts; publication.

Section 3. True copies of all contracts made on behalf of this State pursuant to the agreement shall be kept on file in the office of the Secretary of the State Board of Examiners and in the office of the Secretary of State. The State Department of Education shall publicize all such contracts in the New Jersey Register.

C. 18A:26-23 Short title.

Section 4. This act shall be known and may be cited as the Interstate Transfer of Teacher Credentials Act.

Section 5. This act shall take effect immediately.

Approved June 26, 1969.

Senate Bill No. 813 is a supplemental appropriations bill for the
fiscal year ending June 30, 1969. If approved, Senate Bill No. 813
would authorize the satisfaction of twenty-two claims filed against
the State of New Jersey, some of which have been vigorously op-
posed and contested by the State administrative agency involved.

I have decided, for the reasons stated herein, to delete entirely the
contested claims from Senate Bill No. 813, which I have signed
today. I wish to make it absolutely clear that my action is in no way
a determination of the merits of these claims. From the record
presented to me, it would have been absolutely impossible to make

such a determination. Indeed, it is my desire that no prejudice whatsoever should attach to the rights of the claimants to present their claims again, either before a new forum or once again to appropriations subcommittee.

I have previously urged you, in my message of January 14, 1969, concerning Senate Bill No. 892 (1968), to undertake a reformation of existing claims procedures. In that message I suggested that a minimal augmentation of the present procedures—in lieu of a sweeping change in the entire system—should include the following items:

(1) Equitable ground rules should be established in advance and made readily available to the parties;

(2) At least a majority of the members of a subcommittee on claims should actually *hear* the claims presented to the subcommittee;

(3) Subcommittee conclusions should contain complete findings of fact in regard to fault or indebtedness on the part of the State and the extent of compensable losses occasioned thereby, or some similar recitation of the basis upon which a claim is denied or reduced;

(4) Claimants, state agencies involved, and all members of the Legislature should be served with copies of the report of the claims subcommittee; and

(5) Each contested claim approved by the subcommittee and the full joint appropriations committee should be presented to the full Legislature as a separate supplemental appropriations bill, so that the vote of each legislator may be recorded with respect to each claim.

As I have said in the past, these reforms are the essential minimum to insure an adequate and equitable consideration of contested claims by the Legislature and by the Governor. At present, information presented to the Legislature prior to consideration of claims is so cursory that a number of legislators have informed me that they did not even realize that any of the claims included were contested.

I am not unaware of the heavy burden that thorough adjudication of these claims would place on the Legislature, particularly on the members of the claims subcommittee, but I do feel that change in this procedure is necessary, in fact, essential. Since the Legislature has not seen fit to act on my suggestions for reform in its own procedure, I am prepared to recommend and support a new approach, namely, that the Legislature consider eliminating the doctrine of sovereign immunity as a bar to claims against the State based on

contractual liability. It seems to me that removal of these contractual claims to the courts would guarantee a fair adjudication to both parties and, most importantly, to the citizens of the State.

The courts of this State have carved significant exceptions to previously held rigid notions of sovereign immunity and are increasingly reluctant to accept the doctrine as an absolute bar to litigation against the State. As recently as 1967, Chief Justice Weintraub commented as follows: "Suffice it to say that today courts are disposed to hear an action against the State unless good reason stands in the way." *O'Neill v. State Highway Department*, 50 N. J. 307, 315 (1967). The reason for this disposition of our courts may be found in the potential for unintentional abuse and injustice that inheres in every claim of sovereign immunity as a bar to litigation. Thus, the Appellate Division stated in *Interstate Wrecking Co., Inc. v. Palisades Interstate Park Commission*, 103 N. J. Super. 394, 405 (App. Div., 1968):

"The State should not be able to shield itself from liability arising in an ordinary business transaction with one of its instrumentalities by invoking the immunity doctrine. To do so would mean that anyone doing business with any such instrumentality would be doing so at their peril."

A proposal to abolish the doctrine of sovereign immunity in respect to contractual liability is embodied in Assembly Bill No. 821 introduced into the present session with bi-partisan support. With a few minor changes I could support this legislation and I would urge the appropriate legislative committee to give it public hearings and serious consideration. If the concept of this bill were adopted, the forum to which claimants and the State would then have recourse would be the courts of our State—honored and time-tested "triers of facts." Neither taxpayer, nor claimant, nor the State would have serious ground to challenge the objectivity of the impartial fact-finding of our courts.

Respectfully,

RICHARD J. HUGHES,

Governor.

Attest:

ALAN J. KARCHER,

Acting Secretary to the Governor.

CHAPTER 116

AN ACT to amend "The Economic Poison Act of 1951," approved July 17, 1951 (P. L. 1951, c. 316).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 4 of P. L. 1951, chapter 316 (C. 4:8A-4) is amended to read as follows:

C. 4:8A-4 Registration of economic poisons; refusal or cancellation.

4. (a) Every economic poison which is distributed, sold, or offered for sale within this State or delivered for transportation or transported in intrastate commerce or between points within this State through any point outside this State shall be registered annually in the office of the State Chemist. All registration of products shall expire on December 31, following date of issuance, unless such registration shall be renewed annually, in which event expiration date shall be extended for each year of renewal registration, or until otherwise terminated; provided, that within the discretion of the State Chemist, or his authorized representative, a change in the labeling or formulas of an economic poison may be made within the current period of registration, without requiring a re-registration of the product;

(b) The registrant shall file with the State Chemist a statement including:

(1) The name and address of the registrant and the name and address of the person whose name will appear on the label, if other than the registrant;

(2) The name of the economic poison;

(3) A complete copy of the labeling accompanying the economic poison and a statement of all claims made and to be made for it and a statement of directions for use; and

(4) If requested by the State Chemist, or his authorized representative, a full description of the tests made and the results thereof upon which the claims are based. In the case of renewal of registration, a statement shall be required only with respect to information which is different from that furnished when the product was registered or last reregistered.

(c) The registrant before selling or offering for sale any economic poison in this State, shall register each brand of economic poison

with the State Chemist upon forms furnished by that office, and for the purpose of defraying expenses connected with the enforcement of this act, shall pay an inspection fee of \$5.00 for each such brand registered and for each such registration which is renewed, in any calendar year. A certificate of registration shall be issued when a registration has been accepted.

(d) The State Chemist, or his authorized representative, whenever it is deemed essential in the administration of this act, may require the submission of the complete formula of any economic poisons. If it appears to the State Chemist, or his authorized representative, that the composition of the article is such as to warrant the proposed claims for it and if the product and its labeling and other material required to be submitted comply with the requirements of this act, he shall register the product.

(e) If it does not appear to the State Chemist, or his authorized representative, that the product is such as to warrant the proposed claims for it or if the product and its labeling and other material required to be submitted do not comply with the provisions of this act or the rules and regulations issued thereunder, he shall notify the registrant of the manner in which the product, labeling, or other material required to be submitted fail to comply with the act or the rules and regulations issued thereunder, so as to afford the registrant an opportunity to make the necessary corrections. If, upon receipt of such notice, the registrant insists that such corrections are not necessary and requests in writing that the article be registered, the State Chemist shall register the article, under protest, and such registration shall be accompanied by a warning, in writing, to the registrant of the apparent failure of the article to comply with the provisions of this act, or the rules and regulations issued thereunder.

(f) The State Chemist is authorized and empowered to refuse to register, or to cancel the registration of, any brand of economic poison as herein provided, upon satisfactory proof that the registrant has been guilty of fraudulent and deceptive practices in the evasions or attempted evasions of the provisions of this act or any rules and regulations promulgated thereunder: Provided, that no registration shall be revoked or refused until the registrant shall have been given a hearing by the State Chemist.

(g) Nothing in this act shall be construed to restrict or avoid sales or exchanges of economic poisons to each other by importers, manufactures, or manipulators who mix economic poison materials for sale or as preventing the free and unrestricted shipment of

economic poisons to manufacturers or manipulators who have registered their brands as required by the provisions of this act.

2. Section 8 of P. L. 1951, chapter 316 (C. 4:8A-8) is amended to read as follows:

C. 4:8A-8 Penalties for violations.

8. (a) Any person violating section 3 (a) (1) of this act shall be subject to a penalty of not more than \$200.00.

(b) Any person violating any provisions of this act other than section 3 (a) (1) or failing to comply with any of the provisions of this act other than section 3 (a) (1) or violating or failing to comply with any rule or regulation adopted under the provisions of this act, shall be subject to a penalty of not more than \$100.00 for the first offense and upon conviction for a subsequent offense shall be subject to a penalty of not less than \$100.00 or more than \$500.00 for each subsequent offense; provided, that any offense committed more than 5 years after a previous conviction shall be considered a first offense. The registration of the article with reference to which the violation occurred shall terminate automatically upon entry of judgment by the court against the violator. An article the registration of which has been terminated may not again be registered unless the article, its labeling, and other material required to be submitted appear to the State Chemist, or his authorized representative, to comply with all the requirements of this act.

(c) Notwithstanding any other provisions of this section, in case any person, with intent to defraud, uses or reveals information relative to formulas of products acquired under authority of section 4 of this act, he shall be subject to a penalty of not more than \$500.00 or shall be imprisoned for not more than 1 year or both.

(d) Upon receiving any information of a violation of any part of this act other than a violation involving a weighed or measured deficiency or the rules and regulations issued thereunder, the secretary, or any assistant designated by him for such purpose, is empowered to hold hearings, formal or informal, upon said violation and upon finding the violation to have been committed, to assess a penalty against the person alleged to have committed such violation, in an amount not to exceed the maximum limit set forth in this section as the secretary deems proper under the circumstances. In the event the violator makes satisfactory settlement, no further prosecution shall be had upon that violation. Payment of a penalty, in the form of a settlement, shall be deemed equivalent to a conviction for a violation of this act. Violations not settled in this manner, may be referred to the court of competent jurisdiction. Nothing in this act

shall be construed as requiring the State board or its authorized agent to report for prosecution or for the institution of seizure proceedings as a result of minor violations of the act when it believes that the public interest will best be served by a suitable written warning.

3. This act shall take effect January 1, 1970.

Approved June 27, 1969.

(2) The enforcement by a dissenting stockholder of his right to receive payment for his shares shall exclude the enforcement by such dissenting stockholder of any other right to which he might otherwise be entitled by virtue of share ownership, except as provided in subsection (2) of section 8 and except that this subsection shall not exclude the right of such dissenting stockholder to bring or maintain an appropriate action to obtain relief on the ground that consummation of the plan of acquisition will be or is ultra vires, unlawful or fraudulent as to such dissenting stockholder.

C. 17:9A-364 Determination of fair value by agreement.

10. Determination of fair value by agreement.

12-month period ended on the date of such balance sheet or, if the participating bank was not in existence for such 12-month period, for the portion thereof during which it was in existence. The participating bank may accompany such mailing with a written offer to pay each dissenting stockholder for his shares at a specified price deemed by such bank to be the fair value thereof. Such offer shall be made at the same price per share to all dissenting stockholders of the same class, or, if divided into series, of the same series.

(2) If, not later than 30 days after the expiration of the 10-day period limited by subsection (1) of this section, the fair value of the shares is agreed upon between any dissenting stockholder and the participating bank, payment therefor shall be made upon surrender of the certificate or certificates representing such shares.

C. 17:9A-365 Procedure on failure to agree upon fair value; commencement of action to determine fair value.

11. Procedure on failure to agree upon fair value; commencement of action to determine fair value.

(1) If the fair value of the shares is not agreed upon within the 30-day period limited by subsection (2) of section 10, the dissenting stockholder may serve upon the participating bank a written demand that it commence an action in the Superior Court for the determination of such fair value. Such demand shall be served not later than 30 days after the expiration of the 30-day period so limited and such action shall be commenced by the participating bank not later than 30 days after receipt by such bank of such demand, but nothing herein shall prevent such bank from commencing such action at any earlier time.

(2) If a participating bank fails to commence the action as provided in subsection (1) of this section, a dissenting stockholder may do so in the name of such bank, not later than 60 days after the expiration of the time limited by subsection (1) of this section in which such bank may commence such an action.

C. 17:9A-366 Action to determine fair value; jurisdiction of court; appointment of appraiser.

12. Action to determine fair value; jurisdiction of court; appointment of appraiser.

In any action to determine the fair value of shares pursuant to this act:

(a) The Superior Court shall have jurisdiction and may proceed in the action in a summary manner or otherwise;

(b) All dissenting stockholders, wherever residing, except those who have agreed with the participating bank upon the price to be paid for their shares, shall be made parties thereto as an action against their shares quasi in rem;

(c) The court in its discretion may appoint an appraiser to receive evidence and report to the court on the question of fair value, who shall have such power and authority as shall be specified in the order of his appointment; and

(d) The court shall render judgment against the participating bank and in favor of each stockholder who is a party to the action for the amount of the fair value of his shares.

C. 17:9A-367 Judgment in action to determine fair value.

13. Judgment in action to determine fair value.

(1) A judgment for the payment of the fair value of shares shall be payable upon surrender to the participating bank of the certificate or certificates representing such shares.

(2) The judgment shall include an allowance for interest at such rate as the court finds to be equitable, from the day of the meeting of stockholders of the participating bank at which the plan of acquisition was approved to the day of payment. If the court finds that the refusal of any dissenting stockholder to accept any offer of payment made by the participating bank under section 10 was arbitrary, vexatious or otherwise not in good faith, no interest shall be allowed to him.

C. 17:9A-368 Costs and expenses of action.

14. Costs and expenses of action.

The costs and expenses of bringing an action pursuant to section 11 shall be determined by the court and shall be apportioned and assessed as the court may find equitable upon the parties or any of them. Such expenses shall include reasonable compensation for and reasonable expenses of the appraiser, if any, but shall exclude the fees and expenses of counsel for and experts employed by any party; but if the court finds that the offer of payment made by the participating bank under section 10 was not made in good faith, or if no such offer was made, the court in its discretion may award to any dissenting stockholder who is a party to the action reasonable fees and expenses of his counsel and of any experts employed by the dissenting stockholder.

C. 17:9A-369 Disposition of shares.

15. Disposition of shares.

Upon payment for shares pursuant to subsection (2) of section 10, or upon payment of a judgment pursuant to subsection (1) of

section 13, the participating bank making such payment shall acquire all the right, title and interest in and to such shares, notwithstanding any other provision of law. Shares so acquired by the participating bank shall be disposed of as a stock dividend as provided by section 212 of the Banking Act of 1948, P. L. 1948, chapter 67.

CHAPTER 119

AN ACT concerning motor vehicles and reciprocal relations with other jurisdictions with respect to motor vehicle fees and taxation, and amending sections 39:3-6 and 39:3-15 and supplementing chapter 3 of Title 39, of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 39:3-6 of the Revised Statutes is amended to read as follows:

Registration fee required for vehicles registered in another jurisdiction; regulations.

39:3-6. Except as otherwise provided by reciprocity agreement or arrangement entered into by the director or by a declaration issued by him, no motor vehicle or motor-drawn vehicle registered in another jurisdiction which requires the payment of a registration fee or fees or taxes of any other nature from an owner of a similar vehicle properly registered in this State for the operation of such vehicle on the highways of such other State, shall be operated on the highways of this State unless a fee is paid to the director, equal in amount to the fee or tax collected by the authorized official or body of such other jurisdiction for the operation on its highways of the motor vehicle or motor-drawn vehicle properly registered in this State. In the event that the fee or tax collected by such other jurisdiction is imposed for the registration of the vehicle therein, then in no case shall the fee paid to the director be less than the amount now or hereafter provided for by the laws of this State for the registration of a similar vehicle. The director shall from time to time promulgate such regulations as may be necessary for the effective enforcement of this section.

2. Section 39:3-15 of the Revised Statutes is amended to read as follows:

Operation of motor vehicle by nonresident; exceptions; seasonal permits.

39:3-15. A nonresident owner of any motor vehicle or motor-drawn vehicle which has been registered in accordance with the laws respecting the registration of motor vehicles of the jurisdiction in which the nonresident resides, and which has conspicuously displayed thereon the registration number thereof, may, without complying with the provisions of this subtitle with respect to registration and equipment, operate or permit the operation of such vehicle in this State during such portion of the entire year as the free operation of a similar type of vehicle belonging to a resident of this State and registered in compliance with the laws of this State, and whose registration number is conspicuously displayed thereon, is permitted in the jurisdiction of the nonresident; provided that such vehicle is not:

- (a) Used for the transportation of persons for hire, compensation or profit, or
- (b) Regularly operated in carrying on business within this State.
- (c) Designed, used or maintained primarily for the transportation of property.

The foregoing shall not apply to a vehicle leased by an owner engaged in the business of leasing such vehicles.

Any vehicle properly registered in, and having conspicuously displayed on it the registration number issued by, another jurisdiction may be operated on the highways of this State without complying with the provisions of this subtitle with respect to registration during such portion of the entire year as the director shall determine to be the normal period of seasonal employment in agricultural pursuits, provided a special permit is obtained from the director for such operation which may be issued to any applicant who satisfies the director that he is engaged in such employment, and upon the payment of a fee of \$1.00.

Except as otherwise provided by reciprocity agreement or arrangement entered into by the director or by a declaration issued by him, the privilege of operation in this State of motor vehicles or motor-drawn vehicles belonging to nonresidents extended by this act shall not permit the intrastate operation of any truck, road tractor, truck tractor or trailer and semitrailer of the commercial type, except that a trailer or semitrailer duly registered in another jurisdiction is extended the privilege of intrastate operation when being drawn by a truck, road tractor, or truck tractor registered in

accordance with the provisions of Revised Statutes 39:3-20 and provided that the gross weight of the combination of vehicles, including load, does not exceed the maximum weight allowed by the registration certificate of the drawing vehicle registered in this State. The owner or driver of any vehicle used in intrastate operations not permitted by this section shall be deemed to be in violation of Revised Statutes 39:3-4 and subject to the penalties prescribed in said section.

C. 39:3-6.1 Definitions.

3. As used in this act unless other meaning is clearly apparent from the language or context, or unless inconsistent with the manifest intention of the Legislature:

“Commercial vehicle” means any vehicle which is operated in interstate commerce and used for the transportation of persons for hire, compensation or profit, or designed or used primarily for the transportation of property.

“Jurisdiction” means and includes a State, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country and a state or province of a foreign country.

“Properly registered,” as applied to place of registration, means:

(a) The jurisdiction where the person registering the vehicle has his legal residence, or

(b) In the case of a commercial vehicle, the jurisdiction in which it is registered if the commercial enterprise in which such vehicle is used has a place of business therein and, if the vehicle is most frequently dispatched, garaged, serviced, maintained, operated or otherwise controlled in or from such place of business and, the vehicle has been assigned to such place of business, or

(c) In the case of a commercial vehicle, the jurisdiction where, because of an agreement or arrangement between 2 or more jurisdictions, or pursuant to a declaration, the vehicle has been registered as required by said jurisdiction.

In case of doubt or dispute as to the proper place of registration of a vehicle, the division shall make the final determination, but in making such determination, the division may confer with departments of the other jurisdictions affected.

“Fleet” means 3 or more commercial vehicles.

The words “division,” “motor vehicle,” “person,” “vehicle,” and “owner” shall each have the meanings ascribed to them respectively by Revised Statutes 39:1-1.

The director shall promulgate regulations, after public hearing, establishing definitions of other words and terms as may be necessary for the administration of this act.

C. 39:3-6.2 Director's authority to enter into agreements.

4. The director shall have the authority to execute or make arrangements, agreements or declarations to carry out the provisions of this act.

The director may enter into an agreement or arrangement with the duly authorized representatives of other jurisdictions, granting to vehicles or to owners of vehicles which are properly registered or licensed in such jurisdictions, and for which evidence of compliance is supplied, benefits, privileges and exemptions from the payment, wholly or partially, of any taxes, fees, or other charges imposed upon such vehicles or owners with respect to the operation or ownership of such vehicles under the laws of this State. Such an agreement or arrangement shall provide that vehicles properly registered or licensed in this State, when operated upon highways of such other jurisdiction, shall receive exemptions, benefits and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in such jurisdiction when operated in this State. Each such agreement or arrangement shall, in the judgment of the director be in the best interest of this State and the citizens thereof and shall be fair and equitable to this State and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this State from the uninterrupted flow of commerce.

C. 39:3-6.3 Certain provisions authorized.

5. An agreement or arrangement entered into, or a declaration issued under the authority of this act may contain provisions authorizing the registration or licensing in another jurisdiction of vehicles located in or operated from a base in such other jurisdiction which vehicles otherwise would be required to be registered or licensed in this State; and in such event the exemptions, benefits and privileges extended by such agreement, arrangement or declaration shall apply to such vehicles, when properly licensed or registered in such base jurisdiction.

C. 39:3-6.4 Agreements for payment of fees on apportionment basis; rules and regulations.

6. If any jurisdiction permits or requires the licensing of fleets of vehicles in interstate or combined interstate and intrastate commerce and payment of registration fees, license taxes or other

fixed fees thereon on an apportionment basis commensurate with and determined by the miles traveled on and the use made of said jurisdiction's highways, as compared with the miles traveled on and the use made of other jurisdictions' highways or any other equitable basis of apportionment, and exempts vehicles registered in other jurisdictions under such apportionment basis from the requirements of full payment of its own registration, license or other fixed fees, then the director may, by agreement, adopt such exemption with respect to vehicles of such fleets, whether owned by residents or nonresidents of this State and regardless of where based. Such agreements, under such terms, conditions or restrictions as the director deems proper, may provide that owners of vehicles operated in interstate or combined interstate and intrastate commerce in this State shall be permitted to pay registration, license or other fixed fees on an apportionment basis, commensurate with and determined by the miles traveled on and the use made of the highways of this State as compared with the use made of the highways of other jurisdictions or any other equitable basis of apportionment. The director may adopt and promulgate such rules and regulations as he shall deem necessary to effectuate and administer the provisions of this section, and the registration of fleet vehicles under this section shall be subject to the rights, terms and conditions granted by or contained in any applicable agreement, arrangement or declaration made by the director.

C. 39:3-6.5 Director's authority in absence of agreement.

7. In the absence of an agreement or arrangement with another jurisdiction, the director may examine the laws and requirements of such jurisdiction and declare the extent and nature of exemptions, benefits and privileges to be extended to vehicles properly registered or licensed in such other jurisdiction, or to the owners of such vehicles, which shall, in the judgment of the director be in the best interest of this State and the citizens thereof, and which shall be fair and equitable to this State and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this State from the uninterrupted flow of commerce.

C. 39:3-6.6 Provisions for leased vehicles.

8. An agreement or arrangement entered into, or a declaration issued under the authority of this act, may contain provisions under which a leased vehicle properly registered by the lessor thereof may be entitled, subject to terms and conditions stated therein, to the

exemptions, benefits and privileges extended by such agreement, arrangement or declaration.

C. 39:3-6.7 Reciprocity in absence of agreement; application to commercial vehicles.

9. After July 1, 1969 if no agreement, arrangement or declaration is in effect with respect to another jurisdiction as authorized by this act, any vehicle properly registered or licensed in such other jurisdiction, and for which evidence of compliance is supplied, shall receive, when operated in this State, the same exemptions, benefits and privileges granted by such other jurisdiction to vehicles properly registered in this State. Reciprocity extended under this section shall apply to commercial vehicles only when engaged exclusively in interstate commerce, except as to a foreign registered trailer or semitrailer in intrastate commerce when hauled by a truck, road tractor, or truck tractor registered with the director in conformity with Revised Statutes 39:3-20.

C. 39:3-6.9 Filing of written agreements.

11. All agreements, arrangements or declarations, or amendments thereto, shall be in writing and shall be filed in the office of the director. CHAPTER 121

AN ACT creating a commission to study obscenity and depravity in public media, prescribing its powers and duties, and making an appropriation therefor.

WHEREAS, In recent years there has been great and growing public concern over the dissemination through various public media of materials designed for the arousal of or pandering to the most lewd, obscene depraved and antisocial tendencies in human nature, primarily those materials which debase and defile man's sexual nature and those which exhibit a morbid interest in callous and senseless cruelty, brutality and violence; and,

WHEREAS, Technological advances in the media whereby such materials obtain rapid and widespread distribution, together with changes in psychological and legal concepts regarding the nature and effects of and permissible limitations upon such materials have rendered obsolete most of the statutory and case law heretofore developed on this subject; and,

WHEREAS, Within the past year, new Federal Supreme Court decisions in this field and various legal and sociological studies have indicated that concepts of adequate control over such material are still in a process of change and that there is need to establish them upon a settled and comprehensive basis consistent with both social order and constitutional liberty of expression; and,

WHEREAS, The Legislature of this State, which has declared (P. L. 1962, c. 166, § 1) that the dissemination of such immoral and obscene material to minors constitutes a "clear and present danger to the people of this State," created in 1960 a commission which studied this subject and reported in 1962 its findings and recommendations, which resulted in partial updating of our State law on this subject at that time; and,

WHEREAS, Continuing rapid development in this field led to the creation by the Legislature (P. L. 1966, c. 316) of a new study commission in 1966, which commission, however, has been allowed to lapse without accomplishing its purpose, and,

WHEREAS, It is essential to sound and rational legislation on this complex and controversial subject that a comprehensive and authoritative study, incorporating the best and most recent

thinking on the subject, be available to the Legislature; now, therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. There is created a commission to study obscenity and depravity in public media. The commission shall consist of 9 members: 3, including 2 members of the Senate, shall be appointed by the President of the Senate; 3, including 2 members of the General Assembly, shall be appointed by the Speaker of the General Assembly; 3 shall be appointed by the Governor. All appointments shall be made not later than the thirtieth day following the effective date of this act. No more than 2 in each group of 3 appointments by the President of the Senate, Speaker of the General Assembly and Governor, respectively, shall be of the same political party. Each member appointed from either House of the Legislature shall serve as long as he is a member of the House from which he was appointed. Vacancies in the membership of the commission shall be filled in the same manner as the original appointments were made.

2. Members of the commission shall serve without compensation, but they shall be entitled to reimbursement for any actual and necessary expenses incurred in the performance of their duties.

3. The commission shall organize not later than the forty-fifth day following the effective date of this act, and shall elect a chairman from among its members and a secretary who need not be a member of the commission. If on the date set for organization of the commission there shall be any vacancies in the authorized membership of the commission then so many members as on that date have been appointed shall be competent to organize and proceed with the business of the commission; but no official act of the commission shall be undertaken without the approval of a majority of the authorized membership thereof.

4. It shall be the duty of the commission to conduct a comprehensive survey and study of the dissemination in this State of obscene and depraved matter through the public media, and of the actual condition of law and law-enforcement activities designed to control such dissemination; to compile, review and evaluate the legal, psychological and sociological knowledge bearing upon the accurate and objective definition of materials whose dissemination should and legally can be prohibited or controlled in the interest of public morality, decency and order; to recommend to the Legislature what, if any, new legislation or changes in existing legisla-

tion ought to be enacted in order to place the State's regulation of such material upon a sound, rational and beneficial basis. Within the scope of its study the commission shall give particular attention to:

(a) Evaluating, on the basis of available data and knowledge, and to the extent that such data and knowledge make such evaluation feasible, the degree of actual danger which may be anticipated from the tendency of obscene and depraved material disseminated through the public media to incite its audiences—and in particular juvenile and immature audiences—to violent or immoral acts, or to corrupt the character and judgment of such audiences;

(b) Assaying the feasibility, in light of recent Federal Supreme Court decisions, of establishing a system for the review and classification of motion pictures with regard to their suitability for presentation to immature audiences;

(c) Considering the desirability of establishing a permanent commission for the continuing review of law and law-enforcement activities relating to obscenity and depravity in public media, to the end that the State's efforts in this field may benefit from a close attention to changing concepts and techniques in this area.

5. The commission shall be entitled to call to its assistance and avail itself of the services of such employees of any State, county or municipal department, board, bureau, commission or agency as it may require and as may be available to it for said purpose, and to employ such legal, stenographic, technical and clerical assistants and to incur such traveling and other miscellaneous expenses as it may deem necessary, in order to perform its duties, and as may be within the limits of funds appropriated or otherwise made available to it for said purposes.

6. The commission shall have all the powers provided by the provisions of chapter 13 of Title 52 of the Revised Statutes.

7. The commission may meet and hold hearings at such place or places as it shall designate during the sessions or recesses of the Legislature and shall report its findings to the Governor and the Legislature, accompanying the same with any legislative bills which it may desire to recommend for adoption by the Legislature, on or before the expiration of the sixth month following organization of the commission.

8. There is hereby appropriated to the commission the sum of \$15,000.00 or so much thereof as may be necessary for said purpose to carry out the purpose of this act.

9. This act shall take effect immediately.

Approved June 30, 1969.

shall be subject to the inspection of the board of taxation of that county at all times during business hours.

This tabulation shall not be included among the ratables of the county or any taxing district for any purpose other than the collection of the taxes imposed according to the provisions of this subtitle. Each treasurer of a county in which a bank maintains an office shall collect from such bank the portion of the tax imposed against the common capital stock of the bank as provided in section 54:9-13 of this Title. When a bank has an office or offices in more than one taxing district in a county, tax collected by the treasurer

of such county shall be apportioned by such treasurer $\frac{1}{2}$ to such county, and $\frac{1}{2}$ to the taxing districts in which such bank has an office or offices, each such taxing district being entitled to that proportion of $\frac{1}{2}$ of the tax collected by the county treasurer, as the deposit balances at all offices of such bank in such taxing district as of the close of business on the assessment date bears to the total deposit balances at all offices of such bank in such county as of the close of business on such assessment date. The amount so due to a taxing district shall be paid forthwith by the disbursing officer of the county, setting forth, in detail, the amount of the tax received, the banks by which it was paid, the aggregate amount thereof, and the basis of apportionment.

All other provisions of this section shall apply, and the tax shall be a lien against the property and assets of the bank and collectible as other taxes are collected. Nothing herein contained shall be construed as a taxation of property as distinguished from capital stock.

8. Section 54:9-15 of the Revised Statutes is amended to read as follows:

Certified copy of resolution filed with county boards.

54:9-15. A certified copy of the resolution shall be filed with the county board of taxation of each county in which the bank maintains an office at least 30 days before January 1 in any year and an additional copy shall be filed at the same time with the Commissioner of Banking and Insurance. 10. This act shall take effect July 17, 1969.

Approved June 30, 1969.

AN ACT to authorize the creation of a debt of the State of New Jersey by the issuance of bonds of the State in the aggregate principal amount of \$271,000,000.00 for the researching, planning, acquiring, developing, constructing, and maintaining facilities for the collecting, impounding, storing, improving, treating and transmitting of water resources for potable, industrial, commercial, irrigational, recreational and other public purposes, and facilities appurtenant thereto; providing the ways and means to pay the interest of such debt and also to pay and discharge the principal thereof; and providing for the submission of this act to the people at a general election.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

1. This act shall be known and may be cited as the "Water Conservation Bond Act."

2. The Legislature finds and determines that—

(a) The conservation and development of our water resources to provide adequate supplies of wholesome water are essential to the health, welfare, commerce and prosperity of the people of the State.

(b) The State's growing population and expanding industrial development require the establishment of new and additional water supply facilities. The planning and, subject to specific authorization by law, the acquisition of sites for the future establishment of such water supply facilities, however, are the most immediate needs.

(c) In addition, this rapid growth and expansion and the inadequacy of sewerage systems and facilities contributes to a major extent to the pollution of the waters of this State.

(d) The adverse effects of inadequate sanitary public sewerage facilities upon every citizen of New Jersey require a comprehensive, regional approach in order to achieve a healthful environment for all.

(e) The State has recognized the need for regionalization by the enactment of laws authorizing supervision of sewerage systems by the State Department of Health and requiring the construction of regional sewerage facilities.

(f) The Governor's Commission to Evaluate the Capital Needs of New Jersey stated that the problems of water pollution created by inadequately treated waste water and effluent present "a very serious hazard to public health and safety."

(g) The Federal Government, through the "Federal Water Pollution Control Act" provides assistance for public sewerage facilities in amounts up to 33% of the eligible costs without State support, and in amounts up to 55% if the State also contributes 25% toward the eligible costs.

(h) Current estimates of the total cost of sewerage treatment facilities (hereinafter referred to as waste water treatment facilities) now required to be constructed to conform with our statutes and the regulations and orders of the State Department of Health, and eligible for Federal and State aid through 1973, indicate the State's 25% share of the eligible costs of such construction will be \$242,000,000.00 including projects already certified for Federal grants as well as additional State aid for State approved projects approved for 1968 and 1969 to increase the State's share for such approved projects to 25% of the eligible costs.

(i) Current estimates of the cost of planning and site acquisitions for the future establishment of water supply facilities at the following sites:

South River Tidal Dam, Middlesex county; Raritan River Confluence Reservoir, Somerset county; Manasquan River Upper and Lower Reservoirs, Monmouth county; Six Mile Run Reservoir, Somerset county; Two Bridges Reservoir, Essex and Morris counties; Hackettstown Reservoir, Morris, Sussex and Warren counties is \$29,000,000.00.

3. As used in this act unless the context indicates another different meaning or intent:

(a) "Bonds" means the bonds authorized to be issued, or issued, under this act;

4. Bonds of the State of New Jersey are hereby authorized to be issued in the aggregate principal amount of \$271,000,000.00, for the purposes of researching, planning, acquiring, developing, constructing and maintaining water supply and waste water treatment facilities for the preservation, sale or exchange of water for potable, industrial, commercial, irrigational, recreational and other public purposes and facilities appurtenant thereto.

5. Said bonds shall be serial bonds and known as "Water Conservation Bonds" and as to each series, the last annual installment thereof (subject to redemption prior to maturity) shall mature and be paid not later than 35 years from the date of its issuance but may be issued in whole or in part for a shorter term.

Said bonds shall be issued from time to time as the issuing officials herein named shall determine.

6. The Governor, State Treasurer and Comptroller of the Treasury or any 2 of such officials (hereinafter referred to as "the issuing officials") are hereby authorized to carry out the provisions of this act relating to the issuance of said bonds, and shall determine all matters in connection therewith subject to provisions hereof. In case any of said officials shall be absent from the State or incapable of acting for any reason, his powers and duties shall be exercised and performed by such person as shall be authorized by law to act in his place as a State official.

7. Bonds issued in accordance with the provisions of this act shall be a direct obligation of the State of New Jersey and the faith and credit of the State are pledged for the payment of the interest thereon as same shall become due and the payment of the principal at maturity. The principal and interest of such bonds shall be exempt from taxation by the State or by any county, municipality or other taxing district of the State.

8. Said bonds shall be signed in the name of the State by the Governor or by his facsimile signature, under the Great Seal of the State, and attested by the Secretary of State, or an assistant Secretary of State, and shall be countersigned by the facsimile signature of the Comptroller of the Treasury. Interest coupons attached to said bonds shall be signed by the facsimile signature of the Comptroller of the Treasury. Such bonds may be issued notwithstanding that any of the officials signing them or whose facsimile signatures appear on the bonds or coupons shall cease to hold office at the time

of such issue or at the time of the delivery of such bonds to the purchaser.

9. (a) Such bonds shall recite that they are issued for the purpose set forth in section 4 of this act and that they are issued in pursuance of this act and that this act was submitted to the people of the State at the general election held in the month of November, 1969, and that it received the approval of the majority of votes cast for and against it at such election. Such recital in said bonds shall be conclusive evidence of the authority of the State to issue said bonds and of their validity. Any bonds containing such recital shall in any suit, action or proceeding involving their validity be conclusively deemed to be fully authorized by this act and to have been issued, sold, executed and delivered in conformity herewith and with all other provisions of statutes applicable thereto, and shall be incontestable for any cause.

(b) Such bonds shall be issued in such denominations and in such form or forms, whether coupon or registered as to both principal and interest, and with or without such provisions for interchangeability thereof, as may be determined by the issuing officials.

10. When the bonds are issued from time to time the bonds of each issue shall constitute a separate series to be designated by the issuing officials. Each series of bonds shall bear such rate or rates of interest, not exceeding 6% per annum, as may be determined by the issuing officials, which interest shall be payable semiannually; provided, that the first and last interest periods may be longer or shorter, in order that intervening semiannual payments may be at convenient dates.

11. Said bonds shall be issued and sold at such price not less than the par value thereof and accrued interest thereon, and under such terms, conditions and regulations, as the issuing officials may prescribe, after notice of said sale, published at least once in at least 3 newspapers published in the State of New Jersey, and at least once in a publication carrying municipal bond notices and devoted primarily to financial news, published in the city of New York or in New Jersey, the first notice to be at least 5 days prior to the day of bidding. The said notice of sale may contain a provision to the effect that any or all bids in pursuance thereof may be rejected. In the event of such rejection or of failure to receive any acceptable bid, the issuing officials, at any time within 60 days from the date of such advertised sale, may sell such bonds at private sale at such

price not less than the par value thereof and accrued interest thereon and under such terms and conditions as the issuing officials may prescribe. The issuing officials may sell all or part of the bonds of any series as issued to any State fund or to the Federal Government or any agency thereof, at private sale, without advertisement.

12. Until permanent bonds can be prepared, the issuing officials may, in their discretion, issue in lieu of such permanent bonds temporary bonds in such form and with such privileges as to registration and exchange for permanent bonds as may be determined by the issuing officials.

13. The proceeds from the sale of the bonds shall be paid to the State Treasurer and be held by him in a separate fund, and be deposited in such depositories as may be selected by him to the credit of the fund, which fund shall be known as the "Water Conservation Fund."

14. The moneys in said "Water Conservation Fund" are hereby specifically dedicated and shall be applied to the cost of the purpose set forth in section 4 of this act, and all such moneys are hereby appropriated for such purpose, and no such moneys shall be expended for such purpose (except as otherwise hereinbelow authorized) without the specific appropriation thereof by the Legislature, but bonds may be issued as herein provided notwithstanding that the Legislature shall not have then adopted an act making specific appropriation of any of said moneys.

At any time prior to the issuance and sale of bonds under this act, the State Treasurer is hereby authorized to transfer from any available money in the treasury of the State to the credit of the "Water Conservation Fund" such sum as may be deemed necessary for the purpose of this act by the State House Commission, which said sum so transferred shall be returned to the treasury of this State by the treasurer thereof from the proceeds of the sale of the first issue of bonds.

Pending their application to the purpose provided in this act, moneys in the "Water Conservation Fund" may be invested and reinvested as other trust funds in the custody of the State Treasurer in the manner provided by law. Net earnings received from the investment or deposit of such fund shall be paid into the General Treasury and become a part of the General State Fund.

15. In case any coupon bonds or coupons thereunto appertaining or any registered bond shall become lost, mutilated or destroyed, a

new bond shall be executed and delivered of like tenor, in substitution for the lost, mutilated or destroyed bonds or coupons, upon the owner furnishing to the issuing officials evidence satisfactory to them of such loss, mutilation or destruction, proof of ownership and such security and indemnity and reimbursement for expenses as the issuing officials may require.

16. Accrued interest received upon the sale of said bonds shall be applied to the discharge of a like amount of interest upon said bonds when due. Any expense incurred by the issuing officials for advertising, engraving, printing, clerical, legal or other services necessary to carry out the duties imposed upon them by the provisions of this act shall be paid from the proceeds of the sale of said bonds, by the State Treasurer upon warrant of the Comptroller of the Treasury, in the same manner as other obligations of the State are paid.

17. Bonds of each series issued hereunder shall mature in annual installments commencing not later than the tenth year and ending not later than the thirty-fifth year from the date of issue of such series, and in such amounts as shall be determined by the issuing officials, and the issuing officials may reserve to the State by appropriate provision in the bonds of any series the power to redeem all or any of such bonds prior to maturity at such price or prices and upon such terms and conditions as may be provided in such bonds.

18. The issuing officials may at any time and from time to time issue refunding bonds for the purpose of refunding in whole or in part an equal principal amount of the bonds of any series issued and outstanding hereunder, which by their terms are subject to redemption prior to maturity, provided such refunding bonds shall mature at any time or times not later than the latest maturity date of such series, and the aggregate amount of interest to be paid on the refunding bonds, plus the premium, if any, to be paid on the bonds refunded, shall not exceed the aggregate amount of interest which would be paid on the bonds refunded if such bonds were not so refunded. Refunding bonds shall constitute direct obligations of the State of New Jersey, and the faith and credit of the State are pledged for the payment of the principal thereof and the interest thereon. The proceeds received from the sale of refunding bonds shall be held in trust and applied to the payment of the bonds refunded thereby. Refunding bonds shall be entitled to all the benefits of this act and subject to all its limitations except as to the

maturities thereof and to the extent herein otherwise expressly provided.

19. To provide funds to meet the interest and principal payment requirements for the bonds issued under this act and outstanding, there is hereby appropriated in the order following:

(a) Net revenues, if any, with respect to water supply facilities funded in whole or in part by the bonds;

(b) Revenue derived from the collection of taxes as provided by the "Sales and Use Tax Act" (P. L. 1966, c. 30) as amended and supplemented, or so much thereof as may be required; and

(c) If in any year or at any time funds, as hereinabove appropriated, necessary to meet interest and principal payments upon outstanding bonds issued under this act, be insufficient or not available, then and in that case there shall be assessed, levied and collected annually in each of the municipalities of the counties of this State a tax on real and personal property upon which municipal taxes are or shall be assessed, levied and collected, sufficient to meet the interest on all outstanding bonds issued hereunder and on such bonds as it is proposed to issue under this act in the calendar year in which such tax is to be raised and for the payment of bonds falling due in the year following the year for which the tax is levied. The tax thus imposed shall be assessed, levied and collected in the same manner and at the same time as other taxes upon real and personal property are assessed, levied and collected. The governing body of each municipality shall cause to be paid to the county treasurer of the county in which such municipality is located, on or before December 15 in each year, the amount of tax herein directed to be assessed and levied, and the county treasurer shall pay the amount of said tax to the State Treasurer on or before December 20 in each year.

If on or before December 31 in any year the issuing officials shall determine that there are moneys in the General State Fund beyond the needs of the State, sufficient to meet the principal of bonds falling due and all interest payable in the ensuing calendar year, then and in the event such issuing officials shall by resolution so find and shall file the same in the office of the State Treasurer, whereupon the State Treasurer shall transfer such moneys to a separate fund to be designated by him, and shall pay the principal and interest out of said fund as the same shall become due and payable, and the other sources of payment of said principal and interest provided for in this section shall not then be available, and

the receipts for said year from the tax specified in subsection (a) of this section shall thereon be considered and treated as part of the General State Fund, available for general purposes.

20. Should the State Treasurer, by December 31 of any year, deem it necessary, because of insufficiency of funds to be collected from the sources of revenues as hereinabove provided, to meet the interest and principal payments for the year after the ensuing year, then the treasurer shall certify to the Comptroller of the Treasury the amount necessary to be raised by taxation for such purposes, the same to be assessed, levied and collected for and in the ensuing calendar year. In such case the Comptroller of the Treasury shall, on or before March 1 following, calculate the amount in dollars to be assessed, levied and collected as herein set forth in each county. Such calculation shall be based upon the corrected assessed valuation of such county for the year preceding the year in which such tax is to be assessed, but such tax shall be assessed, levied and collected upon the assessed valuation of the year in which the tax is assessed and levied. The Comptroller of the Treasury shall certify said amount to the county board of taxation and the county treasurer of each county. The said county board of taxation shall include the proper amount in the current tax levy of the several taxing districts of the county in proportion to the ratables as ascertained for the current year.

21. For the purpose of complying with the provisions of the State Constitution this act shall, at the general election to be held in the month of November, 1969 be submitted to the people. In order to inform the people of the contents of this act it shall be the duty of the Secretary of State, after this section shall take effect, and at least 15 days prior to the said election, to cause this act to be published in at least 10 newspapers published in the State and to notify the clerk of each county of this State of the passage of this act, and the said clerks respectively, in accordance with the instructions of the Secretary of State, shall cause to be printed on each of the said ballots, the following:

If you disapprove the act entitled below, make a cross (×), plus (+), or check (✓) mark in the square opposite the word "No."

CHAPTER 129

AN ACT to amend and supplement the "Waterfront Commission Act," approved June 30, 1953 (P. L. 1953, c. 202), as amended and supplemented.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 5-b of the act of which this act is amendatory (C. 32:23-86) is amended to read as follows:

C. 32:23-86 Additional powers of the commission.

5-b. Additional powers of the commission. In addition to the powers and duties elsewhere described in this act, the commission shall have the following powers:

(1) To issue temporary permits and permit temporary registrations under such terms and conditions as the commission may prescribe which shall be valid for a period to be fixed by the commission not in excess of 6 months.

(2) To require any applicant for a license or registration or any prospective licensee to furnish such facts and evidence as the commission may deem appropriate to enable it to ascertain whether the license or registration should be granted.

(3) In any case in which the commission has the power to revoke, cancel or suspend any stevedore license the commission shall also have the power to impose as an alternative to such revocation, cancellation or suspension, a penalty, which the licensee may elect to pay the commission in lieu of the revocation, cancellation or suspension. The maximum penalty shall be \$5,000.00 for each separate offense. The commission may, for good cause shown, abate all or part of such penalty.

(4) To designate any officer, agent or employee of the commission to be an investigator who shall be vested with all the powers of a peace or police officer of the State of New York in that State, and of the State of New Jersey in that State.

(5) To confer immunity, in the following manner: In any investigation, interview or other proceeding conducted under oath by the commission or any duly authorized officer, employee or agent thereof, if a person refuses to answer a question or produce evidence of any other kind on the ground that he may be incriminated thereby, and notwithstanding such refusal, an order is made upon 24 hours' prior written notice to the appropriate Attorney General of the State of New York or the State of New Jersey, and to the appropriate district attorney or prosecutor having an official interest therein, by the unanimous vote of both members of the commission or their designees appointed pursuant to the provisions of section 3 of Article III of this act, that such person answer the question or produce the evidence, such person shall comply with the order. If such person complies with the order, and if, but for this subdivision, he would have been privileged to withhold the answer given or the evidence produced by him, then immunity shall be conferred upon him, as provided for herein.

"Immunity" as used in this subdivision means that such person shall not be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which, in accordance with the order by the unanimous vote of both members of the commission or their designees appointed pursuant to the provisions of section 3 of Article III of this act, he gave answer or produced evidence, and that no such answer given or evidence produced shall be received against him upon any criminal proceeding. But he may nevertheless be prosecuted or subjected to penalty or forfeiture for any perjury or contempt committed in answering, or failing to answer, or in producing or failing to produce evidence, in accordance with the order, and any such answer given or evidence produced shall be admissible against

him upon any criminal proceeding concerning such perjury or contempt.

Immunity shall not be conferred upon any person except in accordance with the provisions of this subdivision. If, after compliance with the provisions of this subdivision, a person is ordered to answer a question or produce evidence of any other kind and complies with such order, and it is thereafter determined that the appropriate Attorney General or district attorney or prosecutor having an official interest therein was not notified, such failure or neglect shall not deprive such person of any immunity otherwise properly conferred upon him.

2. If any part or provision of this act or the application thereof to any person or circumstances be adjudged invalid by any court of competent jurisdiction, such judgment shall be confined in its operation to the part, provision or application directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this act or the application thereof to other persons or circumstances and the 2 States hereby declare that they would have entered into this act or the remainder thereof had the invalidity of such provision or application thereof been apparent.

3. This act constitutes an agreement between the States of New York and New Jersey, supplementary to the Waterfront Commission Compact and amendatory thereof, and shall be liberally construed to effectuate the purposes of said compact and the powers vested in the Waterfront Commission hereby shall be construed to be in aid of and supplemental to and not in limitation of or in derogation of any of the powers heretofore conferred upon or delegated to the Waterfront Commission.

4. This act shall take effect upon the enactment into law by the State of New York of legislation having an identical effect with this act, but if the State of New York shall have already enacted such legislation then it shall take effect immediately.

Approved July 2, 1969.

4. A refunding bond ordinance may be enacted by the board of education of any Type II school district after the approval thereof by resolution of such board of education, and by subsequent adoption thereof after advertised public hearing, notice of which shall be given by publication of such proposed refunding bond ordinance and notice of hearing once at least 7 days prior to date of such hearing, in a newspaper circulating in the school district. Following the holding of such public hearing, at which all interested persons shall be given an opportunity to be heard, such refunding bond ordinance may thereupon be adopted by the recorded affirmative vote of $\frac{2}{3}$ of the full membership of such board of education or at such other time and place to which such hearing or further consideration thereof shall have been adjourned. The refunding bond ordinance in the case of a Type II school district shall contain in substance: (a) an authorization of the issuance of the refunding bonds, stating in brief and general terms sufficient for reasonable identification the refunded bonds to be funded or refunded, and the amount of the cost of issuing the refunding bonds which is included in the authorized principal amount of the refunding bonds; (b) the principal amount of refunding bonds authorized; (c) the maturity date or dates of the refunding bonds; and (d) such further provisions as the Local Finance Board in the Department of Community Affairs of the State of New Jersey may require or approve as to deposit, securing, regulation, investment, reinvestment, disposition or application of the proceeds of such refunding bonds, and matters in connection therewith, including the officer or officers of the school district to be

Any matter relating to refunding bonds and not required to be contained in the refunding bond ordinance may be performed or determined by subsequent resolution of the board of education, or the performance or determination thereof delegated by resolution to a financial officer of the school district.

C. 18A:24-61.5 Filing copy of ordinance; consent of local finance board.

5. A certified copy of any refunding bond ordinance shall be filed with the Director of the Division of Local Finance in the Department of Community Affairs before adoption, together with a complete statement in form prescribed by the director and signed by the chief financial officer of the school district as to the outstanding bonds to be funded or refunded by issuance of the refunding bonds. No refunding bond ordinance or any resolution performing, determining or authorizing matters or acts in connection with refunding bonds shall take effect until the consent of the local finance board shall have been endorsed upon a certified copy thereof as adopted.

Any certification or endorsement of consent made by the local finance board or by a majority of the members thereof or by the secretary thereof pursuant to its direction as to any issue of refunding bonds shall, after the issuance of such refunding bonds in reliance thereon, be conclusive as to its validity or regularity and shall not be contested in any action or proceeding relating to such refunding bonds instituted after the issuance of such bonds.

C. 18A:24-61.6 Local finance board's powers and duties.

6. The local finance board may examine into any estimates, computations or calculations made in connection with any issue of refunding bonds, may require the production of any papers, documents, witnesses or information, may make or cause to be made any audit or investigation and may take any other action which it may deem advisable in connection with any issue of refunding bonds. All powers and duties of a funding commission pursuant to any other law as heretofore exercised and performed by such commission shall be vested in and exercised and performed by the local finance board as if such board constituted such commission.

C. 18A:24-61.7 Consideration of ordinance by local finance board.

7. In considering any refunding bond ordinance presented to it for its consent, the local finance board shall have regard to the probable capacity of the school district to pay at maturity the refunding bonds proposed to be issued, and all notes and bonds and other indebtedness and liabilities of the school district then outstanding, taking into consideration the assessed and true valuation of taxable property in the school district, the equitable distribution of the burden of interest and debt redemption charges in connection with such refunding bonds, and the bonds and notes and other indebtedness and liabilities theretofore outstanding or which may necessarily thereafter be incurred. If the local finance board shall refuse to indorse its consent upon any such refunding bond ordinance, it shall certify to the school district a statement of its reasons for such refusal.

C. 18A:24-61.8 Issuance of bonds.

8. Refunding bonds may be issued in one or more series and shall contain the word "refunding" in their title and shall recite that they are issued pursuant to this chapter and shall bear such date or dates, mature at such time or times not exceeding 40 years from their date, bear interest at such rate or rates, payable at such time or times, be in such denomination and in such form, either coupon or registered, carry such registration privileges, be executed in such manner consistent with the provisions of this Title for bonds of such school district, be payable at such place or places, and be subject to such terms of redemption, with or without premium, as may be determined by the refunding bond ordinance or by subsequent resolution or resolutions of the board of education.

C. 18A:24-61.9 Sale of bonds.

9. Refunding bonds may be sold at public or private sale, or may be exchanged for any outstanding bonds to be funded or refunded, pursuant to resolution adopted by not less than $\frac{2}{3}$ of the full membership of the board of education, at such price or prices, computed according to standard tables of bond values, as will yield to the purchasers or to the holders of the refunded bonds surrendered in exchange, an income at a rate not to exceed 6% per annum to the maturity dates of the refunding bonds sold or exchanged, on the money paid or the principal amount of the refunded bonds or notes surrendered therefor to the local unit. Refunding bonds of any authorized issue or of any authorized maturity may be sold or exchanged as hereinabove provided from time to time and in

such blocks as may be deemed advisable. The officer of the school district delivering any refunding bonds in exchange for outstanding refunded bonds shall report in writing to the board of education at the next meeting thereof as to the principal amounts, maturities and numbers of the refunding bonds so delivered and as to the refunded bonds received in exchange, which report shall be entered in the minutes of the board of education, and a copy of such report shall be filed within 5 days thereafter with the director.

C. 18A:24-61.10 Use of sinking or reserve funds to retire bonds.

10. Moneys or investments in any sinking fund or reserve fund of the school district established or held for any refunded bonds to be paid, funded or refunded by issuance of refunding bonds shall, unless the refunding bond ordinance provides otherwise, be applied to the payment or retirement of any such refunded bonds. In the event that there shall be in any such fund any bonds of the school district other than those which are being paid, funded or refunded, said bonds or notes shall be removed from such fund and canceled but only to the extent that the moneys or investment remaining in such fund shall be not less than the outstanding refunded bonds of the school district not funded or refunded and for which such fund was established or held, but any excess of such moneys or investment may be held for and applied to the payment of the principal of and interest on the refunding bonds.

C. 18A:24-61.11 Special refunding program.

11. If the local finance board shall find that a special refunding program is in the public interest and is based upon a sound financial plan for equalizing or reducing the debt service of a school district, a refunding bond ordinance may authorize refunding bonds for refunding some or all of any bonds of the school district which will become due over a period of not exceeding 5 years. Such refunding bond ordinance shall provide for the sale annually during such period, or at such other time or times as the local finance board may approve, of blocks or series of refunding bonds to provide funds to pay the bonds and interest to be refunded and such ordinance may also provide for the investment and application of the proceeds of such refunding bonds, pending the maturity or maturities of the bonds to be refunded and for reinvestment or other application of income and realizations upon such investments.

Such investment and reinvestment shall be restricted to (a) purchase and holding of unlimited bonds or notes or other obligations (whether or not interest-bearing) issued or unconditionally guar-

anteed as to both principal and interest by the United States of America and which mature or which the United States of America is on demand obligated to pay, not later than the end of the respective calendar years of the maturities of the several bonds to be refunded, or (b) purchase and cancellation of any of the bonds to be refunded in the manner or mode of procedure prescribed by the Fiscal Affairs Law.

C. 18A:24-61.12 Authorization and issuance of bonds not to be affected by certain factors.

12. The power to authorize and issue refunding bonds pursuant to this chapter and the validity of such refunding bonds so issued shall not be affected by or be dependent in any way upon the requirements of any other law or the validity or regularity of any proceedings pursuant to or under which any refunded bonds were authorized and issued, and shall be independent of the power to make, do or undertake any school district purpose, improvement or project and shall not be dependent upon or affected by the validity or regularity of any school district purpose, improvement or project or the authorization therefor, for the financing of which such refunded bonds were issued or refunding bonds are to be issued.

Any banking institution, as defined in section 1 of The Banking Act of 1948 (P. L. 1948, c. 67) may act as depositary of the proceeds of bonds or of revenues or other moneys and may furnish such indemnifying bonds or pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders.

C. 18A:72-10.8 Liability for payment of bonds.**12. Liability for payment of bonds.**

Bonds issued pursuant to N. J. S. 18A:72-10 shall not be deemed to constitute a debt or liability of the State or of any political subdivision thereof or a pledge of the faith and credit of the State or of any such political subdivision, but shall be payable solely from the funds herein provided. All such bonds shall contain on the face thereof a statement to the effect that neither the State of New Jersey nor the Higher Education Assistance Authority shall be obligated to pay the same or the interest thereon except from revenues or other moneys of the authority and that neither the faith and credit nor the taxing power of the State of New Jersey or of any political subdivision thereof is pledged to the payment of

the principal of or the interest on such bonds. The issuance of bonds under the provisions of this chapter shall not directly or indirectly or contingently obligate the State or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor.

C. 18A:72-10.9 Rights of bondholders.

13. Rights of bondholders.

Any holder of bonds issued by the Higher Education Assistance Authority pursuant to N. J. S. 18A:72-10, or any of the coupons appertaining thereto, and the trustee or trustees under any trust agreement, except to the extent the rights herein given may be restricted by any resolution authorizing the issuance of, or any such trust agreement securing, such bonds, may, either at law or in equity, by suit, action or other proceedings, protect and enforce any and all rights under the laws of the State or granted hereunder or under such resolution or trust agreement, and may enforce and compel the performance of all duties required by this act or by such resolution or trust agreement to be performed by the authority or by any officer, employee or agent thereof.

C. 18A:72-10.10 Refunding bonds.

14. Refunding bonds.

(1) The Higher Education Assistance Authority shall have power to issue bonds for the purpose of refunding any of its bonds then outstanding, including the payment of any redemption premium thereon and any interest accrued or to accrue to the earliest or subsequent date of redemption, purchase or maturity of such bonds.

(2) The proceeds of bonds issued for the purpose of refunding outstanding bonds may, in the discretion of the authority, be applied to the purchase or retirement at maturity or redemption of outstanding bonds either on their earliest or any subsequent redemption date or upon the purchase or at the maturity thereof and may, pending such application, be placed in escrow to be applied to such purchase or retirement at maturity or redemption on such date as may be determined by the authority. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations of or guaranteed by the United States of America, or in certificates of deposit or time deposits secured by obligations of or guaranteed by the United States of America, maturing at such time or times as shall be appropriate to assure

the prompt payment, as to principal, interest and redemption premium, if any, of the outstanding bonds to be so refunded. The interest, income and profits, if any, earned or realized on any such investment may also be applied to the payment of the outstanding bonds to be so refunded. After the terms of the escrow have been fully satisfied and carried out, any balance of such proceeds and interest, income and profits, if any, earned or realized on the investments thereof may be returned to the authority for use by it in any lawful manner. All such bonds shall be subject to the provisions of this act in the same manner and to the same extent as other bonds issued pursuant to this act and N. J. S. 18A:72-10.

C. 18A:72-10.11 Bonds as legal investments.

15. Bonds as legal investments.

Bonds and notes issued by the Higher Education Assistance Authority under the provisions of this act and of N. J. S. 18A:72-10, are hereby made securities in which the State and all political subdivisions of the State, their officers, boards, commissions, departments or other agencies, banks, savings banks, savings and loan associations, investment companies, all insurance companies, insurance associations and all administrators, executors, guardians, trustees and other fiduciaries, and all other persons whatsoever who now are or may hereafter be authorized to invest in bonds or other obligations of the State, may properly and legally invest any funds, including capital belonging to them or within their control; and said bonds, notes or other securities or obligations are hereby made securities which may properly and legally be deposited with and received by any State or municipal officers or agency of the State for any purpose for which the deposit of bonds or other obligations of the State is now or may hereafter be authorized by law.

C. 18A:72-10.12 Further authorization for bonds.

16. Further authorization for bonds.

Bonds may be issued by the Higher Education Assistance Authority under the provisions of this act and of N. J. S. 18A:72-10 without obtaining the consent of any department, division, commission, board, bureau, agency or officer of the State, and without any other proceedings or the happening of any other conditions or things than those proceedings, conditions and things which are specifically required by this act.

C. 18A:72-10.13 Pledge of State.**17. Pledge of State.**

The State of New Jersey does pledge to and agree with the holders of the bonds, notes and other obligations issued pursuant to authority contained in this act and N. J. S. 18A:72-10, that the State will not limit the power and obligation of the Higher Education Assistance Authority to fulfill the terms of any agreements made with the holders of bonds so issued, or in any way impair the rights or remedies of the holders of such bonds until the bonds, together with interest thereon, are fully paid and discharged. The authority as a public body corporate and politic shall have the right to include the pledge herein made in its bonds and contracts.

18. Section 18A:72-12 of the New Jersey Statutes is amended to read as follows:

Approval and granting of loan; incentive fees.**18A:72-12. Approval and granting of loan; incentive fees.**

(1) Upon approval by the authority of a loan application, any lender may make the loan as approved and upon the terms and conditions required under this chapter, but no moneys shall be advanced or paid under any such loan until the applicant shall have satisfied the authority and, unless the authority is the lender, the authority shall have certified to the lender, that the applicant has been admitted to, or is in regular attendance and in good standing at a qualified institution of collegiate grade approved by any regional accrediting association recognized by the national commission on accrediting or approved by the Board of Higher Education, a qualified post-secondary nondegree institution of higher education or any other eligible institution. Any lender making a loan shall co-operate with the authority in supervising the use of credit in accordance with its purposes.

(2) Notwithstanding the provisions of section 18A:72-11 or of subsection 1 of this section, the authority may approve a loan for the purposes of this chapter after it has been made by a lender and the proceeds thereof disbursed by the lender for the purposes of this chapter, provided such loan would have been approved by the authority had prior application been made therefor pursuant to section 18A:72-11. A loan which is so approved after it has been made shall, from the time of its approval, be treated for all purposes of this chapter in the same manner as if such loan had been applied for and approved by the authority prior to its making, and the lender making such loan shall have the same rights under this

chapter in respect to such loans as it would have had if the loan had been applied for and approved by the authority prior to its making.

(3) As an incentive to lenders to make loans under this chapter, the authority may, by resolution of the members thereof, provide for the payment to lenders of an incentive fee solely with respect to loans made, placed or guaranteed after August 1, 1969, which incentive fee shall be computed on any one of the following bases: (i) a single fee at the rate not exceeding $\frac{1}{2}$ of 1% computed on the amount of each such loan for the period from the making of such loan, to the date repayment begins; or (ii) a single fee not to exceed \$25.00 per borrower, per academic year; or (iii) such other form and amount of incentive fee as shall be fixed from time to time by rule of the authority.

19. Section 18A:72-15 of the New Jersey Statutes is amended to read as follows:

Extension and refinancing of loans.

18A:72-15. Extension and refinancing of loans.

Any loan made under this chapter may be extended or refinanced in the discretion of the lender without affecting the obligation of the authority hereunder for such period and under such terms as shall be prescribed by the rules of the authority, and any loan may be reduced at any time at the option of the borrower.

20. Section 18A:72-16 of the New Jersey Statutes is amended to read as follows:

Purchase of notes; participations.

18A:72-16. Purchase of notes; participations.

(1) Whenever any approved note shall be in default to any lender for 30 days after the date of maturity thereof, or whenever any installment thereon is more than 120 days in arrears for loans on monthly installment payments and 180 days in arrears for loans with less frequent payments, or upon the death or total and permanent disability of the borrower, the authority shall, upon the demand of the lender, purchase from said lender such note by paying to said lender out of the reserve fund the total amount of principal and interest then due and owing to said lender on said note, as herein provided.

(2) (a) Whenever the aggregate of the principal balances owing on all approved notes held by a lender which is a banking institution as defined in section 1 of The Banking Act of 1948 (P. L. 1948, c. 67) is in excess of $\frac{1}{2}$ of 1% of the deposits of such banking institution as of the most recent call date for which published

figures are available, and whenever the aggregate of the principal balances owing on all approved notes held by a lender which is an association as defined in section 5 of the Savings and Loan Act (1963) (P. L. 1963, c. 144) is in excess of $\frac{1}{2}$ of 1% of the savings accounts of such association as shown in the association's most recent published statement, and whenever the aggregate of the principal balances owing on all approved notes held by a lender which is a financial or credit institution other than a banking institution or an association, is in excess of such sum, expressed in dollars or a percentage, as the authority shall by rule prescribe, the authority shall, at the written request of such lender purchase from such lender approved notes the unpaid aggregate principal balances of which are in excess of such sum or percentage. In lieu of purchasing such approved notes, the authority may, at its option, purchase a participation in approved notes, to the extent of at least 80% of the amount of such excess. In purchasing approved notes, or in purchasing a participation in approved notes, the authority shall pay therefor an amount equal to or based upon the aggregate principal amount owing on the notes so purchased or participated in plus unpaid interest to the date of such purchase or participation. Where the amount of such excess in respect to any one lender is more than \$50,000.00, the authority shall have the right to restrict its purchase or participation to even multiples of \$50,000.00. The authority may, in its discretion, decline to make more than one purchase of approved notes in any 3-month period from any one lender. The authority shall have power to contract with a lender for the servicing of approved notes which are purchased or participated in by it, and for the compensation to be retained by the lender out of the payments of interest or principal, or both, received by such lender in connection with approved notes purchased by or participated in by the authority.

(b) Notwithstanding the provisions of subsection (2) (a) of this section:

(1) the authority shall be under no obligation to, but may in its discretion, purchase approved notes, or any participation therein, which were made, placed or guaranteed on or before August 3, 1968;

(2) no approved notes, nor any participation therein, shall be purchased by the authority from any lender unless such lender, as a condition precedent to any such purchase, shall agree to use that portion of any moneys to be paid to such lender incident to such purchase which represents the aggre-

gate principal amount of such notes or participation therein for the purpose of making loans authorized under this chapter ;

(3) the authority is hereby authorized, by resolution of the members thereof, from time to time to suspend or terminate and renew its obligation to purchase approved notes or participation therein pursuant to subsection (2) (a) of this section; provided, however, that any resolution of the authority suspending or terminating its obligation to purchase approved notes or participations therein shall be effective only as to approved notes made, placed or guaranteed subsequent to the close of the fifth business day following the adoption of such resolution.

21. Section 18A:72-17 of the New Jersey Statutes is amended to read as follows :

Reserve fund; minimum amount.

18A:72-17. Reserve fund; minimum amount.

The sum total of all reserve funds set aside by the authority in accordance with the provisions of this chapter, other than moneys held in the New Jersey Higher Educational Assistance Capital Reserve Fund, together with such amount as the authority may set aside, out of the fund, to meet the payment by the authority of approved notes submitted to it for purchase in accordance with the provisions of section 18A:72-16 (1), shall in no event be less than \$6,000,000.00 minus the unpaid balance of notes purchased during the preceding 12 months or the encumbered reserves required to be maintained on all approved loans from time to time outstanding that were approved prior to the effective date of this act, whichever is greater.

The authority shall annually, on or before September 15, ascertain and determine, (a) an amount necessary to increase the estimated net balance of the fund as of June 30 of the next ensuing fiscal year to \$6,000,000.00 and (b) an amount necessary to meet the estimated disbursements to be made by the authority in accordance with the provisions of section 18A:72-16 (1) during the next ensuing fiscal year less the estimated revenue of the authority during the next ensuing fiscal year. The chancellor on recommendation of the authority shall certify to the Governor the amount so determined, in the form prescribed by P. L. 1944, chapter 112, and the greater of the 2 amounts shall be appropriated and paid to the reserve fund.

C. 18A:72-10.1 Minutes of authority's meetings; action by Governor.

22. A true copy of the minutes of every meeting of the authority shall be forthwith delivered by and under the certification of the secretary thereof, to the Governor. No action taken at such meeting by the authority shall have force or effect until 10 days after such copy of the minutes shall have been so delivered. If, in said 10-day period, the Governor returns such copy of the minutes with veto of any action taken by the authority or any member thereof at such meeting, such action shall be null and of no effect. If the Governor shall not return the minutes within said 10-day period, any action therein recited shall have force and effect according to the wording thereof. At any time prior to the expiration of the said 10-day period, the Governor may sign a statement of approval of any such action of the authority, in which case the action so approved shall not thereafter be disapproved.

Notwithstanding the foregoing provisions of this section, with regard to the sale and award of bonds of the authority, the authority shall furnish to the Governor a certified copy of the minutes of the meeting at which said bonds are sold and awarded forthwith upon the taking of such action and the Governor shall indicate his approval or disapproval of such action prior to the end of the business day upon which such action of the authority was taken.

The powers conferred in this section upon the Governor shall be exercised with due regard for the rights of the holders of bonds of the authority at any time outstanding, and nothing in, or done pursuant to, this section shall in any way limit, restrict or alter the obligation or powers of the authority or any representative or officer of the authority to carry out and perform in every detail each and every covenant, agreement or contract at any time made or entered into by or on behalf of the authority with respect to its bonds or for the benefit, protection or security of the holders thereof.

C. 18A:72-17.1 Higher Educational Assistance Capital Reserve Fund.

23. (a) The authority shall establish and maintain a special fund called the "New Jersey Higher Educational Assistance Capital Reserve Fund" in which there shall be deposited (1) all moneys appropriated by the State for the purpose of such fund, (2) all proceeds of bonds required to be deposited therein by terms of any contract between the authority and its bondholders or any resolution of the authority with respect to such proceeds or bonds, and (3) any other moneys or funds of the authority which it determines to

deposit therein. Moneys in the reserve fund shall be held and applied solely to the payment of the interest on and principal of bonds of the authority as the same shall become due and payable and for the retirement of bonds, and shall not be withdrawn therefrom if such withdrawal would reduce the amount in the reserve fund to an amount equal to less than the "maximum debt service reserve" (as hereinafter defined) except for payment of interest then due and payable on bonds and the principal of bonds then maturing and payable and for the retirement of bonds in accordance with the terms of any contract between the authority and its bondholders and for the payments on account of which interest or principal or retirement of bonds other moneys of the authority are not then available in accordance with the terms of any such contract. As herein used "maximum debt service reserve" means, as of any date of computation, the largest amount of money required by the terms of all contracts between the authority and its bondholders to be raised in any succeeding calendar year for the payment of interest on and maturing principal of outstanding bonds and payments required by the terms of any such contracts to sinking funds established for the payment or redemption of such bonds, all calculated on the assumption that bonds will cease to be outstanding after date of such computation by reason of the payment of bonds at their respective maturities and the payments of such required moneys to sinking funds and the application thereof in accordance with the terms of all such contracts to the retirement of bonds.

(b) Moneys in said fund at any time in excess of the maximum debt service reserve, whether by reason of investment or otherwise, may be withdrawn at any time by the authority and transferred to any other fund or account of the authority.

(c) Moneys at any time in the reserve fund may be invested in any direct obligations of, or obligations as to which the principal and interest thereof is guaranteed by, the United States of America.

(d) For purposes of valuation, investments in the reserve fund shall be valued at the lowest of the par value, cost to the authority or market value of such investments. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any moneys or investments in the reserve fund.

(e) Notwithstanding any other provision contained in this act, no bonds shall be issued by the authority unless there is in the reserve fund the maximum debt service reserve for all bonds then

issued and outstanding and the bonds about to be issued, provided, however, that nothing herein shall prevent or preclude the authority from satisfying the foregoing requirement by depositing so much of the proceeds of the bonds about to be issued, upon their issuance, as is needed to achieve the maximum debt service reserve. The authority may at any time issue its bonds or notes for the purpose of providing any amount necessary to increase the amount in the reserve fund to the maximum debt service reserve, or to meet such higher or additional reserve as may be fixed by the authority with respect to such fund.

(f) In order to assure the maintenance of the maximum debt service reserve in the reserve fund, there shall be appropriated annually and paid to the authority for deposit in said fund, such sum, if any, as shall be certified by the chairman of the authority to the Governor as necessary to restore said fund to an amount equal to the maximum debt service reserve. The chairman shall annually, on or before December 1, make and deliver to the Governor his certificate stating the sums, if any, required to restore said fund to the amount aforesaid, and the sum or sums so certified shall be appropriated and paid to the authority during the then current State fiscal year.

(g) This reserve fund shall be kept separate from any other reserve fund established by the authority and shall not be subject to the provisions of section 18A:72-17 of the New Jersey Statutes.

C. 18A:72-22 Partial invalidity.

24. If any clause, sentence, subdivision, paragraph, section or part of this act be adjudged to be unconstitutional or invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, subdivision, paragraph, section or part thereof directly involved in the controversy in which said judgment shall have been rendered.

25. This act shall take effect immediately.

Approved July 3, 1969.

CHAPTER 136

AN ACT amending an act entitled “An act concerning education and supplementing Title 18A of the New Jersey Statutes,” approved July 19, 1968 (P. L. 1968, c. 177).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 2 of the act of which this act is amendatory (C. 18A:58-33.3) is amended to read as follows:

C. 18A:58-33.3 Additional state school building aid; maximum amount; action by State board and commissioner.

2. If the findings of said investigation show, to the satisfaction of the State Board of Education, that such school district is not able to provide the necessary facilities to comply with the provisions of said section 18A:33-1, the State Board of Education may by its resolution make its determination (1) that such school district is entitled to additional State school building aid in an amount not to exceed \$25.00 per student in average daily enrollment, and (2) that the school district projects or educational facilities authorized to be undertaken or provided pursuant to a proposed ordinance or proposal submitted with said application will assist the school districts in providing necessary facilities as aforesaid and the bonds authorized in said ordinance or proposal for financing such projects or educational facilities shall constitute and shall be bonds entitled to the benefits or provisions of this act. The Commissioner of Education shall be and is hereby authorized to indorse upon any copy of such ordinance or proposal a certification thereof as being the ordinance or proposal as to which a determination of the State Board of Education has been made as aforesaid, and such indorsement shall be made in such form or manner as the commissioner shall determine.

2. Section 3 of the act of which this act is amendatory (C. 18A:58-33.4) is amended to read as follows:

C. 18A:58-33.4 Approval of additional aid by State treasurer and local finance board.

3. (a) A copy of said resolution of the State Board of Education determining a school district to be entitled to additional State school building aid, together with a copy of said ordinance or proposal

bearing the indorsement of the Commissioner of Education, shall be submitted to the State Treasurer for his consideration. If the State Treasurer is satisfied after investigation that the payment of the debt service (interest and principal) on the bonds proposed to be authorized by such ordinance or proposal will not cause the amount of additional State school building aid to be paid pursuant to this act to exceed the sum herein provided, he shall indorse his approval to that effect upon the copy of such ordinance or proposal.

(b) A copy of any such ordinance or proposal authorizing bonds for school purposes and bearing said indorsements of the Commissioner of Education and State Treasurer, shall be submitted to the local finance board for its consideration, and the local finance board in considering such copy of any ordinance or proposal submitted to it and before indorsing its consent thereon may require the governing body, of any municipality or board of education of such school district submitting any such ordinance or proposal to adopt resolutions restricting or limiting any future proceedings therein or other matters or things deemed by the local finance board to affect any estimate made or to be made by it in accordance with subsection (c) hereof, and every such resolution so adopted which constitutes a valid and binding obligation of such municipality or school district, as the case may be, running to and enforceable by, and releasable by, the local finance board.

(c) Within 60 days after such submission to it, the local finance board shall cause its consent to be indorsed upon such copy of any ordinance or proposal authorizing such bonds, if it shall be satisfied, and shall record by resolution, its estimates that the amounts to be expended for the school district projects or educational facilities to be financed pursuant to such ordinance or proposal are not unreasonable or exorbitant; and that issuance of the bonds, proposed to be authorized by such ordinance or proposal, will not materially impair the credit of any municipality comprised within the district or substantially reduce its ability, during the ensuing 10 years, to pay punctually the principal and interest of its debts and supply essential public improvements and services, but if the local finance board is not so satisfied it shall cause its disapproval to be indorsed on such copy within said period of 60 days.

(d) Any bonds entitled to the benefits of the provisions of this act, shall be deductible in determining the next school debt of any school district for any purpose or computation under section 18A:24-19 of the New Jersey Statutes, and the amount of all such bonds shall be deducted from the gross debt of any municipality

constituting the whole or any part of such school district for any of the purposes of section 40A:2-44 of the New Jersey Statutes and shall be a deduction within the meaning and for the purpose of clause (g) of said section to any extent that such bonds are not deductible under clause (a) or clause (b) of said section, and shall at all times constitute a deduction from gross debt on any annual or supplemental debt statement of such municipality.

(e) All of such bonds when issued shall contain a recital to the effect that they are issued pursuant to Title 18A, Education, of the New Jersey Statutes and are entitled to the benefits of the provisions of this act. Any bonds entitled to the benefits of the provisions of this act shall be authorized and issued in the manner provided for in Title 18A, Education, of the New Jersey Statutes, and notwithstanding the provisions of section 18A:24-19 of the New Jersey Statutes. Compliance with the provisions of this act by or on behalf of any school district or municipality shall make it unnecessary to comply with any of the provisions of sections 18A:24-20 through 18A:24-27 of the New Jersey Statutes, and such sections shall not be applicable with respect to authorization or issuance of any bonds entitled to the benefits of the provisions of this act.

3. Section 4 of the act of which this act is amendatory (C. 18A:58-33.5) is amended to read as follows:

C. 18A:58-33.5 Inclusion in annual budget; payment of debt service on bonds.

4. If the determinations, approvals or consents provided for by this act shall have been made or given, such school district shall be entitled to receive annually the amount of the additional State school building aid stipulated in the resolutions of the State Board of Education and the State Board of Education shall include such amounts in its annual budget for building aid for the school district. Amounts of such building aid paid under this section shall only be used for the payment of debt service (interest and principal) on bonds entitled to the benefits of the provisions of this act, in accordance with said resolutions; provided, that the total amount of bonds entitled to the benefits of the provisions of this act in accordance with resolutions adopted by the State Board of Education pursuant to the provisions of this act, and for the payment of the debt service (interest and principal) as to which bonds additional State school building aid may be paid pursuant to this act, shall not exceed the sum of \$90,000,000.00.

4. This act shall take effect immediately.

Approved July 3, 1969.

1. Notwithstanding the provisions of section 31:1-1 of the Revised Statutes or of regulations issued thereunder, or of any other law, statute or regulation applicable to or constituting any limitation on the maximum rate of interest per annum payable on bonds, notes or other obligations, or as to annual interest cost to maturity of money borrowed or received upon issuance of bonds, notes or other obligations, every county, municipality, school district, body corporate and politic or public authority, agency, commission, bond bank, or other public institution heretofore or hereafter created by the State, any county, or municipality or by one or more counties or municipalities, is hereby authorized and empowered for the period from the effective date of this act through June 30, 1970, to contract to pay interest on or an interest cost per annum for money borrowed and evidenced by bonds, notes or other obligations issued during said period without limit as to the rate of interest per annum payable thereon or as to the annual interest cost to maturity of the money borrowed.

C. 31:1-8 Construction of act.

2. This act shall be liberally construed to effect its legislative purpose of suspending for the aforesaid period any existing statutory limitation as to rate of interest or cost of money borrowed or provision of law with respect thereto and applicable to any county, municipality, school district, body corporate and politic or public authority, agency, commission, bond bank or other public institution heretofore or hereafter created by the State, or any one or more counties or municipalities, but nothing herein contained shall be held or deemed in any way to affect or to impair existing contract limitations with bondholders or others as to rate of interest or cost of money borrowed without the consent of such bondholders or others given as provided in any such contract.

C. 31:1-9 Suspension of limitation of interest rate.

3. This act shall constitute and be construed as a suspension and as an amendment, for the aforesaid period, of the provisions of every law or statute establishing any limitation as to rate of interest per annum or cost of borrowing money applicable to any county, municipality, school district or public authority, agency, commission, bond bank or other public institution heretofore or hereafter created as aforesaid.

4. This act shall take effect immediately.

CHAPTER 138

AN ACT authorizing and directing the Commissioner of Conservation and Economic Development to acquire certain property in the name of the State for water supply and other public purposes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

C. 58:21A-1 Acquisition of property.

1. The Commissioner of Conservation and Economic Development is authorized and directed to acquire in the name of the State, within 2 years from the effective date of this act, such lands which, in the judgment of the commissioner are appropriate for the purposes specified:

a. b. Such lands in and adjacent to South river located in the townships of East Brunswick and Madison and boroughs of Sayreville and South River in the county of Middlesex, which in the judgment of the commissioner are appropriate and necessary for the construction of a tidal barrier dam and ground-water recharge pond

on South river to protect the Old Bridge water-bearing sand formation from surface and subsurface salt water intrusion and augment the diversion of ground-water which can be safely diverted therefrom.

Real property acquired pursuant to this act shall also be made available, in addition to the uses indicated under subsections a and b, for recreational and conservation purposes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

The share of the cost of each project to be assumed by the State on any claim submitted by a municipality, county, school district or agency thereof shall not exceed 50% thereof except that the State Treasurer, upon the recommendation of the Commissioner of the Department of Conservation and Economic Development and in accordance with uniform standards based upon the actual loss of ratables suffered and the present level of indebtedness of the municipality, may reduce or waive the requirement for local financial participation in the case of any municipality which has suffered the loss of at least 10% of the assessed ratables therein.

CHAPTER 140

AN ACT concerning senior citizen tax deductions, amending P. L. 1963, chapter 172 and P. L. 1964, chapter 255 and repealing section 1 of P. L. 1968, chapter 79.

BE IT ENACTED by the Senate and General Assembly of the State of New Jersey:

1. Section 4 of P. L. 1963, chapter 172 (C. 54:4-8.43) is amended to read as follows:

C. 54:4-8.43 Time for filing application for deduction; allowance; contingent liability for taxes.

4. An application for a senior citizen's deduction hereunder may be filed with the assessor of the taxing district on or before December 31 of the pretax year. If an application is approved by the assessor, he shall allow a senior citizen's deduction from the taxes assessed against the real property assessed to the claimant as described therein and shall indicate upon the assessment list and duplicates the approval thereof in such manner as shall be prescribed by rules of the Director of the Division of Taxation together with the proportionate share of such property deemed to be owned by the claimant for the purposes of this act if he is not the sole owner thereof.

Upon approval of the application for a senior citizen's tax deduction the tax collector shall note in his records the existence of a contingent liability for taxes in the amount of the senior citizen's deduction in the event the deduction is subsequently disallowed on the basis of the taxpayer's income, the transfer of title to the property to a person not entitled to such deduction, or on the basis of the failure to meet any other prerequisites required by this act for a senior citizen's tax deduction, which contingent liability shall be reported on any tax search made on the property for which the exemption was approved.

The application, if not filed with the assessor within the time aforementioned, may be filed with the collector during the tax year and upon approval by the collector of such application he shall determine the amount of the reduction in tax to which the claimant is entitled and shall allow said amount as an offset against the tax then remaining unpaid. If the amount allowable as an offset shall exceed the amount of the tax then unpaid for that tax year, or if the application for a senior citizen's tax deduction is not filed with the collector until after all taxes for the tax year have been fully paid, the claimant may make application to the governing body of the municipality constituting the taxing district for the refund of any tax overpaid, but without interest, and the governing body may, in its discretion, direct the return of any tax deemed by it to have been overpaid by reason of claimant's failure to make timely application for a senior citizen's tax deduction; provided, however, that no application for a senior citizen's tax deduction for any previous tax year shall be allowed by any assessor, collector or governing body. Where an application for a senior citizen's tax deduction is filed with and allowed by a collector he shall promptly transmit such application and all exhibits attached thereto, or a photostatic copy thereof, to the assessor of the taxing district. Upon receipt thereof the assessor shall review the application and if approved by him it shall have the same force as if originally filed with him.

2. Section 5 of P. L. 1964, chapter 255 (C. 54:4-8.44a) is amended to read as follows:

C. 54:4-8.44a Post-tax year statement; lien and tax liability proration.

5. Every person who is allowed a senior citizen's deduction shall be required to file with the collector of the taxing district on or before February 1 of the post-tax year a statement under oath of his income for the tax year and his anticipated income for the ensuing tax year as well as any other information deemed necessary to

establish the right of the senior citizen to a tax deduction for such ensuing tax year.

Such statement shall be on a form prescribed by the Director, Division of Taxation, in the Department of the Treasury and provided for the use of persons required to make such statement by the governing body of the municipality constituting the taxing district in which such statement is required to be filed. Each collector may require the submission of such proof as he shall deem necessary to verify any such statement. Upon the failure of any such person to file the statement within time herein provided or to submit such proof as the collector deems necessary to verify a statement that has been filed, or if it is determined that the income of any such person exceeded \$5,000.00 for said tax year, his senior citizens tax deduction for said tax year shall be disallowed and his taxes to the extent represented by the amount of said deduction shall be payable on or before March 1 of the post-tax year after which date if unpaid, said taxes shall be delinquent, constitute a lien on the property, and, in addition, the amount of said taxes shall be a personal debt of said person.

The amount of any lien and tax liability shall be prorated by the tax collector upon the transfer of title based on the number of days during the tax year that entitlement to the senior citizen's tax deduction is established. The lien shall be considered satisfied by the tax collector upon payment of the prorated amount for that portion of the tax year for which entitlement to the senior citizen's tax is not established.

3. Section 6 of P. L. 1963, chapter 172 (C. 54:4-8.45) is amended to read as follows:

C. 54:4-8.45 Continuance of deduction right; change in status.

6. A claim having been filed with and allowed by the assessor on and after the effective date of this act shall continue in force from year to year thereafter without the necessity for further claim so long as the claimant shall be entitled to a senior citizen's deduction hereunder, but the claimant shall be required yearly to establish by post-tax year statement, as provided for in this act, his income for the tax year, his anticipated income for the ensuing tax year and his compliance with all other prerequisites for eligibility for the tax deduction for such ensuing tax year and the assessor may at any time require the filing of a new application or such proof as he may deem necessary to establish the right of the claimant to continuance of such deduction. It shall be the duty of every claimant to inform

the assessor of any change in his status or property which may affect his right to continuance of such deduction.

C. 54:4-8.42a Repealed.

4. Section 1 of P. L. 1968, chapter 79 (C. 54:4-8.42a) is repealed.

5. This act shall take effect immediately and shall be applicable with respect to tax deductions for the tax year 1970 and thereafter.

Approved July 22, 1969.

(b) A gift of all or part of the body under section 2 (a) may also be made by document other than a will. The gift becomes effective upon the death of the donor. The will, card, or other document, or an executed copy thereof, may be deposited in any hospital, bank, or storage facility, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's death, the person in possession shall produce the document for examination.

its disposal by burial or cremation. If the gift is of a part of the body, the donee, upon the death of the donor and prior to embalming, shall cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next of kin, or other persons under obligation to dispose of the body.

C. 43:3B-4 Certification, appropriation and payment of cost of increase by employer.

4. Except in the case of retirants of the Teachers' Pension and Annuity Fund, each employer shall bear the cost of the increase in the retirement allowances or pensions payable to retirants who retired from the employ of such employer. Certification of the amounts due shall be made by the Director of the Division of Pensions to each employer other than the State, prior to December 1 of each year, commencing with December 1, 1958. Each employer shall appropriate the amounts so certified in the fiscal year next following its fiscal year in which such certification is made. Such amounts shall be paid by each employer to the Director of the Division of Pensions by March 30 of each year in the case of employers whose fiscal year extends from January 1 to December 31, and by July 15 of each year in the case of each employer whose fiscal year extends from July 1 of a given calendar year to June 30 of the following calendar year. In making such certifications to employers in the years after 1958 the Director of the Division of Pensions shall take into account payments made by the employer, payments to retirants of such employer, prospective payments to be made to such retirants in the following year and necessary administrative costs on behalf of such retirants.

The Director of the Division of Pensions shall certify annually to the Director of the Division of Budget and Accounting the amount necessary to provide for the remaining cost of the increases in retirement allowances and necessary administrative costs.

Payment of invoices rendered by the Division of Pensions to public employers for the amounts required to meet the employers'

obligations under the act shall be made payable to "State of New Jersey, Pension Increase Fund."

If payment of the full amount of such employer obligations is not made within 30 days of the due date, interest at the rate of 4% per annum shall commence to run against the unpaid balance thereof on the first day after such thirtieth day.

The employer's failure to pay invoices within 30 days after being notified of his delinquency shall result in the suspension of payments under this act to eligible retirants of the employer on the first of the month 30 days subsequent thereto. The office of the Attorney General shall act to collect such outstanding amounts.

5. Section 6 of the act of which this act is amendatory (C. 43:3B-6) is amended to read as follows:

C. 43:3B-6 Waiver of right to increase.

6. Any person who is eligible to receive the increased retirement allowance or pension under the provisions of this act may, at any time, waive his right thereto by filing a written notice of waiver with the Director of the Division of Pensions. The application for the waiver of all or part of the increase shall be made by the retirant at least 30 days prior to the desired effective date on a form satisfactory to the Division of Pensions and shall be effective on the first day of the following month. Such waiver may be withdrawn at any time and upon such withdrawal the increase in the retirement allowance or pension shall commence with the retirement allowance or pension payment for the next following month.

C. 43:3B-7 Annual review and determination by Director.

6. On or before October 1, 1969 and by the same date in each subsequent year, the Director of the Division of Pensions shall review the index and determine the percentum of change in the index from the retirement year index. In determining the percentum of change the director shall use the index for the calendar year preceding the date of review, dividing such index by the retirement year index for the year for which the increase is being calculated and then subtracting 100% from the resulting quotient expressed to the nearest $\frac{1}{100}$ of 1%. The percentage of adjustment in the retirement allowances or pensions shall be $\frac{1}{2}$ of the percentum of change.

The director shall include (a) in his corpus appropriation request for the administration of the act on behalf of those retirants for whom the State assumes the costs attributable to this act, and, (b) in his certification of amounts due from each employer in ac-

cordance with section 4 of the Pension Increase Act, amounts sufficient to adjust the retirement allowances or pensions payable to all eligible retirants by $\frac{1}{2}$ of the percentum of change in the index as such retirement allowances or pensions may have been originally granted, or increased for certain retirants in accordance with section 3 of the Pension Increase Act. In no instance shall the amount of the retirement allowance or pension originally granted and payable to any retirant be reduced as a result of this adjustment.

For purposes of this section a "retirant" shall include all retirants except those whose retirement allowance or pension commenced within the 3 calendar years prior to the first of the month in which the adjustment is to become effective in any year.

C. 43:3B-8 Effect of blanket increase; gross income limitation; affidavit.

7. If legislation is adopted providing for a blanket increase in the original retirement allowances or pensions or for minimum allowances or pensions to any group of retirants eligible for benefits under the Pension Increase Act, all increases provided under this act shall be terminated on the first of the month when such blanket increases or minimum pensions are payable, except in those instances where the retirant's original allowance plus the increases provided under the Pension Increase Act will exceed the amounts payable to such retirants as a result of such other legislation; in such event the amount payable under the Pension Increase Act shall be the difference between the new allowance or pension payable by the respective retirement system and the amount which would otherwise have been paid under this act. Any subsequent annual review of amounts payable under the Pension Increase Act for such retirants shall continue to be determined on the basis of the original allowance or pension as granted by the respective retirement system prior to any blanket increase or provision for minimum pension for any group of retirants eligible for benefits under the Pension Increase Act. Retirants who have a gross income from any and all sources in excess of \$6,000.00 per year are ineligible for the increase in pension or retirement allowances provided herein, subject to the provisions of section 3 of this act.

Any person eligible to receive retirement allowances or pensions under the provisions of this act shall execute an affidavit, as may be prescribed by the Director of the Division of Pensions, attesting to total income from any and all sources allowable under the provisions of this act providing for additional pension benefits equal to $\frac{1}{2}$ of the percentum of change in the Consumer Price Index as prescribed herein.

C. 43:3B-9 Rules and regulations; annual report.

8. The Director of the Division of Pensions shall promulgate such rules and regulations, not inconsistent with the provisions of this act, as he shall deem necessary for the effective operation of the program. He shall include a report of the operation of the Pension Increase Act in his annual report submitted to the Governor and the Legislature regarding all of the operations of the Division of Pensions.

9. This act shall be effective immediately but the first adjustment as contemplated by this amendatory and supplementary act shall be effective January 1, 1970, provided that funds are appropriated in accordance with section 4 of the Pension Increase Act.

1. Section 18A:66-53 of the New Jersey Statutes is amended to read as follows:

Optional death benefits.

18A:66-53. a. Each member who is a member on January 1, 1958 and each person who thereafter becomes a member will be eligible to purchase the additional death benefit coverage hereinafter described, provided that he selects such coverage within 1 year after January 1, 1958 or after the effective date of membership, whichever date is later.

b. Each member who is a member on the effective date of this amendatory act, but for whom such additional death benefit coverage is not then in effect, shall, during the period stated below, also be eligible to elect such additional death benefit coverage, provided he (1) furnished satisfactory evidence of insurability, (2) on the date of such election is actively at work and performing all his regular duties at his customary place of employment and (3) agrees to make such additional contribution as may be required by the board of trustees by reason of the commencement of such member's participation in the benefits of this section pursuant to this subsection b. Applications under this subsection shall be filed during the period January 1, 1970 to March 31, 1970, both dates inclusive. Benefits for a member applying under this subsection shall come into effect on the later of (a) July 1, 1970 and (b) the date a required percentage of such members shall have applied for such additional death benefit coverage. This required percentage shall be fixed by the board of trustees. Any such percentage may be made applicable to male or female members only or to other groupings as determined by the board of trustees.

c. No member who enrolls on and after July 1, 1970 for the additional death benefit coverage provided by this section shall be eligible for the benefits described in subsections f. and g. if such

member retires with less than 10 years of participation in the program.

d. The board of trustees shall establish schedules of contributions to be made by the members who elect to purchase the additional death benefit coverage. Such contributions shall be so computed that the contributions made by or on behalf of all covered members in the aggregate shall be sufficient to provide for the cost of the benefits established by subsections e. and g. of this section. Such schedules of contributions shall be subject to adjustment from time to time, by the board of trustees, as the need may appear.

e. Upon the receipt of proper proofs of the death in service, occurring on or after July 1, 1968, of any such member while covered for the additional death benefit coverage there shall be paid to such member's beneficiary an amount equal to 2 times the compensation received by the member in the last year of creditable service; provided, that if such death in service shall occur on or after July 1, 1968, and after the member has attained age 70, the amount payable shall equal $\frac{1}{4}$ of the compensation received by the member in the last year of creditable service instead of 2 times such compensation.

f. The board of trustees may also provide, effective as of January 1, 1961, for additional death benefit coverage, as described in subsection g. of this section, for former members who are receiving retirement allowances pursuant to the provisions of this article, subject to the provisions hereinafter stated, and the board may terminate such coverage at any time. The additional death benefit coverage to be so provided shall be in accordance with rules as determined by the board from time to time on the basis of dates of retirement or other factors deemed appropriate by it. In no event shall the additional death benefit coverage described in subsection g. of this section apply to any former member receiving a retirement allowance unless such member was covered by the additional death benefit described in subsection e. of this section during the former member's last month of creditable service. No contributions toward the cost of additional death benefit coverage described in subsection g. of this section shall be required of a former member while he is receiving a retirement allowance pursuant to the provisions of this article.

g. Upon receipt of proper proofs of the death, occurring on or after July 1, 1968, of a former member who was covered for the additional death benefit coverage pursuant to subsection f. of this section, there shall be paid to such former member's bene-

fiary an amount equal to $\frac{1}{4}$ of the compensation received by the former member in the last year of creditable service.

h. The contributions of a member for the additional death benefit coverage shall be deducted from his compensation, but if there is no compensation from which such contributions may be deducted it shall be the obligation of the member, except as provided in subsection j. of this section, to make such contributions directly to the retirement system or as directed by the system; provided, however, that no contributions shall be required while a member remains in service after attaining age 70 but that his employer shall be required to pay into the fund on his behalf in such case an amount equal to the contributions otherwise required by the board of trustees in accordance with this section.

i. Any other provisions of this article notwithstanding, the contributions of a member for the additional death benefit coverage under this section shall not be returnable to the member or his beneficiary in any manner, or for any reason whatsoever, nor shall any contributions made for the additional death benefit coverage be included in any annuity payable to any such member or to his beneficiary.

j. For the purpose of this section, a member shall be deemed to be in service (1) while he is disabled due to sickness or injury arising out of or in the course of his employment as a teacher to whom this article applies, is not engaged in any gainful occupation, and is receiving or entitled to receive periodic benefits (including any commutation of, or substitute for, such benefits) for loss of time on account of such disability under or by reason of workmen's compensation law, occupational disease law or similar legislation; or (2) for a period of no more than 2 years while on official leave of absence without pay if satisfactory evidence is presented to the retirement system that such leave of absence without pay is due to illness other than an illness to which (1) above applies. No contributions for the optional death benefit provided by this section shall be required of a member while he is deemed to be in service pursuant to the above provisions of this subsection j.

k. All other provisions of this section notwithstanding, this section and the benefits provided under this section shall not come into effect until a required percentage of the members shall have applied for the additional death benefit coverage under this section. This required percentage shall be fixed by the board of trustees. Any such percentage may be made applicable to male or female members only or to other groupings as determined by the board of

trustees. Applications for such additional death benefit coverage shall be submitted to the system in such manner and upon such forms as the retirement system shall provide.

1. Any person becoming a member of the retirement system after benefits provided under this section shall have come into effect, who is, by sex or other characteristic, within the grouping to which the additional death benefit coverage under this section is applicable, for the first year of his membership in the retirement system shall be covered by the additional death benefit coverage provisions of this section with the benefit in the event of death, in the first year of membership only, being based upon contractual salary instead of compensation actually received and shall make contributions as fixed by the board of trustees during such period. Such member shall have the right to continue to be covered by the benefits of this section and to contribute therefor after his first year of membership has been completed. This subsection shall not apply in the case of such a member who has already attained his sixtieth birthday prior to becoming a member of the retirement system unless he shall furnish satisfactory evidence of insurability at the time of becoming a member.

2. This act shall take effect immediately.

Approved October 29, 1969.

Money appropriated by a board of chosen freeholders and distributed and paid to any hospital by virtue of section 44:5-11 of this Title, shall, if there is more than one such hospital, be distributed among and paid to them upon the basis of the free ward day's treatment furnished by each of them for the benefit, comfort and maintenance of such patients, inmates therein, as are residents of the county at the time of being sent to that hospital, and not otherwise.

"Free ward day's treatment," as used in this section, means not less than 24 hours' medical and nursing attention of a hospital patient who occupies a listed hospital bed in the public ward for at least 24 hours continuously and for which nothing is paid. Free ward day's treatment shall not include treatment given to a person who would not commonly be admitted to or maintained in the public or contagious wards of general hospitals.

The officials and auditors of the county shall have access at all reasonable times to the books and records of a hospital which shall receive the appropriation or part thereof, for the purpose of ascertaining the deficit in operating expenses and the application of the moneys so appropriated or apportioned and the financial needs or requirements of the hospital.

B. Provision for the maintenance and treatment of an individual patient in the hospital shall be made by the county upon the certification by the county physician of the name of the person and upon the approval of the board of chosen freeholders; but the certification shall not be approved unless there is attached thereto a verified bill to the board for that maintenance and treatment, signed by the head officer and chief physician of the hospital and stating that the patient was in need of such maintenance and medical treatment for the time charged for and no longer. The amount to be paid shall not exceed the sum charged in the hospital in which the resident indigent is placed for patients occupying beds in wards open to the public.

6. Section 44:5-19 of the Revised Statutes is amended to read as follows:

Annual appropriation by fourth or sixth-class counties for maintenance of patients in hospitals.

44:5-19. The board of chosen freeholders of a county of the fourth or sixth class, which has no hospital located therein maintained by the county, other than the hospital or sick ward of the county almshouse, a county tuberculosis hospital or sanatorium, a county hospital or sanatorium for the insane, or a hospital for contagious and infectious diseases, may appropriate not more than \$15,000.00 annually, to any one hospital, in the manner in which appropriations for other county purposes are made, which

sum shall be included in the annual tax levy of the county and collected in the same manner and at the same time as other county taxes, and be applied to the purpose of supporting and maintaining such patients as may be sent to any hospital or hospitals whether privately owned and maintained or supported by private charity.

The sum so appropriated shall be used and applied for the benefit, comfort and maintenance of such patients, inmates of such hospital, as are residents of the county at the time of being sent to that hospital.

CHAPTER 202

AN ACT to provide for guaranteed or insured bank loans to certain qualified persons for the purposes of establishing or re-establishing themselves in small businesses or professions, and to promote the development of urban areas through the provision of capital loans to qualified businessmen in depressed areas and providing appropriations therefor.

WHEREAS, Many deprived citizens of the State of New Jersey find it extremely difficult to obtain loans in order to establish or re-establish themselves in businesses or professions; and

WHEREAS, The Legislature of the State of New Jersey desires to promote the establishment or re-establishment of deprived citizens in their own businesses or professions; and

WHEREAS, The Legislature of the State of New Jersey recognizes that the ultimate solution to the problems of our cities will be aided by the establishment of such businessmen and professionals; and

WHEREAS, In addition, the enactment of legislation encouraging deprived persons to establish or re-establish themselves in businesses or professions would further the national policy of "black capitalism" enunciated by President Nixon; now, therefore,

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey:*

C. 52:27D-72 Legislature's findings.

1. The Legislature hereby finds that a serious public emergency exists affecting and threatening the welfare, comfort, health, safety and prosperity of the people of the State and resulting from the fact that there exist in this State certain areas in which employment and other opportunities are lacking because of the absence of an adequate supply of commercial capital loans to businessmen, and that this inadequate supply of capital loans makes it impossible for citizens of this State to engage in occupations which will increase employment opportunities and service to the public and expand the economy of the State. The Legislature further finds that, unless the supply of commercial capital loans is increased, many citizens of the State will remain unemployed and under-employed and will lack opportunities for advancement; that to increase the supply of capital loans in these areas it is necessary to create a public agency authorized to make or guarantee subordinate equity capital loans and to provide expertise and assistance in the development of managerial skills; that such loans and the provision of such assistance are a public purpose for which public moneys may be expended, advanced, loaned, or granted; and that the enactment of the provisions hereinafter set forth is in the public interest.

(b) Under provisions contained in a reorganization plan, a provision of the plan may be effective at a time later than the date on which the plan otherwise is effective.

(c) A reorganization plan which is not disapproved in the manner provided by subparagraph (a) of this section shall have the force and effect of law and the Secretary of State shall cause the same to be printed and published in the annual edition of the public laws under a heading of "Reorganization Plans."

CHAPTER 204

AN ACT concerning the State Department of Transportation's responsibility with respect to the destruction or contamination of wells used for a potable water supply and to amend "An act concerning the State Highway Department," approved March 16, 1942 (P. L. 1942, c. 22), and to repeal "An act concerning the State Department of Transportation's responsibility with respect to the destruction of wells used for a potable water supply," approved March 12, 1969 (P. L. 1969, c. 39).

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 1 of P. L. 1942, chapter 22 (C. 27:7-21.1) is amended to read as follows:

C. 27:7-21.1 Construction or maintenance of State highway resulting in destruction or contamination of well used for potable water supply.

1. Whenever as a result of the construction or maintenance undertaken by the Department of Transportation of a State high-

way shall result in the destruction or contamination to the extent of rendering the water supply below standards for potable water as promulgated by the New Jersey Department of Health of a well used for potable water supply upon private property or public, which well gave an adequate and satisfactory supply of water prior to the construction or maintenance by the Department of Transportation with respect to the said State highway, and whenever the State Highway Engineer shall determine that the construction or maintenance by the Department of Transportation with respect to the said State highway, was the primary cause of the destruction or contamination of the well and that it is necessary to construct a new well or to provide a substitute potable water supply and shall evidence such determination by a proper certificate so stating, the Commissioner of the Department of Transportation, in order to relieve the owner of a serious hardship, is authorized to pay such part of the cost of constructing a new well or providing a substitute potable water supply as, in the opinion of the Commissioner of the Department of Transportation, the principles of right and justice may require. The Commissioner of the Department of Transportation is authorized to make such payment only in the event that a new well or substitute potable water supply is actually constructed or otherwise secured and under no circumstance shall he authorize any payment in excess of the actual cost of construction or otherwise securing a substitute potable water supply.

If municipal or private water companies have water facilities and water mains within a reasonable distance from the property affected by reason of the destruction of the potable water supply so that the cost of extending the water mains to the property so affected would be less or substantially equal to the cost of constructing a new well or wells, the Commissioner of the Department of Transportation, in lieu of constructing a new well, may pay the cost of extending such water main to the property so affected.

Any funds heretofore or hereafter appropriated to the Department of Transportation for the purpose of acquiring right-of-way may be used to make payments under this act. When several wells have been destroyed by the same State highway construction or maintenance by the Department of Transportation and the Commissioner of the Department of Transportation deems it to be in the best interests of the State, the Commissioner of the Department of Transportation is authorized to enter into a contract or

contracts for the purpose of actually constructing new wells or providing the substitute potable water supply or for the purpose of extending the water facilities or laterals for the property or properties affected. Chapter 34 of Title 52 of the Revised Statutes shall apply to any contracts which may be let for any construction referred to herein or the cost of extending the water mains together with the lateral under this act unless immediate relief is required to abate a nuisance or condition detrimental to the health of the persons utilizing said wells in which case the contract may be awarded. The judgment of the Commissioner of the Department of Transportation on the question of whether or not any compensation shall be made under this act shall be final.

Repealer.

2. Chapter 39 of the laws of 1969 is hereby repealed, except that any actions taken or payments made pursuant to said act prior to the effective date of this act are herewith validated, approved and confirmed.

3. This act shall take effect immediately.

Approved December 2, 1969.

The interest of the State of New Jersey requires that such transitions in the office of Governor be accomplished so as to assure continuity in the conduct of the affairs of the State Government. In addition to the specific provisions contained in this act directed toward that purpose, it is the intent of the Legislature that all officers of the State Government so conduct the affairs of the State Government for which they exercise responsibility and authority as (1) to be mindful of problems occasioned by transitions in the office of Governor, (2) to take appropriate lawful steps to avoid or minimize disruptions that might be occasioned by the transfer of the executive power, and (3) otherwise to promote orderly transitions in the office of Governor.

Provided further, that any employee so detailed shall continue to receive the compensation provided pursuant to law for his regular employment, and shall retain the rights and privileges of such employment

Notwithstanding any other law, persons receiving compensation as members of office staffs under this subsection, other than those detailed from agencies, shall not be held or considered to be employees of the State Government except for purposes of the Public Employees' Retirement System (chapter 15A of Title 43);

appropriate amendment to the public offering statement. A public offering statement is not current unless all amendments are incorporated.

C. 45:22A-8 Determinations by agency.

8. Upon receipt of a statement of record in proper form, the agency shall forthwith initiate an examination to determine that:

(a) The developer can convey or cause to be conveyed the interest in subdivided lands offered for disposition if the purchaser complies with the terms of the offer, and when appropriate, that release clauses, conveyances in trust or other safeguards have been provided;

(b) There is reasonable assurance that all proposed improvements will be completed as represented;

(c) The advertising material and the general promotional plan are not false, misleading, or discriminatory and comply with the standards prescribed by the agency in its rules and afford full and fair disclosure;

C. 45:22A-9 Agency's action upon filing of statement of record; consent in writing to delay.

9. (a) Upon filing of the statement of record in proper form, the agency shall issue a notice of filing to the applicant. Within 10 days from the date of the notice of filing, the agency shall enter an order registering the subdivision or community lands or rejecting the registration. If no order of rejection is entered within 90 days from the date of notice of filing, the land shall be deemed registered unless the applicant has consented in writing to a delay.

(b) If the agency affirmatively determines, upon inquiry and examination, that the requirements of section 8 have been met, it shall enter an order registering the retirement subdivision or community lands and shall designate the form of the public offering statement.

(c) If the agency determines upon inquiry and examination that any of the requirements of section 8 have not been met, the agency shall notify the applicant that the statement of record must be corrected in the particulars specified within 30 days. If the requirements are not met within the time allowed the agency shall enter an order rejecting the registration containing the findings of fact upon which the order is based. The order rejecting the registration shall not become effective for 20 days during which time the applicant may petition for reconsideration and shall be entitled to a hearing upon request.

C. 45:22A-10 Annual reports.

10. (a) Within 30 days after each annual anniversary date of an order registering senior citizens' subdivided lands, the subdivider of such lands shall file a report in the form prescribed by the rules of the agency. The report shall reflect any material changes in information contained in the original statement of record.

(b) The agency at its option may permit the filing of annual reports within 30 days after the anniversary date of the consolidated registration in lieu of the anniversary date of the original registration.

C. 45:22A-11 Rules and regulations; public hearing and notice; civil actions; agency's other powers.

11. (a) The agency shall adopt, amend, or repeal such rules and regulations as are reasonably necessary for the enforcement of the provisions of this act, after a public hearing with notice thereof published once in a newspaper or newspapers with State-wide circulation not less than 5 days nor more than 15 days prior to the hearing and mailed to developers not less than 5 days nor more than 15 days prior to the public hearing. The Director of the Division on Aging, State Department of Community Affairs, shall advise the director of the agency concerning the promulgation or alteration of such rules. The rules shall include but not be limited to provisions for advertising standards to assure full and fair disclosure; provisions for escrow or trust agreements or other means reasonably to assure that all improvements referred to in the statement of record and advertising will be completed and that purchasers will receive the interest in land contracted for; provisions for operating procedures; rules of procedure to be followed in the conduct of all hearings; and other rules as are necessary and proper to effect the purpose of this act.

(b) The agency by rule or by an order, after reasonable notice to all developers covered by this act and a hearing, may require the filing of advertising material relating to retirement subdivision and community lands prior to its distribution.

(c) If it appears that a person has engaged or is about to engage in an act or practice constituting a violation of a provision of this act, or a rule or order hereunder, the agency, with or without prior administrative proceedings, may bring an action in the Chancery Division of the State Superior Court to enjoin the acts or practices and to enforce compliance with this act or any rule or order hereunder. Upon proper showing, injunctive relief or temporary restraining orders shall be granted, and a receiver may be appointed. The agency is not required to post a bond in any court proceedings.

(d) The agency may intervene in a suit involving subdivisions or community lands covered by this act. In such suit, the developer shall promptly furnish the agency notice of the suit and copies of all pleadings.

(e) The agency may:

(1) Accept registrations filed in other States or with the Federal Government;

(2) Grant exemptions if allowed by rules promulgated under subsection (a);

(3) Contract with similar agencies in this State or other jurisdictions to perform investigative functions;

(4) Accept grants in aid from any source.

(f) The agency shall co-operate with similar agencies in other jurisdictions to establish uniform filing procedures, statements of record and forms, uniform public offering statements, advertising standards, rules and common administrative practices.

C. 45:22A-12 Conduct of public or private investigations.

12. (a) The agency may:

(1) Make necessary public or private investigations within or outside of this State to determine whether any person has violated or is about to violate this act or any rule or order hereunder, or to aid in the enforcement of this act or in the prescribing of rules and forms hereunder;

(2) Require or permit any person to file a statement in writing, under oath or otherwise as the agency determines, as to all the facts and circumstances concerning the matter to be investigated.

(b) For the purpose of any investigation or proceeding under this act, the agency or any officer designated by rule may administer oaths or affirmations, and upon its own motion or upon request of any party shall subpoena witnesses, compel their attendance, take evidence, and require the production of any matter which is relevant to the investigation, including the existence, description, nature, custody, condition, and location of any books, documents, or other tangible things and the identity and location of persons having knowledge of relevant facts or any other matter reasonably calculated to lead to the discovery of material evidence.

(c) Upon failure to obey a subpoena or to answer questions propounded by the investigating officer and upon reasonable notice to all persons affected thereby, the agency may apply to Chancery Division of the State Superior Court for an order compelling compliance.

C. 45:22A-13 Cease and desist orders.

13. (a) If the agency determines after notice and hearing that a person has:

- (1) Violated any provision of this act;
- (2) Directly or through an agent or employee knowingly engaged in any false, deceptive, or misleading advertising, promotional, or sales methods to offer or dispose of an interest in the subdivision or community lands;
- (3) Made any substantial change in the plan of disposition and development of the subdivision or community lands subsequent to the order of registration without obtaining prior written approval from the agency;
- (4) Disposed of any subdivision or community lands which have not been registered with the agency;

(5) Violated any lawful order or rule of the agency, it may issue an order requiring the person to cease and desist from the unlawful practice and to take such affirmative action as in the judgment of the agency will carry out the purposes of this act.

(b) If the agency makes a finding of fact in writing that the public interest will be irreparably harmed by delay in issuing an order, it may issue a temporary cease and desist order. Prior to issuing a temporary cease and desist order, the agency whenever possible by telephone or otherwise shall give notice of the proposal to issue a temporary cease and desist order to the developer or his agent. Every temporary cease and desist order shall include in its terms a provision that upon request a hearing will be held

within 30 days at a place chosen by the agency to determine whether or not it becomes permanent.

C. 45:22A-14 Revocation of registration.

14. (a) A registration may be revoked after notice and hearing upon a written finding of fact that the developer has:

(1) Failed to comply with the terms of a cease and desist order;

(2) Been convicted in any court subsequent to the filing of the statement of record for registration for a crime involving fraud, deception, false pretenses, misrepresentation, false advertising, or dishonest dealing in real estate transactions;

(3) Disposed of, concealed, or diverted any funds or assets of any person so as to defeat the rights of retirement subdivision or community purchasers;

(4) Failed faithfully to perform any stipulation or agreement made with the agency as an inducement to grant any registration, to reinstate any registration, or to approve any promotional plan or public offering statement;

(5) Advertised his lands or responded to applications for his lands in a manner which was discriminatory on the basis of race, creed, or national origin;

(6) Made intentional misrepresentations or concealed material facts in a statement of record filed for registration. Findings of fact, if set forth in statutory language, shall be accompanied by a concise and explicit statement of the underlying facts supporting the findings.

(b) If the agency finds after notice and hearing that the developer has been guilty of a violation for which revocation could be ordered, it may issue a cease and desist order instead.

C. 45:22A-15 Violations; penalties.

15. Any person who willfully violates any provision of this act or of a rule adopted under it or any person who willfully, in a statement of record filed for registration makes any untrue statement of a material fact or omits to state a material fact shall be fined not less than \$250.00 or double the amount of gain from the transaction, whichever is the larger but not more than \$50,000.00; or he may be imprisoned for not more than 1 year; or both.

C. 45:22A-16 Liability in event of misrepresentation; recovery by purchaser.

16. (a) Any person who disposes of retirement subdivision or community lands in violation of section 5, or who in disposing of such lands covered by this act makes an untrue statement of a

material fact, or who in disposing of such lands omits a material fact required to be stated in a statement of record or public offering statement or necessary to make the statements made not misleading, is liable as provided in this section to the purchaser unless in the case of an untruth or omission it is proved that the purchaser knew of the untruth or omission or that the person offering or disposing of subdivided lands did not know and in the exercise of reasonable care could not have known of the untruth or omission, or that the purchaser did not rely on the untruth or omission.

(b) In addition to any other remedies, the purchaser, under the preceding subsection, may recover the consideration paid for the lot, parcel, unit or interest in senior citizens' subdivided lands together with interest at the rate of 6% per year from the date of payment, property taxes paid, costs, and reasonable attorneys fees less the amount of any income received from such subdivided lands upon tender of appropriate instruments of reconveyance. If the purchaser no longer owns the lot, parcel, unit or interest in the subdivision or community lands, he may recover the amount that would be recoverable upon a tender of a reconveyance less the market value of the land or property when disposed of and less interest at the rate of 6% per year on that amount from the date of disposition.

(c) Every person who directly or indirectly controls a retirement subdivision or community liable under subsection (a), every general partner, officer, or director of a developer, every person occupying a similar status or performing a similar function, every employee of the developer who materially aids in the disposition, and every agent who materially aids in the disposition is also liable jointly and severally with and to the same extent as such developer, unless the person otherwise liable sustains the burden of proof that he did not know and in the exercise of reasonable care could not have known of the existence of the facts by reason of which the liability is alleged to exist. There is a right to contribution as in cases of contract among persons so liable.

(d) Every person whose occupation gives authority to a statement which with his consent has been used in a statement of record or public offering statement, if he is not otherwise associated with the developer and development plan in a material way, is liable only for false statements and omissions in his statement and only if he fails to prove that he did not know and in the exercise of the reasonable care of a man in his occupation could not have known

of the existence of the facts by reason of which the liability is alleged to exist.

(e) A tender or reconveyance may be made at any time before the entry of judgment.

(f) A person may not recover under this section in actions commenced more than 6 years after his first payment of money to the senior citizens' subdivider in the contested transaction.

(g) Any stipulation or provision purporting to bind any person acquiring retirement subdivision or community lands to waive compliance with this act or any rule or order under it is void.

C. 45:22A-17 Dispositions of certain lands subject to act.

17. Dispositions of subdivision or community lands are subject to this act if:

- (a) Such lands offered for disposition are located in this State; or
- (b) The developer's principal office is located in this State; or
- (c) Any offer or disposition of subdivision or community lands is made in this State, whether or not the seller or purchaser is then present in this State, if the offer originates within this State or is directed by the seller to a person or place in this State and received by the person or at the place to which it is directed.

C. 45:22A-18 Proceedings for extradition.

18. In the proceedings for extradition of a person charged with a crime under this act, it need not be shown that the person whose surrender is demanded has fled from justice or at the time of the commission of the crime was in the demanding or other State.

C. 45:22A-19 Service of process; conditions.

19. (a) In addition to the methods of service provided for in the rules governing the New Jersey Courts, service may be made by delivering a copy of the process to the office of the agency, but it is not effective unless the plaintiff, which may be the agency in a proceeding instituted by it:

(1) Forthwith sends a copy of the process and of the pleading by certified mail to the defendant or respondent at his last known address, and

(2) The plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

(b) If any person, including any nonresident of this State, engages in conduct prohibited by this act or any rule or order hereunder, and has not filed a consent to service of process and personal

jurisdiction over him cannot otherwise be obtained in this State, that conduct authorizes the agency to receive service of process in any noncriminal proceeding against him or his successor which grows out of that conduct and which is brought under this act or any rule or order hereunder, with the same force and validity as if served on him personally. Notice shall be given as provided in subsection (a).

C. 45:22A-20 Severability of act.

20. If any provision of this act or the application thereof to any person or circumstances are held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provisions or application, and to this end the provisions of this act are severable.

21. There are authorized to be appropriated such sums as may be necessary to carry out this act.

22. This act shall take effect upon the expiration of 180 days after the date of its enactment.

Approved December 2, 1969.

(1) Whenever any approved note, including notes held by the authority in the higher education assistance fund, shall be in default for 30 days after the date of maturity thereof, or whenever any installment thereon is more than 120 days in arrears for loans on monthly installment payments and 180 days in arrears for loans with less frequent payments, or upon the death or total and permanent disability of the borrower, the authority shall, upon the demand of a lender, purchase such note by paying to the lender or by transferring to the higher education assistance fund out of the loan reserve fund hereinafter in this chapter created, the total amount of principal and interest then due and owing on said note, as herein provided.

(2) (a) Whenever the aggregate of the principal balances owing on all approved notes and Federally insured student loan notes held by a lender which is a banking institution as defined in section 1 of The Banking Act of 1948 (P. L. 1948, c. 67) is in excess of $\frac{1}{2}$ of 1% of the deposits of such banking institution as of the most recent call date for which published figures are available, and whenever the aggregate of the principal balances owing on all approved notes held by a lender which is an association as defined in section 5 of the

Savings and Loan Act (1963) (P. In lieu of purchasing such approved notes, the authority may, at its option, purchase a participation in approved notes, to the extent of at least 80% of the amount of such excess. In purchasing approved notes, or in purchasing a participation in approved notes, the authority shall pay therefor an amount equal to or based upon the aggregate principal amount owing on the notes so purchased or participated in plus unpaid interest to the date of such purchase or participation. Where the amount of such excess in respect to any one lender is more than \$50,000.00, the authority shall have the right to restrict its purchase or participation to even multiples of \$50,000.00. The authority may, in its discretion, decline to make more than one purchase of approved notes in any 3-month period from any one lender. The authority shall have power to contract with a lender for the servicing of approved notes which are purchased or participated in by it; and for the compensation to be retained by the lender out of the payments of interest or principal, or both, received by such lender in connection with approved notes purchased by or participated in by the authority.

(b) Notwithstanding the provisions of subsection (2) (a) of this section:

(2) The authority is hereby authorized, by resolution of the members thereof, from time to time to suspend or terminate and renew its obligation to purchase approved notes or participation therein pursuant to subsection (2) (a) of this section; provided, however, that any resolution of the authority suspending or

terminating its obligation to purchase approved notes or participations therein shall be effective only as to approved notes made, placed or guaranteed subsequent to the close of the fifth business day following the adoption of such resolution.

Moneys in the loan reserve fund shall be held and approved solely for the purchase by said fund of defaulted loans either by payment to a lender or by transfer to the higher education assistance fund, of the total amount of principal and interest then due and owing on any defaulted note, except to the extent that such moneys represent advances made to the authority by the United States of America, or agencies thereof, which the authority may be required to repay, and in the event such repayment is required it shall be made from the loan reserve fund.

(b) The sum total of all funds on deposit in the loan reserve fund, hereafter referred to as the "loan reserve requirement," shall in no event be less than (i) the amount required to acquire defaulted loans during the then current fiscal year or (ii) the encumbered reserves required to be maintained on all approved loans from time to time outstanding that were approved prior to the effective date of this act, whichever is greater.

(c) In order to assure the maintenance of the loan reserve requirement in the loan reserve fund, there shall be appropriated annually and paid to the authority for deposit in said fund, such sum, if any, as shall be certified by the chairman of the authority to the Governor as necessary to maintain said fund at an amount equal to the loan reserve requirement during the then current fiscal year. The chairman shall annually, on or before December 1, make and deliver to the Governor his certificate stating the sums, if any, required to maintain said fund at the amount aforesaid, and the sum or sums so certified shall be appropriated and paid to the authority during the then current State fiscal year.

(d) Moneys in said fund at any time in excess of the loan reserve requirement, whether by reason of investment or otherwise, may be

withdrawn at any time by the authority and transferred to any other fund or account of the authority.

(e) Moneys at any time in the loan reserve fund may be invested in any direct obligations of, or obligations as to which the principal and interest thereof is guaranteed by, the United States of America or such other obligations as the authority may approve.

(f) For purposes of valuation, investments in the loan reserve fund shall be valued at the lowest of the par value, cost to the authority or market value of such investments. Valuation on any particular date shall include the amount of interest then earned or accrued to such date on any moneys or investments in the loan reserve fund.

1. Section 20 (C. 12:11A-20) of P. L. 1968, chapter 60 is amended to read as follows:

C. 12:11A-20 Exemption from taxation; tax payment; tax reserve fund; property tax reserve.

20. a. The exercise of the powers granted by this act will be in all respects for the benefit of the people of the State, for the increase of their commerce and prosperity, and for the improvement of their health and living conditions, and as the development, operation and maintenance of marine terminals by the corporation will constitute the performance of essential governmental functions, the corporation shall not be required to pay any taxes or assessments upon any marine terminal or any property acquired or used by the corporation under the provisions of this act or upon the income therefrom, and any marine terminal and any property acquired or used by the corporation under the provisions of this act and the income therefrom, and the bonds or notes issued under the provisions of this act, their transfer and the income therefrom (including any profit made on the sale thereof) shall be exempt from taxation.

b. To the end that counties and municipalities may not suffer undue loss of future tax revenue by reason of the acquisition of real property therein by the corporation, the corporation is hereby authorized, empowered and directed to enter into agreement or agreements (hereinafter called "tax agreements") with any county or municipality, prior to the issuance of bonds of the corporation for financing such acquisitions or the expenditure of moneys (other than the proceeds of such bonds) for improvement of said property for the purposes of the corporation, whereby it will undertake to pay a fair and reasonable sum or sums (herein called "tax payment") to compensate the said county or municipality for any loss of such tax revenue by reason of the acquisition of any such property by the corporation. Any such tax payments which the corporation is hereby authorized, empowered and directed to make may be computed on an annual basis which shall not be less than the

amount of taxes upon the property when last assessed prior to its acquisition by the corporation. Every county and municipality wherein such property shall be acquired by the corporation is authorized, empowered and directed to enter into such tax agreements with the corporation to accept tax payments which the corporation is herein authorized, empowered and directed to make. Moneys in such funds shall be held and applied solely to the payment of tax payments of the corporation as the same shall be due and payable, and shall not be withdrawn therefrom if such withdrawal would reduce the amount in such fund to less than the "property tax reserve," as hereinafter defined, except for payment of tax payments then due and payable and for which payments other moneys of the corporation are not then available in accordance with the terms of any tax agreements or said contracts. As herein used "property tax reserve" means, as of any date of computation in a particular year, the total amount of money required by the terms of all tax agreements of the corporation to be raised in such year for tax payments reduced by the amount of all prior tax payments made in such year.

In order to assure provision of the property tax reserve in said fund, there shall be annually appropriated and paid to the corporation for deposit in said fund, such sum, if any, as shall be certified by the chairman of the corporation to the Governor as then necessary to provide in said fund an amount equal to the property tax reserve. The chairman shall annually, on or before December 1, make and deliver to the Governor his certificate stating the sum if any needed to provide in said fund the amount of the property tax

reserve as of said date, and the sum or sums so certified shall be appropriated and paid to the corporation during the then current fiscal year. For purpose of any valuation hereunder investment of said fund shall be valued at current market value.

There shall also be transferred from the contingent reserve fund or the pension fund of the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System or from the Group Annuity Plan to the individual's account in the alternate benefit program, the pension reserve required as of the date of his transfer to provide a pension for each year of service credited to the account of the member as set forth in section 18A:66-36 or section 18A:66-44 of the New Jersey Statutes or as set forth in section 38 or section 48 of chapter 84 of the laws of 1954 as such sections have been amended and supplemented as of July 1, 1969 (C. 43:15A-38, C. 43:15A-48) or for each year of service credited under the Group Annuity Plan. Such transfer from the contingent reserve fund or the pension fund of the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System or the Group Annuity Plan shall be made at the time of the member's transfer to the alternate benefit program in the case of any such member who has then met the eligibility requirements for a pension under the aforementioned section 18A:66-36, or section 18A:66-44 of the New Jersey Statutes, or section 38 or section 48 of chapter 84 of the laws of 1954 (C. 43:15A-38, C. 43:15A-48) or the Group Annuity Plan. In the case of any member who elects to participate in the alternate benefit program who has not then met the eligibility requirements for a pension under section 18A:66-36 or section 18A:66-44 of the New Jersey Statutes, or under section 38 or section 48 of chapter 84 of the laws of 1954 (C. 43:15A-38, C. 43:15A-48) or under the Group Annuity Plan, the transfer from the contingent reserve fund or the pension fund of the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System or the Group Annuity Plan shall be effected at the time such requirements have been met, taking into account for the purpose of such eligibility requirement his years of membership service at the time of his election and his subsequent years of service as a full-time member of the faculty of the College of Medicine and Dentistry,

Rutgers, The State University, the Newark College of Engineering or the State or county colleges or as an eligible employee of the Department of Higher Education, or at the time he shall have 10 years of credit for New Jersey service and becomes physically incapacitated for the performance of duty if he had been a member of the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System as of the date of transfer.

The annuity to be used in determining the amount of pension is the actuarial equivalent of the member's accumulated deductions transferred from the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System to the date the member attains 60 years of age, if subsequent to the date of election. The amount of pension is that established by formula within section 18A:66-44 of the New Jersey Statutes or section 48 of chapter 84 of the laws of 1954 as such sections have been amended and supplemented as of July 1, 1969 (C. 43:15A-48) or under the Group Annuity Plan, and changes to section 18A:66-44 or section 48 of chapter 84 of the laws of 1954 (C. 43:15A-48) enacted subsequent to this act or the Group Annuity Plan shall have no application to the provisions of this act.

In the event that the eligibility requirement under section 18A:66-36 of the New Jersey Statutes or under section 38 of chapter 84 of the laws of 1954 (C. 43:15A-38) or under the Group Annuity Plan is changed at some future date to permit members to become eligible for such benefit prior to the completion of 15 years of service, the transfer of the reserve from the contingent reserve fund or the pension fund of the Teachers' Pension and Annuity Fund or the Public Employees' Retirement System or from the Group Annuity Plan shall be effective as of the date the member who had elected the alternate benefit program meets the amended eligibility requirement or the effective date of the amendment, whichever is later.

In the event an option is available with respect to the distribution of employee and employer contributions between fixed and variable annuities under the alternate benefit program, the employee shall have the right to determine the percentage distribution of these funds subject to any limitations imposed by the designated insurer or insurers.

(c). No transfer of pension reserves shall be made pursuant to this section where more than 2 consecutive years elapse in which no employer contributions to an alternate benefit program are required.

C. 18A:66-174 Deductions from compensation of participants; payments of employer contribution.

8 (a). The College of Medicine and Dentistry, Rutgers, The State University and the Newark College of Engineering shall deduct from the compensation of each participant in the alternate benefit program and pay over to the insurer or insurers for the benefit of the participant an employee contribution for the retirement annuity contract or contracts equal to 5% of the participant's base salary. The intervals for deductions and payments shall be determined by the respective school governing bodies.

The Division of Pensions shall provide for deductions from the compensation of each participant in the alternate benefit program employed by the Department of Higher Education, the State and county colleges of an employee contribution equal to 5% of the participant's base salary and pay this amount to the insurer or insurers for the individual's retirement annuity contract or contracts. The intervals for deductions and payments shall be determined by the Division of Pensions.

(b). Based on a certification to the Division of Pensions by the College of Medicine and Dentistry, Rutgers, The State University and the Newark College of Engineering of the number and base salary of participants, the division shall authorize the State to make payment of the employer contributions to the alternate benefit programs at a rate equal to the normal contribution made by the State on behalf of non-veteran members of the Public Employees' Retirement System, which moneys shall be paid to the designated insurer or insurers for the benefit of each participant.

Based on a certification by the Division of Pensions of the number and base salary of participants employed by the Department of Higher Education, the State and county colleges, the State shall make payment of the employer contributions to the alternate benefit program at a rate equal to the normal contribution made by the State on behalf of non-veteran members of the Public Employees' Retirement System, which moneys shall be paid to the designated insurer or insurers for the benefit of each participant.

(c). For the member of the Public Employees' Retirement System employed by the county colleges who is defined in the regulations of the Board of Higher Education as a full-time faculty member and who is permitted to transfer his membership or continue membership in that State program, as the case may be, the State shall pay the employer contribution to the retirement system on his behalf and such employer contribution shall be at a rate

equal to the normal contribution made by the State on behalf of non-veteran members of the Public Employees' Retirement System.

C. 18A:66-175 Termination of membership or participation.

9. Membership or participation in the alternate benefit program shall terminate and the individual shall be considered retired once he has elected to receive an annuity from the designated insurer or insurers.

C. 18A:66-176 Life insurance and disability benefits; limitations.

10. As of July 1, 1969 the group contract providing life insurance and disability benefits for all participants in the alternate benefit program of each public institution of higher education in the State shall be on a non-contributory basis and shall be in lieu of any non-contributory and contributory benefits provided pursuant to sections 18A:64C-11.1 to 18A:64C-11.9 (inclusive) and article 16 of chapter 65 of Title 18A of the New Jersey Statutes, chapters 278 and 281 of the laws of 1967, and chapter 181 of the laws of 1968. In accordance with the provisions of this act such group contract or contracts providing life insurance shall be in an amount equal to $3\frac{1}{2}$ times the base annual salary of the participant in the alternate benefit program; provided, however, that if death shall occur after the participant shall have attained age 70 or in the event of death after retirement, the amount payable shall equal $\frac{1}{2}$ of the participant's base annual salary.

For purposes of this section a participant shall be deemed to be in service and covered by the group life insurance for a period of no more than 93 days while on official leave of absence without pay when such leave is due to any reason other than illness, except for a leave up to 1 year to fulfill a residency requirement for an advanced degree, for a period of no more than 1 year in the event of an official leave due to maternity and for a period of no more than 2 years if satisfactory evidence is presented to the Division of Pensions that such official leave of absence without pay is due to illness. A participant shall be deemed to be on an official leave of absence only if the leave is formally approved by his employer prior to the time the leave commenced and timely notice is filed by the employer with the Division of Pensions; the lack of such timely notice shall place the responsibility for the payment of any benefits pursuant to this section directly upon the employer if the participant was otherwise eligible for such benefits.

In the event of the death of a participant in active service in the first year of participation as a result of an accident met in the

actual performance of duty at some definite time and place, the death benefit payable pursuant to this section shall be computed at the annual rate of base salary.

No beneficiary of a retired member shall be entitled to receive the death benefits payable in the event of death after retirement pursuant to this section unless such member (a) had at least 10 years of credited New Jersey participation in an alternate benefit program established pursuant to this act and (b) had attained 60 years of age and was an actively employed participant in such a program in the year immediately preceding his initial receipt of a retirement annuity.

C. 18A:66-177 State Treasurer's authority to purchase life insurance and disability benefit coverage; conditions.

11. As of July 1, 1969 the State Treasurer is hereby authorized and permitted to purchase from one or more insurance companies, as determined by him, group life insurance and disability benefit coverage to provide for the death benefits and disability benefits in the amounts specified in this act. Such group life insurance and disability benefit coverage may be provided under one or more policies issued to the State Treasurer specifically for this purpose or, in the discretion of the State Treasurer, under one or more policies issued to the State Treasurer which provide group life insurance coverage for members of one or more retirement systems of the State of New Jersey. Any dividend or retrospective rate credit allowed by an insurance company attributable to the alternate benefit program shall be credited in an equitable manner to the funds available to meet the employers' obligations under the alternate benefit program.

Premiums for such group insurance coverage shall be paid from a special fund, hereby created, called the "Alternate Benefit Group Insurance Premium Fund." The State Treasurer shall estimate annually the amount which will be required for premiums for such benefits for the ensuing fiscal year and shall certify such amounts which shall be applied against the total employer contributions due for the participants from the several institutions where the alternate benefit programs are established, depositing such amounts in the Alternate Benefit Group Insurance Premium Fund.

During the period such group insurance policy or policies are in effect with respect to participants in the alternate benefit programs the State Treasurer shall in no way commingle moneys in this fund with any pension funds established under the alternate benefit programs.

All reserves and moneys held by the insurance carriers under the group life insurance and disability benefit policies providing for employer and employee contributions pursuant to the provisions of chapters 64C and 65 of Title 18A of the New Jersey Statutes, chapters 278 and 281 of the laws of 1967 and chapter 181 of the laws of 1968, and any amendments and supplements thereto, as well as any accrued liabilities under such policies which may be terminated, shall be transferred and merged with those group policies purchased by the State Treasurer.

C. 18A:66-178 Qualifications of life insurance company.

12. Any life insurance company must meet the following requirements in order to qualify under section 11 of this act:

a. Be licensed under the laws of the State of New Jersey to transact life and accidental death insurance, and the amount of its group life insurance in the State of New Jersey shall at the time said insurance is to be purchased equal at least 1% of the total amount of such group life insurance in the State of New Jersey in all life insurance companies; or

b. Come within the exceptions provided in chapter 234 of the laws of 1968 (C. 17:32-16 et seq.).

C. 18A:66-179 Required conversion privileges.

13. Any such group policy or policies shall include, with respect to any insurance terminating or reducing because the participant has ceased to be in service or has retired, the conversion privilege available upon termination of employment as prescribed by the law relating to group life insurance; and shall also include, with respect to life insurance terminating because of termination of the group policy, the conversion privilege available upon termination of the group policy as prescribed by such law. Any such group policy or policies shall also provide that if the participant dies within the 31-day period during which he would be entitled to exercise the conversion privilege, the amount of life insurance with respect to which he could have exercised the conversion privilege shall be paid as a claim under the group policy. When benefits payable upon the death of a participant following retirement are determined as though the participant had not retired, the death benefits payable under the group policy or policies, together with the amount of life insurance paid under any individual policy obtained under the conversion privilege, shall in no event exceed the amount of insurance for which the participant was insured under the group policy or policies immediately prior to the date

the right of conversion arose. If any participant has exercised the conversion privilege under the group policy or policies while on leave of absence or upon termination of employment, when he again becomes a participant of an alternate benefit program and the individual policy obtained pursuant to the conversion privilege is still in force, he shall not again be eligible for any of the group life insurance provided under such policy or policies unless he furnishes satisfactory evidence of insurability.

C. 18A:66-180 Death benefits; designation of beneficiary.

14. Death benefits under such group policy or policies shall be paid by the insurance company to such person, if living, as the participant shall have nominated by written designation duly executed and filed with the insurance company through the policyholder, otherwise to the executors or administrators of the participant's estate. A participant may file with the insurance company through the policyholder and alter from time to time during his lifetime, as desired, a duly attested written nomination of his payee for the death benefit.

C. 18A:66-181 Settlement options.

15. Any such group policy or policies shall provide that payment of any death benefits which are payable by the insurance company may be made in one sum directly to the beneficiary as hereinafter provided, in equal installments over a period of years or as a life annuity or in such other manner as may be made available by the insurance company. A participant may make such arrangements for settlement, and may alter from time to time during his lifetime any arrangement previously made, by making written request to the insurance company through the policyholder. Upon the death of a participant, a beneficiary to whom a benefit is payable in one sum by the insurance company may likewise arrange for a settlement as described above.

C. 18A:66-182 Evidence of insurability required of certain participants.

16. a. Any person entitled to become a participant in an alternate benefit program shall not be allowed any of the group life and disability insurance benefits if on the date he files an application for participation he is 60 or more years of age or if he makes application for participation in an alternate benefit program beyond the year after he first became eligible for participation, regardless of age, unless the participant furnishes satisfactory evidence of insurability and on the effective date of his participation is actively

at work and performing all his regular duties at his customary place of employment.

The effective date of coverage for such benefits shall be the first day of the month which immediately follows the date when such evidence is determined to be satisfactory.

b. Such evidence of insurability will not be required of any person becoming a participant of an alternate benefit program upon transfer from the Teachers' Pension and Annuity Fund, the Public Employees' Retirement System, other State-administered retirement system or the Group Annuity Plan, if such system provided benefits of a similar nature and the transferring employee was covered by such benefits at the time of the transfer. If such transferring employee was not covered by such benefits at the time of the transfer, he may be allowed the benefits under the group policy or policies subject to the provisions of subsection a. of this section; provided, however, that any such participant must furnish satisfactory evidence of insurability under the provisions of subsection a. of this section, if he had been unable or failed to give such evidence as a member of the system from which he transferred.

c. Any person who must furnish satisfactory evidence of insurability under the provisions of this section and who ceases to be a participant of an alternate benefit program without such evidence having been given, shall continue to be subject to the same requirement if he subsequently becomes a participant.

C. 18A:66-183 Form of designation of beneficiary; method of change; share of each beneficiary; settlement options.

17. The designation of beneficiary by a participant or retirant shall be made in writing on a form satisfactory to the Division of Pensions and filed with the division. The participant or retirant may, from time to time and without the consent of his designee, change the beneficiary by filing a written notice of the change on a satisfactory form. The new nomination will be effective on the date the notice, in proper form, is received and any prior nomination shall thereupon become void.

If more than one beneficiary is nominated and in such nomination the participant or retirant has failed to specify their respective interests, the beneficiaries shall share equally. If any beneficiary predeceases the participant or retirant, the interest of such beneficiary shall terminate and shall be shared equally by such of the beneficiaries as survive the participant or retirant, unless the participant or retirant has made written request to the contrary in his beneficiary nomination.

Any amounts due for which there is no beneficiary at the death of a participant, retirant or beneficiary shall be payable to the estate of such participant, retirant or beneficiary.

Except with regard to the payment of the group life insurance death benefit upon the death of a participant age 70 or more or of a retirant, a participant may elect, by making written request, that the whole or any part of his group life death benefits be made payable to his beneficiary either as a life annuity or in equal installments over a period of years specified in such election, and may alter such election from time to time during his lifetime by again making such written request. In the event of a change of beneficiary, any previous arrangement by the participant or retirant under this paragraph shall be void. The election set forth in this paragraph shall not apply or be available when the beneficiary is an estate, or a corporation, partnership, association, institution, trustee, or any fiduciary.

If, at the participant's death, an amount of group life death benefit would be payable to the beneficiary in a single sum, any election with regard to such amount which was available to the participant immediately prior to his death in accordance with the preceding paragraph shall then be available to such beneficiary for the benefit of such beneficiary.

With respect to any death benefits payable on the basis of the individual retirement annuity contract or contracts, all settlement options will be made available to the participant, retirant or beneficiary as are allowed by the insurer or insurers.

The provisions of this section shall be construed separately with respect to each of the death benefits for which a beneficiary is designated by the participant or retirant.

C. 18A:66-184 Disability insurance benefits; limitations.

18. The disability benefits provided under such group policy or policies for all eligible participants in the alternate benefit programs shall provide a monthly income if the participant becomes totally disabled from occupational or nonoccupational causes for a period of at least 6 consecutive months following the effective date of the coverage. The monthly disability benefit may be paid by the insurance company so long as the participant remains disabled up to his seventieth birthday, provided the disability commenced prior to his sixtieth birthday. The benefit will terminate when the participant is no longer considered totally disabled or begins to receive retirement benefits.

The participant will be considered totally disabled if he is unable to perform each duty of his occupation and is under the regular care of a physician. After the 12 months following the commencement of such disability benefit payments, he must be unable to engage in any gainful occupation for which he is reasonably fitted by education, training or experience. Total disability is not considered to exist if he is gainfully employed. However, following an agreement with the insurance company and the policyholder, the participant can continue to receive disability benefits for a limited time while performing some type of work. During the period of rehabilitation the monthly benefit will be the regular payment less 80% of the participant's earnings from such rehabilitative position.

For purposes of this section a participant shall be deemed to be in service and covered by the disability benefit insurance provisions for a period of no more than 6 months while on official leave of absence without pay if satisfactory evidence is presented to the Division of Pensions that such leave of absence without pay is due to illness and that the member was not actively engaged in any gainful occupation during such period of leave of absence without pay.

Disability benefit insurance provisions of the group policy or policies shall not cover disability resulting from or contributed to by pregnancy, act of war, intentionally self-inflicted injury, or attempted suicide whether or not sane. For purposes of such disability insurance the participant will not be considered to be disabled while he is imprisoned or while outside the United States, its territories or possessions, or Canada.

If the participant has recovered from the disability for which he had received benefits and again becomes totally disabled while insured, the later disability will be regarded as a continuation of the prior one unless the participant has returned to full-time covered employment for at least 6 months. However, if the later absence is due to an unrelated cause and the participant had returned to full-time work, it will be considered a new disability. The disability benefit insurance cannot be converted to an individual policy.

No person shall be covered by the disability benefit provision of the group policy or policies except upon the completion of one year of full-time continuous employment in a position eligible for participation in the alternate benefit program.

C. 18A:66-185 Amount of disability benefits.

19. The disability benefits provided under such group policy or policies shall be in an amount equal to 60% of the participant's base monthly salary, reduced by periodic benefits to which the partici-

pant may be entitled during the period of total disability. The minimum monthly disability benefit will be \$50.00.

The periodic benefits by which the monthly disability benefits may be reduced shall include salary or wages, retirement benefits or benefits from any source for which the State or other public employer has paid any part of the cost or made payroll deductions, Social Security disability or other benefits, including dependents' benefits, and benefits paid by Social Security at the option of the participant before the age of 65, but not including any increase in Social Security benefits enacted after the disability benefits under such group policy or policies have commenced, and any other periodic benefits provided by law except on account of military service.

When a participant begins to receive disability benefits under such group policy or policies the insurance company will pay an amount equal to the employee contribution which would have been required of the participant and deducted from his base salary in order to meet his obligation for the purchase of his individual retirement annuity. Such amount shall be paid by the insurance company without reduction by any other periodic benefits which the participant is eligible to receive. Such amount will be paid by the insurance company to the insurer or insurers for the participant's retirement annuity contract or contracts.

C. 18A:66-186 Credit in form of reduced premiums.

20. Notwithstanding any other provision of law, any insurance company or companies, issuing such policy or policies may credit the policyholder either directly or in the form of reduced premiums, with savings by said company or companies in the event that no brokerage commission or commissions are paid by said company or companies on the issuance of such policy or policies.

C. 18A:66-187 Certain employer obligations prohibited.

21. While any participant in the alternate benefit program may make personal contributions at any time directly to the insurer or insurers of the individual retirement annuities, no employer obligations will be paid when the participant is on a leave of absence without pay or when the participant no longer meets the definition of a full-time officer or full-time member of the faculty.

C. 18A:66-188 Cash surrender or loan value prohibited; conditions for annuity repurchase.

22. Since the establishment of the alternate benefit programs is designed to guarantee immediate vesting for each participant of his and his employer's contributions, such alternate benefit pro-

grams shall not provide cash surrender or loan value. In the event a participant in the alternate benefit program terminates his employment for reasons other than retirement or disability and requests repurchase of his annuity or annuities, such repurchase shall be allowed provided it meets the conditions under which the insurer will repurchase annuities automatically, and provided that the portion of the repurchase value attributable to employer contributions made pursuant to this act shall be refunded to the employer.

C. 18A:66-189 Required period of employment; disposition of employee contributions during initial year of service; exceptions.

23. (a) Notwithstanding any other provisions of this act, no contributions to any retirement annuity contracts shall be authorized by the Division of Pensions for payment by the State until the completion of one year of employment and commencement of a second consecutive year of employment. Employee contributions required during this initial year of service shall be deducted and held by the College of Medicine and Dentistry, Rutgers, The State University and the Newark College of Engineering for their employees and by the Division of Pensions for employees of the Department of Higher Education, the State and county colleges. Upon the commencement of such second year the amount of the employee contributions, and such amount of the employer contribution as herein required which has not theretofore been paid for said employee, together with interest on both portions at the rate of 4% per annum, shall be paid by the employer to the designated insurer or insurers for and on behalf of such employee; if such an employee does not commence such second year, the amount of employee contributions deducted from his compensation shall be refunded to him.

(b) The provisions of subsection (a) of this section shall not apply to any employee who, at the time of initial employment (1) owns a retirement annuity contract or contracts determined by the Division of Pensions to be substantially similar to the contracts to be purchased under the alternate benefit programs and issued by the designated insurer or insurers, or (2) is a member of a New Jersey State-administered retirement program.

C. 18A:66-190 Authority to enter into agreements for annuity purchases; method of payment; maximum amount of payment.

24. The Board of Trustees of the New Jersey College of Medicine and Dentistry, the Board of Governors of Rutgers, The State University, the Board of Trustees of the Newark College of Engi-

neering and the Board of Higher Education on behalf of the Department of Higher Education, the State and county colleges, are hereby authorized to enter into agreement with each employee participating in the alternate benefit program whereby the employee agrees to take a reduction in salary with respect to amounts earned after the effective date of such agreement in return for the agreement of the respective institution to use a corresponding amount to purchase an annuity for such employee so as to obtain the benefits afforded under section 403 (b) of the Federal Internal Revenue Code, as amended. Any such agreement shall specify the amount of such reduction, the effective date thereof, and shall be legally binding and irrevocable with respect to amounts earned while the agreement is in effect; provided, however, that such agreement may be terminated after it has been in effect for a period of not less than one year upon notice in writing by either party, and provided further that not more than one such agreement shall be entered into during any taxable year of the employee. For the purposes of this section, any annuity or other contract which meets the requirements of section 403 (b) of the Federal Internal Revenue Code, as amended, may be utilized. The amount of the reduction in salary under any agreement entered into between the institutions and any employee pursuant to this section shall not exceed 10% of the employee's salary prior to such reduction.

C. 18A:66-191 Prohibited payments; authorized payments.

25. No retirement, death or other benefit shall be payable by the State, the College of Medicine and Dentistry, Rutgers, The State University, the Newark College of Engineering, the Board or the Department of Higher Education or the Division of Pensions under the alternate benefit program. Benefits shall be payable to participating employees and their beneficiaries only by the designated insurer or insurers under the terms of the contracts.

C. 18A:66-192 Operation of programs.

26. The Division of Pensions shall provide for all things necessary to prepare and operate said alternate benefit programs. The division shall adopt rules and regulations from time to time as it may deem necessary for the operation of the programs.

27. This act shall take effect July 1, 1969.

Approved December 22, 1969.

The court shall cause any defendant, who refuses or neglects to forthwith pay the amount of the judgment rendered against him and all the costs and charges incident thereto, to be committed to the county jail for a period of not less than 10 days and not exceeding 30 days for a first offense and not less than 30 days nor more than 90 days for any subsequent offense. C. 17:9A-54 Limitations.

54. Limitations.

A. A bank which makes a loan to which this article applies shall not

(1) Require that more than one installment be payable in any one payment-period, except that the last 2 installments may be payable in the same payment-period. Every such loan shall provide for payment-periods of equal duration measured in terms of weeks or months, except that the period scheduled to elapse between the making of the loan and the date when the first installment is scheduled to be paid, hereinafter in this paragraph referred to as "the initial payment-period" may be longer than any other payment-period, but may not exceed 60 days. Any such loan may provide for the omission of installments during any period not exceeding 93 days in any one 12-month period. When the period during which installments are so omitted falls within or coincides with the initial payment-period as hereinabove defined, the initial payment-period may be longer than any other payment-period, but may not exceed 93 days. Except as herein otherwise expressly provided, no payment-period shall be shorter than 1 week or longer than 1 month;

(2) Require that the amount of any installment be greater than or less than that of any other installment, except that the final installment may be not more than \$1.00 more or less than any previous installment;

(3) Prior to default, directly or indirectly take any security for any such loan other than an interest in tangible personal property; except that, in the case of a Class II loan, the bank may take as security therefor either an interest in tangible personal property

(4) Make any Class I loan unless its final installment shall be due and payable not later than 3 years and 1 month subsequent to the making of the loan; or make any Class II loan unless its final installment shall be due and payable not more than 5 years and 1 month subsequent to the making of the loan;

(5) Make any further interest or other charge or demand, in connection with such loan, other than those expressly authorized by this article;

(6) Make any such loan for the payment of which any person shall be liable to the bank in any capacity, if the amount of the net proceeds of such loan, and the amounts of the principal balances owing on all other loans to which this article applies, for the payment of which such person is liable to such bank in any capacity, will, in the aggregate, exceed \$5,500.00 or \$7,500.00 in the case of a Class II loan. For the purposes of this paragraph, the principal balance owing on a loan to which this article applies shall be deemed to be the face amount of the instrument evidencing such loan, less the aggregate of all installments paid thereon, and less a credit computed according to the formula contained in section 56. If, for the purpose of determining the maximum amount in which a person may be liable to a bank, any law of this State provides that the liability of a person to a bank on loans to which this article applies shall be added to the liability of such person on loans made pursuant to such law, then, for the purpose of applying the \$5,500.00 or \$7,500.00 limitation imposed by this paragraph, the amount of such person's liability to repay the principal amount, without interest or other charges, of loans made pursuant to such law, shall be considered as a liability of such person on loans to which this article applies.

B. Nothing in this section or elsewhere in this article contained shall prevent a bank from making a loan to which this article applies, the proceeds of which will be applied in whole or in part to the repayment at or before final maturity of a loan theretofore made under the provisions of this article or otherwise.

(viii) such other elements and facilities as are designated in the master deed as common elements.

(e) "Common expenses" means expenses for which the unit owners are proportionately liable, including but not limited to:

(h) "Condominium" means the form of ownership of real property under a master deed providing for ownership by one or more owners of units of improvements together with an undivided interest in common elements appurtenant to each such unit.

(i) "Condominium property" means the land covered by the master deed, whether or not contiguous and all improvements thereon and all easements, rights and appurtenances belonging thereto or intended for the benefit thereof.

(j) "Limited common elements" means those common elements which are for the use of one or more specified units to the exclusion of other units.

(k) "Majority" or "majority of the unit owners" means the owners of more than 50% of the aggregate in interest of the undivided ownership of the common elements as specified in the master deed. If a different percentage of unit owners is required to be determined under this act or under the master deed or by-laws for any purpose, such different percentage of owners shall mean the owners of an equal percentage of the aggregate in interest of the undivided ownership of the common elements as so specified.

(l) "Master deed" means the master deed recorded under the terms of section 8 of this act, as such master deed may be amended or supplemented from time to time.

(p) "Unit owner" means the person or persons owning a unit in fee simple.

C. 46:8B-4 Status of units.

C. 46:8B-5 Types of ownership.

5. Types of ownership. Any unit may be held and owned by one or more persons in any form of ownership, real estate tenancy or relationship recognized under the laws of this State.

C. 46:8B-6 Common elements.

6. Common elements. The proportionate undivided interest in the common elements assigned to each unit shall be inseparable from such unit, and any conveyance, lease, devise or other disposition or mortgage or other encumbrance of any unit shall extend to and include such proportionate undivided interest in the common elements, whether or not expressly referred to in the instrument effecting the same. The common elements shall remain undivided and shall not be the object of an action for partition or division. The right of any unit owner to the use of the common elements shall be a right in common with all other unit owners (except to the extent that the master deed provides for limited common elements) to use such common elements in accordance with the reasonable purposes for which they are intended without encroaching upon the lawful rights of the other unit owners.

C. 46:8B-7 Invalidity of contrary agreements.

7. Invalidity of contrary agreements. Any agreement contrary to the provisions of this act shall be void.

ARTICLE III**CREATION OF A CONDOMINIUM****C. 46:8B-8 Method of creation.**

8. Method of creation. A condominium may be created and established by recording in the office of the county recording officer of the county wherein the land is located a master deed executed and acknowledged by all owners of such land, setting forth the matters required by section 9 of this act. This act shall apply solely to real property or interests therein which have been subjected to the terms of this act as provided in this section.

C. 46:8B-9 Contents of master deed.

9. Contents of master deed. The master deed shall set forth, or contain exhibits setting forth the following matters:

(a) A statement submitting the land described in such master deed to the provisions of this act.

(b) A name, including the word "condominium" or followed by the words "a condominium," by which the property shall thereafter be identified.

(c) A legal description of the land.

(d) A survey of the land and plans or other graphic description of the improvements erected or to be erected thereon in sufficient detail to show and identify common elements, each unit and their respective locations and approximate dimensions. Such plans or other graphic description shall bear a certification by an engineer or architect authorized to practice his profession in this State setting forth that such plans constitute a correct representation of the improvements described.

(e) An identification of each unit by distinctive letter, name or number so that each unit may be separately described thereafter by such identification.

(f) A description of the common elements and limited common elements, if any.

(g) The proportionate undivided interests in the common elements and limited common elements, if any, appurtenant to each such unit. Such interests shall in each case be stated as percentages aggregating 100%.

(h) The voting rights of unit owners.

(i) By-laws.

(j) A method of amending and supplementing the master deed, which shall require the recording of any such amendment or supplement in the same office as the master deed before it shall become effective.

(k) The name and nature of the association and if such association is not incorporated, the name and residence address, within this State of the person designated as agent to receive service of process upon such association.

(l) The proportions or percentages and manner of sharing common expenses and owning common surplus.

(m) Such other provisions, not inconsistent with this act, as may be desired, including but not limited to restrictions or limitations upon the use, occupancy, transfer, leasing or other disposition of any unit (provided that any such restriction or limitation shall be otherwise permitted by law) and limitations upon the use of common elements.

C. 46:8B-10 Unit deeds and other instruments.

10. Unit deeds and other instruments. A deed, mortgage, lease or other instrument pertaining to a unit shall have the same force and effect in regard to such unit as would be given to a like instrument pertaining to other real property which has been similarly made, executed, acknowledged and recorded. A unit deed shall contain the following:

(a) The name of the condominium as set forth in the master deed, the name of the political subdivision and county in which the condominium property is located and a reference to the recording office, the book and page where the master deed and any amendment thereto are recorded.

(b) The unit designation as set forth in the master deed.

(c) A reference to the last prior unit deed conveying such unit, if previously conveyed.

(d) A statement of the proportionate undivided interest in the common elements appurtenant to such unit as set forth in the master deed or any amendments thereof.

(e) Any other matters, consistent with this act, which the parties may deem appropriate.

C. 46:8B-11 Amendments to master deed.

11. Amendments to master deed. The master deed may be amended or supplemented in the manner set forth therein. Unless otherwise provided therein, no amendment shall change a unit unless the owner of record thereof and the holders of record of any liens thereon shall join in the execution of the amendment or execute a consent thereto with the formalities of a deed. Notwithstanding any other provision of this act or the master deed, the designation of the agent for service of process named in the master deed may be changed by an instrument executed by the association and recorded in the same office as the master deed.

ARTICLE IV**ADMINISTRATION****C. 46:8B-12 The association.**

12. The association. The association provided for by the master deed shall be responsible for the administration and management of the condominium and condominium property, including but not limited to the conduct of all activities of common interest to the unit owners. The association may be any entity recognized by the

laws of New Jersey, including but not limited to a business corporation or a nonprofit corporation.

C. 46:8B-13 By-laws.

13. By-laws. The administration and management of the condominium and condominium property and the actions of the association shall be governed by by-laws which shall initially be recorded with the master deed and shall provide, in addition to any other lawful provisions, for the following:

(a) The form of administration, indicating the titles of the officers and governing board of the association, if any, and specifying the powers, duties and manner of selection, removal and compensation, if any, of officers and board members.

(b) The method of calling meetings of unit owners, the percentage of unit owners or voting rights required to make decisions and to constitute a quorum, but such by-laws may nevertheless provide that unit owners may waive notice of meetings or may act by written agreement without meetings.

(c) The manner of collecting from unit owners their respective shares of common expenses and the method of distribution to the unit owners of their respective shares of common surplus or such other application of common surplus as may be duly authorized by the by-laws.

(d) The method by which the by-laws may be amended, provided that no amendment shall be effective until recorded in the same office as the then existing by-laws. The by-laws may also provide a method for the adoption, amendment and enforcement of reasonable administrative rules and regulations relating to the operation, use, maintenance and enjoyment of the units and of the common elements including limited common elements.

C. 46:8B-14 Duties of the association.

14. Duties of the association. The association, acting through its officers or governing board, shall be responsible for the performance of the following duties, the costs of which shall be common expenses:

(a) The maintenance, repair, replacement, cleaning and sanitation of the common elements.

(b) The assessment and collection of funds for common expenses and the payment thereof.

(c) The adoption, distribution, amendment and enforcement of rules governing the use and operation of the condominium and

the condominium property and the use of the common elements subject to the right of a majority of unit owners to change any such rules.

(d) The maintenance of insurance against loss by fire or other casualties normally covered under broad-form fire and extended coverage insurance policies as written in this State, covering all common elements and all structural portions of the condominium property and the application of the proceeds of any such insurance to restoration of such common elements and structural portions if such restoration shall otherwise be required under the provisions of this act or the master deed or by-laws.

(e) The maintenance of insurance against liability for personal injury and death for accidents occurring within the common elements whether limited or general and the defense of any actions brought by reason of injury or death to person, or damage to property occurring within such common elements and not arising by reason of any act or negligence of any individual unit owner.

(f) The master deed or by-laws may require the association to protect blanket mortgagees, or unit owners and their mortgagees, as their respective interests may appear, under the policies of insurance provided under clauses (d) and (e) of this section, or against such risks with respect to any or all units, and may permit the assessment and collection from a unit owner of specific charges for insurance coverage applicable to his unit.

(g) The maintenance of accounting records, in accordance with generally accepted accounting principles, open to inspection at reasonable times by unit owners. Such records shall include:

(i) A record of all receipts and expenditures.

(ii) An account for each unit setting forth any shares of common expenses or other charges due, the due dates thereof, the present balance due, and any interest in common surplus.

(h) Nothing herein shall preclude any unit owner or other person having an insurable interest from obtaining insurance at his own expense and for his own benefit against any risk whether or not covered by insurance maintained by the association.

(i) Such other duties as may be set forth in the master deed or by-laws.

C. 46:8B-15 Powers of the association.

15. Powers of the association. Subject to the provisions of the master deed, the by-laws and the provisions of this act, the association shall have the following powers:

(a) Whether or not incorporated, the association shall be an entity which shall act through its officers and may enter into contracts, bring suit and be sued. If the association is not incorporated, it may be deemed to be an entity existing pursuant to this act and a majority of the members of the governing board or of the association, as the case may be, shall constitute a quorum for the transaction of business. Process may be served upon the association by serving any officer of the association or by serving the agent designated for service of process. Service of process upon the association shall not constitute service of process upon any individual unit owner.

(b) The association shall have access to each unit from time to time during reasonable hours as may be necessary for the maintenance, repair or replacement of any common elements therein or accessible therefrom or for making emergency repairs necessary to prevent damage to common elements or to any other unit or units.

(c) The association may purchase units in the condominium and otherwise acquire, hold, lease, mortgage and convey the same. It may also lease or license the use of common elements in a manner not inconsistent with the rights of unit owners.

(d) The association may acquire or enter into agreements whereby it acquires leaseholds, memberships or other possessory or use interests in lands or facilities including, but not limited to country clubs, golf courses, marinas and other recreational facilities, whether or not contiguous to the condominium property, intended to provide for the enjoyment, recreation or other use or benefit of the unit owners. If fully described in the master deed or by-laws, the fees, costs and expenses of acquiring, maintaining, operating, repairing and replacing any such memberships, interests and facilities shall be common expenses. If not so described in the master deed or by-laws as originally recorded, no such membership interest or facility shall be acquired except pursuant to amendment of or supplement to the master deed or by-laws duly adopted as provided therein and in this act. In the absence of such amendment or supplement, if some but not all unit owners desire any such acquisition and agree to assume among themselves all costs of acquisition, maintenance, operation, repair and replacement thereof, the association may acquire or enter into an agreement to acquire

the same as limited common elements appurtenant only to the units of those unit owners who have agreed to bear the costs and expenses thereof. Such costs and expenses shall be assessed against and collected from the agreeing unit owners in the proportions in which they share as among themselves in the common expenses in the absence of some other unanimous agreement among themselves. No other unit owner shall be charged with any such cost or expense; provided, however, that nothing herein shall preclude the extension of the interests in such limited common elements to additional unit owners by subsequent agreement with all those unit owners then having an interest in such limited common elements.

C. 46:8B-16 Relationship between unit owners and the association.

16. Relationship between unit owners and the association. (a) No unit owner, except as an officer of the association, shall have any authority to act for or bind the association.

(b) Failure to comply with the by-laws and the rules and regulations governing the details of the use and operation of the condominium, the condominium property and the common elements in effect from time to time and with the covenants, conditions and restrictions set forth in the master deed or in deeds of units shall be grounds for an action for the recovery of damages or for injunctive relief or both maintainable by the association or by any other unit owner or by any person who holds a blanket mortgage or a mortgage lien upon a unit and is aggrieved by any such noncompliance.

(c) A unit owner shall have no personal liability for any damages caused by the association or in connection with the use of the common elements. A unit owner shall be liable for injuries or damages resulting from an accident in his own unit in the same manner and to the same extent as the owner of any other real estate.

C. 46:8B-17 Common expenses.

17. Common expenses. The common expenses shall be charged to unit owners according to the percentage of their respective undivided interests in the common elements as set forth in the master deed and amendments thereto, or in such other proportions as may be provided in the master deed or by-laws. The amount of common expenses charged to each unit shall be a lien against such unit subject to the provisions of section 21 of this act. A unit owner shall, by acceptance of title, be conclusively presumed to have agreed to pay his proportionate share of common expenses accruing while he is the owner of a unit. However, the liability of

a unit owner for common expenses shall be limited to amounts duly assessed in accordance with this act, the master deed and by-laws. No unit owner may exempt himself from liability for his share of common expenses by waiver of the enjoyment of the right to use any of the common elements or by abandonment of his unit or otherwise. The common expenses charged to any unit shall bear interest from the due date set by the association at such rate not exceeding the legal interest rate as may be established by the association or if no rate is so established at the legal rate.

C. 46:8B-18 Prohibited work.

18. Prohibited work. There shall be no material alteration of or substantial addition to the common elements except as authorized by the master deed. No unit owner shall contract for or perform any maintenance, repair, replacement, removal, alteration or modification of the common elements or any additions thereto, except through the association and its officers. No unit owner shall take or cause to be taken any action within his unit which would jeopardize the soundness or safety of any part of the condominium property or impair any easement or right appurtenant thereto or affect the common elements without the unanimous consent of all unit owners who might be affected thereby.

ARTICLE V

ASSESSMENTS, TAXES AND LIENS

C. 46:8B-19 Taxes, assessments and charges; valuation of units; exemptions or deductions.

19. Taxes, assessments and charges; valuation of units; exemptions or deductions. All property taxes, special assessments and other charges imposed by any taxing authority shall be separately assessed against and collected on each unit as a single parcel, and not on the condominium property as a whole. Such taxes, assessments and charges shall constitute a lien only upon the unit and upon no other portion of the condominium property. All laws authorizing exemptions from taxation or deductions from tax bills shall be applicable to each individual unit to the same extent they are applicable to other separate property. The total of the assessments for tax purposes against the aggregate of all units constituting the condominium property shall not exceed the assessment which would otherwise have been made against such condominium property as a single parcel had it not been submitted to this act.

C. 46:8B-20 Liens for labor or materials.

20. Liens for labor or materials. (a) Except as otherwise provided in section 23, subsequent to recording the master deed as provided in this act, and while the property remains subject to this act, no lien shall arise or be effective against the condominium property as a whole. During such period, liens or encumbrances shall arise or be created only against each unit (including the undivided interest in the common elements appurtenant to such unit) in the same manner and under the same conditions in every respect as liens or encumbrances may arise or be created upon or against any other separate parcel of real property subject to individual ownership; provided that no labor performed or materials furnished with the consent or at the request of a unit owner or his agent or his contractor or subcontractor, shall be the basis for the filing of a lien pursuant to article 10 of chapter 44 of Title 2A of the New Jersey Statutes against the unit or any other property of any other unit owner not expressly consenting to or requesting the same, except that such express consent shall be deemed to be given by the owner of any unit in the case of emergency repairs thereto. Labor performed or materials furnished for the common elements, if duly authorized by the association in accordance with this act, the master deed or by-laws, shall be deemed to be performed or furnished with the express consent of each unit owner and shall be the basis for the filing of a lien pursuant to article 10 of chapter 44 of Title 2A of the New Jersey Statutes against each of the units and shall be subject to the provisions of subparagraph (b) hereunder.

(b) In the event a lien against 2 or more units becomes effective, the owner of each separate unit may remove his unit (including the undivided interest in the common elements appurtenant to such unit) from the lien and obtain a discharge and satisfaction by payment of the proportion thereof attributable to such unit. The proportion so attributable to each unit subject to the lien shall be the proportion in which all units subject to the lien share among themselves in liability for common expenses. Subsequent to any such payment, the lien on such unit shall be discharged or otherwise satisfied of record and the unit (including the undivided interest in the common elements appurtenant thereto) shall thereafter be free and clear of such lien. Such partial payment, discharge and satisfaction shall not prevent the lienor from proceeding to enforce his rights against any other unit (including the undivided

interest in the common elements appurtenant thereto) not so paid, satisfied or discharged.

C. 46:8B-21 Liens in favor of association.

21. Liens in favor of association. The association shall have a lien on each unit for any unpaid assessment duly made by the association for a share of common expenses or otherwise, together with interest thereon and, if authorized by the master deed or by-laws, reasonable attorney's fees. Such lien shall be effective from and after the time of recording in the public records of the county in which the unit is located of a claim of lien stating the description of the unit, the name of the record owner, the amount due and the date when due. Such claim of lien shall include only sums which are due and payable when the claim of lien is recorded and shall be signed and verified by an officer or agent of the association. Upon full payment of all sums secured by the lien, the party making payment shall be entitled to a recordable satisfaction of lien. All such liens shall be subordinate to any lien for past due and unpaid taxes, the lien of any mortgage to which the unit is subject and to any other lien recorded prior to the time of recording of the claim of lien.

Upon any voluntary conveyance of a unit, the grantor and grantee of such unit shall be jointly and severally liable for all unpaid assessments pertaining to such unit duly made by the association or accrued up to the date of such conveyance without prejudice to the right of the grantee to recover from the grantor any amounts paid by the grantee, but the grantee shall be exclusively liable for those accruing while he is the unit owner.

Any unit owner or any purchaser of a unit prior to completion of a voluntary sale may require from the association a certificate showing the amount of unpaid assessments pertaining to such unit and the association shall provide such certificate within 10 days after request therefor. The holder of a mortgage or other lien on any unit may request a similar certificate with respect to such unit. Any person other than the unit owner at the time of issuance of any such certificate who relies upon such certificate shall be entitled to rely thereon and his liability shall be limited to the amounts set forth in such certificate.

If a mortgagee of a first mortgage of record or other purchaser of a unit obtains title to such unit as a result of foreclosure of the first mortgage, such acquirer of title, his successors and assigns shall not be liable for the share of common expenses or other assessments by the association pertaining to such unit or charge-

able to the former unit owner which became due prior to acquisition of title as a result of the foreclosure. Such unpaid share of common expenses and other assessments shall be deemed to be common expenses collectible from all of the remaining unit owners including such acquirer, his successors and assigns.

Liens for unpaid assessments may be foreclosed by suit brought in the name of the association in the same manner as a foreclosure of a mortgage on real property. The association shall have the power, unless prohibited by the master deed or by-laws to bid in the unit at foreclosure sale, and to acquire, hold, lease, mortgage and convey the same. Suit to recover a money judgment for unpaid assessments may be maintained without waiving the lien securing the same.

C. 46:8B-22 Effect of sheriff's sale.

22. Effect of sheriff's sale. (a) A unit may be sold by the sheriff on execution, free of any claim, not a lien of record, for common expenses or other assessments by the association, but any funds derived from such sale remaining after satisfaction of prior liens and charges but before distribution to the previous unit owner, shall be applied to payment of such unpaid common expenses or other assessments if written notice thereof shall have been given to the sheriff before distribution. Any such unpaid common expenses which shall remain uncollectible from the former unit owner for a period of more than 60 days after such sheriff's sale may be reassessed by the association as common expenses to be collected from all unit owners including the purchaser who acquired title at the sheriff's sale, his successors and assigns. Unless prohibited by the master deed or by-laws, the association may bid in and purchase the unit at a sheriff's sale, and acquire, hold, lease, mortgage and convey the same.

(b) Notwithstanding any foreclosure, tax sale, or other forced sale of a unit, all applicable provisions of the master deed and by-laws, shall be binding upon any purchaser at such sale to the same extent as they would bind a voluntary grantee except that such purchaser shall not be liable for the share of common expenses or other assessments by the association pertaining to such unit or chargeable to the former owner which became due prior to such sale except as otherwise provided in paragraph (a) of this section.

C. 46:8B-23 Blanket mortgage.

23. Blanket mortgage. Notwithstanding any other provision of this act, if the master deed or by-laws so permit, the entire con-

dominium property, or some or all of the units included therein (together with the undivided interests in common elements and limited common elements appurtenant to such units) may be subject to a single or blanket mortgage constituting a first lien thereon created by recordable instrument by all of the owners of the property or units covered thereby; and any unit included under the lien of such mortgage may be sold or otherwise conveyed or transferred subject thereto. The instrument creating any such mortgage shall provide a method whereby any unit owner may obtain a release of his unit (together with the undivided interest in common elements and limited common elements if any, appurtenant thereto) from the lien of such mortgage and a satisfaction and discharge in recordable form, upon payment to the holder of the mortgage of a sum equal to the proportionate share attributable to his unit of the then outstanding balance of unpaid principal and accrued interest and any other charges then due and unpaid. Such proportionate share attributable to each unit shall be the proportion in which all units then subject to the lien of the mortgage share among themselves in liability for common expenses as provided in the master deed or such other reasonable proportion as shall be specifically provided in the mortgage instrument.

ARTICLE VI

DAMAGE OR DESTRUCTION; CONDEMNATION

C. 46:8B-24 Fire or other casualty.

24. Fire or other casualty. (a) Damage to or destruction of any improvements on the condominium property or any part thereof or to a common element or elements or any part thereof covered by insurance required to be maintained by the association shall be repaired and restored by the association using the proceeds of any such insurance. The unit owners directly affected shall be assessed on an equitable basis for any deficiency and shall share in any excess.

(b) If the proceeds of such insurance shall be inadequate by a substantial amount to cover the estimated cost of restoration of an essential improvement or common element or if such damage shall constitute substantially total destruction of the condominium property or of one or more of the buildings comprising the condominium property or if 75% of the unit owners directly affected by such damage or destruction voting in accordance with the procedures established by the by-laws shall determine not to repair or restore,

the association shall proceed to realize upon the salvage value of that portion of the condominium property so damaged or destroyed either by sale or such other means as the association may deem advisable and shall collect the proceeds of any insurance. Thereupon the net proceeds of such sale, together with the net proceeds of such insurance shall be considered as one fund to be divided among the unit owners directly affected by such damage or destruction in proportion to their respective undivided ownership of the common elements. Any liens or encumbrances on any affected unit shall be relegated to the interest in the fund of the unit owners.

(c) The master deed or the by-laws may make other and different provision covering the eventualities set forth in paragraphs (a) and (b) of this section or covering other results of damage or destruction to any part or all of the condominium property, notwithstanding the provisions of paragraphs (a) and (b). If the master deed or by-laws shall require insurance against fire and other casualty with respect to individual units, it shall also provide for the application of the proceeds and the rights and obligations of unit owners in case of damage or destruction.

C. 46:8B-25 Eminent domain.

25. Eminent domain. If all or any part of the common elements shall be taken, injured or destroyed by eminent domain, each unit owner shall be entitled to notice of such taking and to participate through the association in the proceedings incident thereto. Any damages shall be for the taking, injury or destruction as a whole and shall be collected by the association and distributed by it among the unit owners in proportion to each unit owner's undivided interest in such common elements, except to the extent that the association deems it necessary or appropriate to apply them to the repair or restoration of any such injury or destruction.

ARTICLE VII

TERMINATION OF A CONDOMINIUM

C. 46:8B-26 Deed of revocation.

26. Deed of revocation. Any condominium property may be removed from the provisions of this act by a deed of revocation duly executed by all unit owners or the sole owner of the property and the holders of all mortgages or other liens affecting all units and recorded in the same office as the master deed.

C. 46:8B-27 Effect of deed of revocation.

27. Effect of deed of revocation. Upon the recording of such deed of revocation, the unit owners as of the date of recording of such deed shall become tenants-in-common of the property unless otherwise provided in the master deed or deed of revocation, each such unit owner shall thereafter be the owner of an undivided interest in the entire property equal to the percentage of his undivided interest in the common elements before the recording of such deed of revocation, and each lien on an individual unit shall become a lien on the individual undivided interest of the unit owner in the entire property.

C. 46:8B-28 Resubmission.

28. Resubmission. The removal of any property from the provisions of this act shall not bar the resubmission of the property to the provisions of this act in the manner herein provided.

ARTICLE VIII
MISCELLANEOUS PROVISIONS

C. 46:8B-29 Zoning.

29. Zoning. All laws, ordinances and regulations concerning planning, subdivision or zoning, shall be construed and applied with reference to the nature and use of the condominium without regard to the form of ownership. No law, ordinance or regulation shall establish any requirement concerning the use, location, placement or construction of buildings or other improvements which are, or may thereafter be subjected to this act unless such requirement shall be equally applicable to all buildings and improvements which are, or may thereafter be subjected to this act unless such requirement shall be equally applicable to all buildings and improvements of the same kind not then or thereafter to be subjected to this act. No subdivision or planning approval shall be required as a condition precedent to the recording of a master deed or the sale of any unit unless such approval shall also be required for the use or development of the lands described in the master deed in the same manner as therein set forth had such lands not been submitted to this act.

C. 46:8B-30 Partial invalidity.

30. Partial invalidity. If any provision of this act is held invalid, such invalidity shall not affect other provisions hereof, and to this end the provisions of this act are declared to be severable.

31. This act shall take effect immediately.

Approved January 7, 1970.

CHAPTER 258

AN ACT concerning the payment of the cost of maintaining patients in State and county charitable institutions, providing a method for determining the amount of such payment and amending sections 30:4-60, 30:4-66, 30:4-67, 30:4-70, 30:4-71 and 30:4-75 of the Revised Statutes.

BE IT ENACTED *by the Senate and General Assembly of the State of New Jersey*:

1. Section 30:4-60 of the Revised Statutes is amended to read as follows:

Payments by patient or chargeable relatives; determination of amounts.

30:4-60. If the court shall determine that the patient is mentally ill and, basing its determination upon a formula of financial ability to pay as promulgated annually by the Department of the Treasury, that the patient has sufficient estate to pay for his maintenance as fixed by the State Board of Control or board of chosen freeholders, as the case may be, or is able to pay a sum in excess of that chargeable to the county of legal settlement, if any, or if the person or persons legally liable for his support, as herein provided, using the same formula, are able to pay such amount of maintenance, fixed as aforesaid, the court, after determining the legal settlement of such patient may, in its discretion, commit or direct the admission or hospitalization of such patient to any State, county, or private mental hospital in this State. In the final judgment of commitment or order directing admission or hospitalization it shall direct that the cost of the care and maintenance of such patient in the institution designated in the judgment, determined by utilizing the aforesaid formula, shall be paid out of the estate of the patient or by the person chargeable by law with his support, or by contract, as the case may be, and the judgment shall specify the amount of maintenance as fixed from time to time for such institution, which shall be paid thereunder, and shall, in the discretion of the court, contain such direction as may seem proper concerning security to be given for such payment. As long as the amount contributed by the patient's estate or his legally responsible relatives for the maintenance of the patient exceeds the amount chargeable as fixed pursuant to section 30:4-78 of this Title, no order shall be entered against the county of legal settlement for any part of such maintenance.

If on final hearing a patient and his chargeable relatives are found unable to pay an amount for maintenance in excess of the amount chargeable to the county of legal settlement, the court shall direct that such patient be committed to the institution as a patient chargeable to the county of legal settlement, if any, or to the State, as provided in this article, and on reasonable notice to the persons to be charged, may further direct that such patient or his or her chargeable relatives, or any of them, pay monthly in advance to the institution in which such patient is confined in the case of State patients, or to the county treasurer of the county chargeable in the case of county patients, such part of the cost of the maintenance of such patient as the court may direct in the manner provided herein. If such county treasurer shall actually receive from such patient, or his or her chargeable relatives, as aforesaid any money in excess of that paid by the county in support of such patient, he shall pay such excess to the institution in which such patient is confined.

2. Section 30:4-66 of the Revised Statutes is amended to read as follows:

Persons liable for patient's support; exceptions.

30:4-66. Every patient supported in a State or county charitable institution shall be personally liable for his maintenance and for all necessary expenses incurred by the institution in his behalf and the husband, father and grandfather, mother and grandmother, and the children, severally and respectively, being of sufficient ability, and the wife, if she has adequate financial ability, of every patient so confined, whose estate is not sufficient for his support, shall support, and maintain the patient in the institution in such manner and to such an amount as the court shall direct and as provided in section 30:4-60 of this Title. All husbands living separate and apart from their wives so confined, and all parents of illegitimate children so confined shall also be personally liable for such expense.

But no payment shall be ordered to be made by a chargeable relative 55 years of age or over except with respect to the maintenance of his or her spouse or his or her natural or adopted child under the age of 21 years.

3. Section 30:4-67 of the Revised Statutes is amended to read as follows:

Authority to fix rate of payment.

30:4-67. The rate of payment for the maintenance of a patient shall be fixed by the State Board of Control or the board of chosen freeholders or committee thereof, and such rate of maintenance established pursuant hereto shall be construed to be a reasonable charge for the patient's care and treatment and for necessities advanced to the patient and the board or committee aforesaid shall not be limited in the fixing of such rate, heretofore or hereafter to be assessed, by the per capita cost of maintenance at the institution.

4. Section 30:4-70 of the Revised Statutes is amended to read as follows:

Collection of arrearages; modification of order of commitment.

30:4-70. When any patient shall be committed to any State or county institution with the cost of his maintenance chargeable to either the State or county, and it shall subsequently appear that such patient, or some person chargeable with his care and maintenance as provided for in this article, is able to pay all or any part of his care and maintenance, including arrearages, the Attorney General, the county counsel, or county adjuster, as the case may be, shall, as soon as he shall obtain such information, apply to the judicial officer for the reopening of the matter, and such judicial officer shall have the power at any time, in his discretion, to reopen the case, take additional testimony and inquire into the facts, and may determine if there shall be sufficient moneys to pay any part of such maintenance, as provided in section 30:4-60 of this Title, and make such further order requiring the estate of such patient or the person or persons so chargeable by law to pay such amount for the care and maintenance of such patient as shall be specified in such order, and shall make such further order as may be necessary.

5. Section 30:4-71 of the Revised Statutes is amended to read as follows:

Change of status from contributing patient; change of rate of payment.

30:4-71. When any patient shall be committed to any State or county institution as a contributing patient and an order has been made directing the payment of all or part of the cost of the care and maintenance of such patient out of his estate, or

by the person or persons chargeable by law with his care and maintenance, and such estate shall subsequently become exhausted or such person or persons chargeable as aforesaid shall become unable to continue such payments, or if such payments so due cannot be collected by the management of the institution, the guardian of such patient, or the person or persons chargeable as aforesaid, or the chief executive officer of such institution may apply in writing to the judicial officer for the reopening of the matter, and such judicial officer shall have power, in his discretion, upon notice to the proper parties, to inquire into the facts, if necessary, and change the status of such patient, and make such further order of directions as may be necessary.

When any patient shall have been or shall be committed to any State or county institution on an order directing the payment of part of the cost of the care and maintenance of such patient out of his estate or by the person or persons chargeable by law with his care and maintenance, it shall be lawful for the judicial officer, upon application of the management of the institution or the Attorney General or county counsel, as the case may be, upon notice to the representative of the estate or to the person or persons chargeable by law with his care and maintenance, upon proof of the ability of the estate of such patient or such person or persons legally liable, to pay the whole or greater portion of the cost of such care and maintenance, not exceeding the per capita cost of maintenance in such institution, to enter an order directing that such new rate be paid by such estate or by such person or persons chargeable by law with the care and maintenance of such patient.

6. Section 30:4-75 of the Revised Statutes is amended to read as follows:

Amount of recovery.

30:4-75. In any suit for the recovery of the cost of maintenance of a patient able to pay the full cost of hospitalization in any institution of this State, in the absence of express contract stipulating the amount to be paid, the rate as fixed pursuant to section 30:4-67 of this Title shall be construed to be the reasonable and necessary cost advanced for the maintenance of such patient.

1. Section 26 of the act of which this act is amendatory (C. 17:9A-26) is amended to read as follows:

C. 17:9A-26 Additional powers of savings banks.

26. Additional powers of savings banks.

In addition to the powers specified in section 24, every savings bank shall, subject to the provisions of this act, have the following powers, whether or not such powers are specifically set forth in its certificate of incorporation:

(1) To receive money on deposit, to be repaid, upon such terms, not inconsistent with this act, as may be agreed upon between the depositor and the savings bank, according to the usual custom of savings banks;

(2) To give security for deposits when required by the law of this State or of the United States, or by the rules or orders of any court of this State, or of the United States, or by regulations of any officer or agency of this State or of the United States made pursuant to such law; provided, that, no savings bank shall be required to give security for deposits made by this State, or any political subdivision thereof, or any other body politic existing under the laws of this State, to the extent that such deposits are insured under any Federal legislation providing for the insurance of bank deposits;

(3) To invest its deposits and its surplus in the manner provided by this act, or otherwise by law provided;

(4) To be a member of the Federal home loan bank organized in the district in which the savings bank is located, and to subscribe for, purchase, hold, and surrender from time to time such amounts of the stock of such Federal home loan bank as may be required or as may be deemed advisable by such savings bank; to have and exercise all powers, privileges and options which are by law conferred upon such members; to comply with all requirements of Federal legislation and the rules and regulations lawfully promulgated thereunder governing such membership as such legislation

and such rules and regulations may provide at the inception of such membership, and as the same may from time to time thereafter be amended or supplemented; and to assume and discharge all liabilities and obligations which may be required by reason of such membership;

(5) To avail itself of the provisions of any Federal legislation providing for the extension of any lawful banking activity provided in such legislation and made available for participation by savings banks; except that the power by this paragraph conferred shall not be exercised unless the commissioner shall make a general order authorizing such participation by savings banks upon such terms and conditions as may in such order be prescribed.

(6) Upon application to and approval by the commissioner, to act as custodian or trustee within the contemplation of the Federal Self-Employed Individuals Tax Retirement Act of 1962, as amended and supplemented, and as custodian, trustee or manager of any such investment fund the authorized investments of which include, but need not be limited to savings accounts or real estate loans, and the beneficial interests in which may be represented by transferable shares or certificates. Savings banks exercising the powers authorized by this subsection shall segregate all funds held in such fiduciary capacities from the general assets of the savings bank and shall keep a separate set of books and records showing in detail all transactions made under authority of this subsection. If individual records are kept for each self-employed individual's retirement plan and each such investment fund, then all such funds held in such fiduciary capacities by a savings bank may be commingled for appropriate purposes of investment. No funds held in such fiduciary capacities shall be used by a savings bank in the conduct of its business; however, such funds may be invested in savings accounts of the savings bank in the event that the custodial, trust or other plan does not prohibit such investment. In granting or refusing the savings bank's application the commissioner shall take into consideration the investment policies, amount, type and adequacy of reserves, fidelity bonds and any legally required deposits of the applicant; and other pertinent facts and circumstances. Application to and approval by the commissioner for authority to exercise the powers provided in this subsection shall not be required as to a savings bank authorized to exercise agency or fiduciary powers as a qualified bank.

2. No gambling of any kind shall be authorized by the Legislature unless the specific kind, restrictions and control thereof have been heretofore submitted to, and authorized by a majority of the votes cast by, the people at a special election or shall hereafter be submitted to, and authorized by a majority of the votes cast thereon by, the legally qualified voters of the State voting at a general election, except that, without any such submission or authorization;

PROPOSED AMENDMENT ADOPTED

Amend Article V, Section I, paragraph 14, to read as follows:

14. (a) Every bill which shall have passed both houses shall be presented to the Governor. If he approves he shall sign it, but if not he shall return it, with his objections, to the house in which it shall have originated, which shall enter the objections at large on its journal and proceed to reconsider it. If upon

reconsideration, on or after the third day following the return of the bill, two-thirds of all the members of the house of origin shall agree to pass the bill, it shall be sent, together with the objections of the Governor, to the other house, by which it shall be reconsidered and if approved by two-thirds of all the members of that house, it shall become a law; and in all such cases the votes of each house shall be determined by yeas and nays, and the names of the persons voting for and against the bill shall be entered on the journal of each house respectively. If a bill shall not be returned by the Governor within 10 days, Sundays excepted, after it shall have been presented to him, the same shall become a law on the tenth day, unless the house of origin shall on that day be in adjournment. If on the tenth day the house of origin shall be in temporary adjournment in the course of a regular or special session, the bill shall become a law on the day on which the house of origin shall reconvene, unless the Governor shall on that day return the bill to that house.

(b) If on the tenth day the Legislature is in adjournment sine die, the bill shall become a law if the Governor shall sign it within 45 days, Sundays excepted, after such adjournment. On the said forty-fifth day the bill shall become a law, notwithstanding the failure of the Governor to sign it within the period last stated, unless at or before noon he shall return it with his objections to the house of origin:

(1) on said forty-fifth day, if the house shall have again convened in regular or special session of the same 2-year Legislature and shall be meeting on said day, or

(2) on the day upon which the house shall reconvene, if it is in temporary adjournment in the course of a regular or special session of the same 2-year Legislature on said forty-fifth day, or

(3) on said forty-fifth day, if the house is in adjournment sine die on said day, at a special session of the Legislature which shall convene on that day, without petition or call, for the sole purpose of acting pursuant to this paragraph upon bills returned by the Governor. At such special session a bill may be reconsidered on or after the first day following return of the bill, in the manner provided in this paragraph for the reconsideration of bills, and if approved upon reconsideration by two-thirds of all the members of each house, it shall become a law. The Governor, in returning with his objections a bill for reconsideration at any general or special session of the Legislature,

may recommend that an amendment or amendments specified by him be made in the bill, and in such case the Legislature may amend and re-enact the bill. If a bill be so amended and re-enacted, it shall be presented again to the Governor, but shall become a law only if he shall sign it within 10 days after presentation; and no bill shall be returned by the Governor a second time. A special session of the Legislature shall not be convened pursuant to this paragraph whenever the forty-fifth day, Sundays excepted, after adjournment sine die of a regular or special session shall fall on or after the last day of the legislative year in which the second annual session was held; in which event any bill not signed by the Governor within such 45-day period shall not become a law.

(Applicable to the 1970 Legislature and thereafter.)
